**COLLEGE OF ENGINEERING,  
TECHNOLOGY, AND ARCHITECTURE**

---

Dear Colleague:

January 15, 2019

As part of the master's degree in Civil and Environmental Engineering programs, the Civil, Environmental, and Biomedical Engineering Department at the University of Hartford is offering graduate evening courses aimed helping working engineers to obtain their master degree on a part time or full time basis. These courses are offered in Spring 2019 which begins on January 21, 2019.

The evening courses will meet according to the following schedule:

Simulation and Modeling of Transportation Systems	CE 510 Mondays	5:00 – 7:20	pm
Geographic Information Systems	CE 503 Thursdays	7:30 – 10:00	pm
Adv. Air Quality Engineering	CE 550 Tuesdays	7:30 – 10:00	pm
CT. Env. Regulations and Policy	CE 504 Wednesdays	5:00 – 7:30	pm
Structural Concrete Design II	CE 541 Wednesdays	6:00 – 8:20	pm
Analysis of Indet. Structures	CE 540 Mondays	5:00 – 7:20	pm
Geotechnical Engineering II	CE 530 Tuesdays	6:30-9:00	pm

Prerequisite: Successful completion of an undergraduate civil engineering program with undergraduate courses in structural analysis, concrete design, soil mechanics, and transportation engineering. You need not be admitted to the program in order to take these courses as long as the prerequisite requirements are satisfied. Applicants to the graduate program may enroll for up to 6 credits on a non-matriculated basis prior to making formal application for admission. Grades of courses taken on this basis will be considered in the review of the application.

If you or anyone else in your organization are interested in any of the above courses, please contact me at 860-768-4032 or the graduate program manager, Laurie Granstrand at 860-768-4858.

Sincerely yours,

Saleh Keshawarz, Ph.D., P.E.  
Professor and Chair
