Columbia Section June Meeting

Date: June 18, 2003, Wednesday, 11:30 am

Place: Shilo Inn, George Washington Way, Richland

Meal: Buffet (Chef's choice) \$10 per person.
Please pay cash or check to treasurer at the meeting.

Topics:

1. Local Transportation by JUB Engineers
2. Election of New Officers for Columbia Section, 2003-2004

Younger Member Forum BBQ

When: June 16, 2003
Time: 6:00 PM

Where : TBD

Call Jocelyne Gray, jgray@jub.com, (509)-783-2144 for more information.

Yakima Branch Meeting

When: June 18, 12:00 noon

Where: The Barrel House, 22 North 1st Street, Yakima

Information: Mustafa Mahamedali, (509)-577-1724 (B)

e-mail: mustafaUS@msn.com

Chantill Kahler-Royer has updated our website. It has all you want to see and know about our Section:

<http://sections.asce.org/columbia/index/html>

Thank you, Chantill.

ASCE Yakima Branch Report
May 2003

On May 15 Ex-officers of the Yakima Branch met to review the results and chart out the future and direction of the Yakima Branch. The following agreements were made:

- Monthly meetings will be held at lunch time between 12:00 and 1:00 on the 3rd Wednesday of each month except for July, August and December. The next meeting will be held on June 18th.
- The meetings will be held at the same location by default—**The Barrel House** on 22, North 1st Street Yakima. There are several rooms of different sizes for conferences and has a pleasant atmosphere. Also there are no additional charges and has a convenient central location.
- Occasionally a meeting will be held in the evenings to enable Section members and spouses to attend. Family picnics or golf games were also discussed.
- In the meantime nominations for elections will be circulated and results announced at the meeting.
- There was a unanimous plea for financial support from the Section commensurate with relevant section dues paid by members. This will enable attracting speakers and presenters outside Yakima area.

The following members attended the meeting:

• Mike Battle • Paul Gonseth • Larry Julius • Mike Meskimen • Ted Pooler • Mustafa Mohamedali

FUTURE CITY COMPETITION 2004
Coordinated by IEEE Eastern Washington

The 2003-2004 school year will mark Washington State's sixth year participating in the Future City Competition. It is our hope that through this exciting "hands-on" project, students will continue to explore and learn about the different facets of engineering and other high-tech professions.

You are invited to our weekly Future City meetings Wednesdays at 5:15 pm in the Commons (Cafeteria area) of the East Building at WSU/Tri-Cities North Richland campus.

I look forward to having fun working with you, and having a very successful and satisfying Future City competition! If you have any questions or want to volunteer, but cannot make the meetings, do not hesitate to call or e-mail Paul Jackson.

What is the Future City Competition?

Students work in teams to create, develop, and model a city of tomorrow using SimCity software. In addition, students have the opportunity to develop their written and oral presentation skills through this competition. A team consists of three 7th and 8th students working with a teacher and a mentor. Typically, teachers incorporate the competition into their curriculum and have their entire classroom participate.

The Future City website <http://www.futurecity.org> offers detailed information about this stimulating program. In addition, the website contains prize winning essays and photos of the competition.

In January 2002, more than 30,000 middle school students from 950 schools participated nationwide. Winners of the 27 regional competitions were given an all-expense paid trip to Washington D.C. to participate in the national competition. The national winners received a free trip to the U.S. Space Camp in Huntsville, AL and laptop computers.

To help maintain our Section's level of achievement, we need volunteers to help! As the IEEE Eastern Washington Regional Future City coordinator, I would like to invite you to help make the competition a success.

There are many ways to participate:

- ◆ Be a mentor for a school
- ◆ Join a committee and help organize
- ◆ Contact schools to sign up for the competition
- ◆ Bring the Future City Competition to the attention of your child's science and math educators.
