PUBLIC TOUR: STORMWATER WETLAND AND SUBSURFACE STORAGE IN PINE HILLS

Please join us for a tour of the newly constructed stormwater wetland and subsurface storage at Hansen and Ryckman Alleys in the Pine Hills neighborhood. The tour will be led by the landscape architects, engineers, and City staff who designed the project. All interested members of the public are welcome. Immediately following the tour, we will walk/bike/drive to the Madison Pour House to continue conversations inspired by the project.
