Subject: Happy New Year ASCE Ithaca Section!

Date: January 26, 2023 at 2:18:29 PM EST

Section Members,

I hope you all had a wonderful holiday and a rewarding end of 2022. I wanted to reach out and touch base on a few events that are coming up soon.

The first is the 2023 Engineers Week Dinner that will be held on Tuesday, February 21, 2023, at the Holiday Inn Arena in Binghamton, NY. The speaker for this event is Roger Luther, Broome County Historian and Executive Director of the Preservation Association of the Southern Tier (PAST). Roger will present a personal reflection on the life and pioneering work of Dr. Robert A. Moog, the instruments he created and the company he founded. Please see the attached flyer for additional information and reservations.

We will be having an Ithaca Section meeting next week on zoom. I will send more information about the date and time in a later email.

I also wanted to point out that ASCE is offering 3 free e-learning webinars that are being offered in the next two months:

- [Scope Creep: Identifying and reducing this huge project management pitfall](#), Tuesday, February 7, 2023
- [Trenchless Designs and Risk Mitigation](#), Tue., Feb. 28, 2023
- [The 60-Minute MBA for Engineers](#), Tue., Mar. 7, 2023

Additionally, don't forget about all of the learning benefits that are available by being a member of ASCE like [FE and PE exam review resources](#) and [10 free PDHs](#).

[Scott Freyburger, P.E., M.ASCE](#)
ASCE Ithaca Section President
