A Better World By Design

Dear CSCE Members,

We are heading into the end of the calendar year, with that comes the mailings from ASCE about membership renewals. This is not a pitch about monetary support for CSCE. In my mind membership, in both the national and local chapter, is about inclusion and participation in the profession.

Most of us are faced with a series of ongoing business challenges in our lives. These usually take up the largest portion of our time and attention from our professional lives, but it is also important to be part of a broader professional community. Inclusion in a broader community allows us all to learn and grow beyond our own specialization as we meet engineers who practice in different parts of the industry. Meeting other people also creates opportunities we wouldn't otherwise find on our own, and as we progress in our careers it allows us to give back to the profession that we have devoted ourselves to.

Continuing to stay a member of ASCE and CSCE is one of the best ways to keep in touch with the professional community. When you get your renewal notice I encourage you to not let it get stuck at the bottom of paperwork on your desk.

I look forward to seeing you all at our next dinner event at the end of January.

May your Holiday season be filled with joy and safety.

Sincerely,

Christopher Beaulieu

CSCE President

*Wishing you a wonderful
Holiday Season*

GET INVOLVED IN CSCE!!

Do you want to be more involved in CSCE?

Are you interested in being a committee member or serving on the CSCE Executive Board?

We are looking for people like you!

Contact our 2017-2018 President Chris Beaulieu at

President-2017@csce.org to find out how you can get more involved.

Together we can make

“A Better World by Design”!!

Any and all involvement is WELCOME!!

UPCOMING CSCE EVENTS -

January 31 – Monthly Dinner Meeting, Speaker: Mark D. Rolfe, P.E., Topic: Government Engineers Topic, CCSU

February 28 – Joint Engineering Societies Dinner Meeting, Location: Aqua Turf Planstville, CT

March TBD – Fairfield County Branch Dinner Meeting, Location: TBD

April 6 – CSCE Geotechnical Workshop - University of New Haven, West Haven, CT Topic: Helical Piles and Anchors: Background, Selection & Specification, Design; Installation and Case Histories

April 10 – Monthly Dinner Meeting, Water Resources Topic, U.S. Coast Guard Academy, New London, CT

May 22 – 11th Annual Achievement in Civil Engineering (ACE) Awards, The Aqua Turf Club, Plantsville, CT

2018 ACE AWARDS

Please see information below regarding award categories and applications.

ASCE Connecticut Section Employer of the Year Award

This award will recognize a Connecticut-based Civil Engineering firm that has shown support for CSCE and encourages employee participation in CSCE events and initiatives. Employers should have demonstrated a commitment to regularly support CSCE activities through sponsorship, attendance and service during the calendar year. Applications are due by March 31, 2018, and should include a narrative of the firm's support for CSCE including employees' participation on CSCE executive board and committees, as well as ASCE regional and national activities.

ASCE Connecticut Section Individual Civil Engineering Awards

The CSCE Board is now accepting nominations for the following individual awards that will be presented at the Annual ACE Awards Dinner in May. Nominations are due by March 31, 2018.

These awards will recognize ASCE/CSCE members for their outstanding contributions to the Civil Engineering profession. Anyone can nominate an individual who best exemplifies the Civil Engineering profession. The nominees must work and/or reside within the State of Connecticut.

Selection shall be based on the following criteria:

Education and Professional qualifications;
Projects completed;
Patents; Publications; Presentations; Teaching
Professional involvement including society affiliations and leadership roles;
Professional reputation; and
Outstanding contributions to the profession.

Awards Categories:

1. Civil Engineer of the Year (Private or Public). Nominees must be an ASCE member, a Professional Engineer practicing for at least ten (10) years in Connecticut and have demonstrated innovation and significant contributions in advancing the Civil Engineering profession.
2. Young Civil Engineer of the Year (Private or Public). Nominees must be an ASCE member, a Professional Engineer, and 35 years of age or younger by the February 1st that is immediately prior to the ACE Awards.
3. Civil Engineering Educator of the Year. This award is presented to an outstanding educator who has demonstrated excellence and innovation in effective teaching and learning; contributed substantially in educating future engineers; and/or has advanced research topics in the field of Civil Engineering. The educator must be affiliated with an educational institution in Connecticut.

Nomination / Submission:

Please submit a nomination package to the CSCE President by March 31, 2018. Nomination packages should not exceed five pages and shall include the following: Cover Letter with suggested Award Citation and Description of how the individual meets the above criteria. In addition, you may attach a resume and any other supporting information, if applicable (no more than 10 extra pages). The CSCE Selection Committee will provide feedback on the nominations and the CSCE Board will approve the final Award recipients. Recipients must agree to accept the award in person at the annual ACE Dinner that is typically held in May.

Benjamin Wright Award

The CSCE Board is now accepting nominations for the Benjamin Wright Award that will be presented at the Annual ACE Awards Dinner in May. Nominations are due by March 31, 2018. The Benjamin Wright Award is given annually by the Connecticut Society of Civil Engineers Section to a Connecticut Civil Engineer who has demonstrated outstanding practice throughout his or her career, and made significant contributions to Civil Engineering.

\$\$\$ ATTENTION COLLEGE STUDENTS & FACULTY ADVISORS \$\$\$

APPLICATIONS ARE DUE MARCH 1ST

CSCE offers the following three scholarship opportunities to college students:

CSCE Civil Engineering/Construction Scholarship Fund

Eligibility - Applicants must be currently accepted in a college, university or technical school, in a civil engineering or construction related program and have a permanent residence in Connecticut. Preference shall be given to applicants who are members or student members of CSCE/ASCE or have parents or relatives who are members of CSCE/ASCE.

Requirements - The applicant is responsible for insuring that the CSCE Scholarship Committee prior to March 1st receives all of the following items.

Completed application form.

Two reference letters.

Unofficial transcript of high school and/or college, university or technical school grades.

Essay from applicant entitled, "Why I Should Receive the CSCE Civil Engineering/Construction Scholarship."

CSCE's Civil Engineering/Civil Technology Student Scholarship

Purpose: To provide an incentive award that is within the reach of every average, hard working civil engineering student.

Eligibility: A full time junior year student enrolled in an accredited civil engineering curriculum leading to a Bachelor of Science Degree in Civil Engineering, or an Associates Degree in Civil Technology. Eligible students must be in good academic standing, and an active member of the ASCE Student Chapter or Club.

Selection Process: Faculty Advisors shall submit this form to the CSCE Vice-President with one nomination from their respective chapter or club. Deadline for submittal is March 1st of each year.

Outstanding Civil Engineering Student Award

Purpose: To recognize an outstanding Civil Engineering Student in a dignified public way.

Eligibility: To be considered for this award, the candidate:

1. Must be nominated by the department in which the chapter/club resides.
2. Must be a member in good standing of the chapter/club of the American Society of Civil Engineers, and have a record of active involvement and leadership in campus and student chapter/club activities.
3. Must graduate prior to the start of the fall term of the year in which the award is made.

Selection Process: The process of selection shall be as follows:

1. The Faculty Advisor will solicit nominations for the award from members of the faculty in the department, and conduct an election to determine award recipients.
2. The award need not be presented every year if suitable candidates do not exist. It can be awarded to one deserving student, several students, or a group of students who might have worked together on a project.
3. The Faculty Advisor shall submit the nomination to the CSCE Vice-President by completing one form for each nominee. Deadline for submission of nomination is March 1st of each year.
4. The Vice-President will present the nominations to the CSCE Board of Directors for final approval.

CSCE is launching a brand new CSCE website:

<http://sections.asce.org/connecticut/>

We have updated and modernized the look and layout of section's website. Let us know how you like it.

For Members 35 Years or Younger
CSCE Younger Members Committee

The CSCE Younger Members Committee encourages the full professional development of engineers who are 35 years of age or younger and endeavors to increase their participation in CSCE and ASCE activities. Please contact Aaron Foster, Younger Members Committee Chair, at youngermembers-2017@csce.org or the CSCE— Younger Members Facebook page for more information about the activities of this Committee.

Younger Members on Facebook visit our Facebook page to stay updated with past and upcoming Younger Member social and professional events. Search for CSCE Younger Members or follow the link <https://www.facebook.com/CSCEYM> and like the group.

Hartford Wolfpack Social —

The Younger Members group has coordinated a social outing for the upcoming AHL Minor League Hartford Wolfpack Hockey game against the Wilkes-Barre Scranton Penguins on December 15th at the Hartford XL Center. Face-off is at 7:15pm.

Tickets are \$15 and are all welcome. Discounted food and drinks will be available.

CSCE is soliciting pictures and projects of your favorite Civil Engineering landmarks in CT. The goal is to broadcast the civil engineering projects in Connecticut to our readers. If you have pictures of bridges, buildings, deep cuts, high embankments, monstrous retaining walls, even miniature construction sites, etc. (be creative!) send us a brief description and photograph and we will include it in the next CSCE newsletter. Please send all the information to

nl-editor-2017@csce.org

Are you a recent college graduate. Or about to be? Do you know someone who is? Stay with ASCE!!

Did you know that ASCE offers pro-rated discounted membership dues for recent college graduates? For more information visit <http://www.asce.org/membership>

Are you a “Younger Member”?

A Younger Member is considered to be 35 years of age or younger. The Younger Member Committee Fosters the professional growth, ethical awareness, and technical competence of the Section’s younger members. The Committee meets once a month, and organizes several activities throughout the year, including those for fun and community service. Check future issues of this newsletter for upcoming events. If you are interested in joining the committee or want more information, contact youngermembers-2017@csce.org.

HONORS AND AWARDS

ASCE’s Honors and Awards program recognizes the remarkable accomplishments of the civil engineering profession. With more than 80 awards, the program distinguishes the unique contributions engineers make to both the industry and society.

ASCE has many honors and awards to recognize deserving members. For a complete listing of all ASCE awards, please visit www.asce.org/awards.

Tax Bill Moves Forward :

Late last week, the Senate passed, 51-49, their version of tax cut legislation. Under congressional procedure, both House and Senate versions of the tax bill will now be debated and reconciled in Conference Committee. Under this committee, conferees will be appointed by the House and Senate to resolve disagreements on the two tax proposals.

ASCE has expressed concern about both proposals including a lack of a permanent solution to the Highway Trust Fund's revenue deficit, eliminating financing tools such as the use of private activity bonds and refunding of municipal bonds, eliminating tax exemptions that support higher education, and rules that treat professional service firms differently. Make sure your voice is heard as the debate continues by contacting your Members of Congress. ASCE will continue to keep you apprised of latest developments

For further information please reference the ASCE Government Relations website at the link below.
<http://app.message.asce.org/e/es?s=1360&e=197628&elqTrackId=68373d5449fd4aa3b7f1c6259a330457&elq=d575ab4f612d4a17a7746237291448e6&elqaid=18060&elqat=1>

The CSCE Legislative Affairs Committee is looking for CSCE members with an interest in the legislative process and a passion to advocate for the betterment of the civil engineering profession. Anyone interested in getting involved and willing to volunteer to serve on the Committee should contact Roy Merritt, Jr., P.E. at (203) 887-6306 or rmerritt@hwlochner.com.

For questions, please contact ASCE Government Relations at govwash@asce.gov.

The Connecticut Society of Civil Engineers was formed in 1884. Separately, the Connecticut Section of the American Society of Civil Engineers (ASCE) was founded in 1919. The two organizations merged in 1981. We represent about 1,600 civil engineers statewide.

Town of Wilton - Public Works Director/Town Engineer - Job Posted: August 27 2017

HUMAN RESOURCES, LABOR
RELATIONS, AND ADMINISTRATIVE
SERVICES DEPARTMENT
Telephone (203) 563-0118
Fax (203) 563-0299

TOWN HALL
238 Danbury Road
Wilton, Connecticut 06897

E-mail: sarah.taffel@wiltonct.org

PUBLIC WORKS DIRECTOR/TOWN ENGINEER

The Town of Wilton seeks a Public Works Director/Town Engineer to lead the Town's third largest department serving a population in excess of 18,000 under the general direction of the First Selectman. The Director is responsible for ensuring that the Town's infrastructure supports the safety and well-being of its residents, business people, and visitors. Functions include: managing and supervising the major activities in the Highway Division, covering snow removal, sanding, road patching, brush and tree removal, correction of drainage problems, and maintenance of vehicles and equipment for the Public Works and various other Town departments; overseeing the Road Improvement Program; serving as the Town Engineer; monitoring construction of new subdivision roads; providing advisory engineering review for sewer, stormwater, and water system construction; assisting in the planning and engineering of new Town roads, Town facility construction, and water, stormwater, and sewerage systems; overseeing solid waste handling; and responding to emergency situations involving Town personnel, equipment, buildings, roads, and the general welfare of the public.

Requirements Include:

- Bachelors degree in Civil Engineering. Advanced degree desirable. Professional Engineer's license in State of Connecticut, or ability to obtain same within six (6) months from time of hire;
- Minimum ten (10) years of experience in public works or construction field with five (5) involving supervisory experience in the management of clerical, laborer, and professional personnel, or an equivalent combination of education and experience;
- Considerable knowledge of and ability to use engineering, financial, management, and database computer systems and software;
- Superior leadership qualities, including ability to supervise and manage subordinate staff and maintain cooperative working relationships with same and to work collaboratively with other Town departments, public agencies, and private entities; and
- Ability to effectively communicate through written and oral expression, including giving public presentations concerning Public Works issues and the departmental budget requests.

Competitive Salary and Excellent Benefits Package. Town job application and position description are available at www.wiltonct.org or upon request from Director, Human Resources, Labor Relations, and Administrative Services, 203/563-0118. EOE. ***Position will remain open until filled.***

Candidates should also have a working knowledge of AutoCAD and/or MicroStation civil engineering design software.

Construction - Chief Inspectors

Professional Engineers or Chief Inspectors experienced in bridge and roadway construction. Must be a CT licensed Professional Engineer or possess NICET III or IV certification. NETTCP certifications in roadway and bridge related areas of expertise are also a plus. Professional Engineers who are retired or looking to work on a part-time or on a project by project basis are encouraged to apply. Several potential positions open in rural areas of Connecticut depending upon the applicant's experience, PE licensing and/or technical certifications.
