A Message from your 2017–2018 CSCE President

Dear CSCE Members,

At the end of this month, we will be holding the final CSCE event for the 2017-2018 Board year, the annual ACE Awards. At it, we will be electing new officers. I'd like to thank you all for the opportunity to serve as the Connecticut section president. It has been an honor serving, and I know that I leave you in good hands with David Chapman.

I also wanted to take the opportunity to remind everyone that while we will be taking a break from our regular dinner meetings over the summer, there will be several events to look forward to during that time. The Younger Members Committee has an outing to see the Yard Goats on June 1st. Additionally, please watch out for scheduling information for the Annual CSCE Golf Outing, and the release of the Connecticut Infrastructure Report Card.

Have a good summer, and I hope to see you all again in the fall.

Sincerely,

Christopher Beaulieu

CSCE President

GET INVOLVED IN CSCE!!

Do you want to be more involved in CSCE?

Are you interested in being a committee member or serving on the CSCE Executive Board?

We are looking for people like you!

Contact our 2017-2018 President Chris Beaulieu at

President-2017@csce.org to find out how you can get more involved.

Together we can make

“A Better World by Design”!!

Any and all involvement is WELCOME!!

UPCOMING CSCE EVENTS -

May 22 – 11th Annual Achievement in Civil Engineering (ACE) Awards, The Aqua Turf Club, Plantsville, CT

June 1 – Younger Member Event, Yard Goats Game Hartford, CT. Registration can be completed at the following [link](#).

July 13 – 23rd Annual CSCE-ITE-ITS Golf Outing, Timberlin Golf Club, Berlin, CT. Registration: 11:00am, Start: 12:00pm.

September 28 - 21st Annual Fall Geotechnical Seminar at the Four Points Sheraton Meriden - Topic: Rock Mechanics - NYS PDHs will be provided pending PIE approval.

2018 ACE AWARDS

THE APPLICATIONS ARE IN FOR THE 2018 ACE AWARDS, AND JUDGING IS UNDERWAY!

Please see below list of award categories.

- ASCE Connecticut Section Employer of the Year Award
- ASCE Connecticut Section Civil Engineer of the Year
- ASCE Connecticut Section Young Civil Engineer of the Year
- ASCE Connecticut Section Civil Engineering Educator of the Year.
- Benjamin Wright Award
- ACE Award: Environmental
- ACE Award: Water Resources
- ACE Award: Sustainability
- ACE Award: Geotechnical
- ACE Award: Planning
- ACE Award: Structural
- ACE Award: Transportation
- ACE Award: Construction

EVENT DETAILS:

Time: 5:00pm Reception, 6pm-9pm Dinner and Program

Location: The Aqua Turf Club, 556 Mulberry Street, Plantsville, CT

Please register by May 15th by clicking the following link: [REGISTRATION](#)

WE LOOK FORWARD TO SEEING YOU IN THE GLASS ROOM ON MAY 22ND!

23rd Annual CSCE/ITE/ITS Golf Tournament Sponsorship Levels

PAR Sponsor—\$50

Your firm's logo will be posted at the registration table at the beginning of the tournament. The number of PAR sponsors is unlimited.

BIRDIE Sponsor—\$100

Your firm's logo will adorn the luncheon tables after the round. The number of BIRDIE sponsors will be limited to the number of tables.

EAGLE Sponsor—\$150

Your firm's logo will be printed on a souvenir sign (for you to keep!) on the hole of your choice. The number of EAGLE sponsors is limited to one per hole (or 18 total)

MULLIGAN Sponsor—\$200

Your firm's logo will be printed on our "Mulligan Coins" which are available for purchase by Tournament players. Your firm's logo will also be printed on a souvenir sign on the hole of your choice. There can only be one Mulligan sponsor.

CSCE has launched a brand new CSCE website:

<http://sections.asce.org/connecticut/>

We have updated and modernized the look and layout of section's website. Let us know how you like it.

For Members 35 Years or Younger
CSCE Younger Members Committee

The CSCE Younger Members Committee encourages the full professional development of engineers who are 35 years of age or younger and endeavors to increase their participation in CSCE and ASCE activities. Please contact Aaron Foster, Younger Members Committee Chair, at youngermembers-2017@csce.org or the CSCE— Younger Members Facebook page for more information about the activities of this Committee.

Younger Members on Facebook visit our Facebook page to stay updated with past and upcoming Younger Member social and professional events. Search for CSCE Younger Members or follow the link <https://www.facebook.com/CSCEYM> and like the group.

Fax: 703-295-6335

Younger Members Committee Events:

This past month, the Younger Members Committee held a Mock Interview event at Quinnipiac University (QU). The event took place at the QU main campus, in the engineering facilities. There were 3 Younger Members in attendance with 6 QU students. Students were asked questions based on their current education, resume, and future aspirations and goals toward Civil Engineering. It was a great way to connect students to Younger Members' professional experience, as well as see the next generation of talent. QU is a particularly great school to work with as it is a newer engineering program, and has just received ABET accreditation. Its community has been very interested and eager in the partnership with the Younger Members Committee on its journey to forge a new and sound engineering program in the State of Connecticut.

If you have any ideas or would like to request an event at your College/University, please contact the Younger Members Committee President, Aaron Foster.

Check out the Younger Members Committee Facebook page at <https://www.facebook.com/CSCEYM> for other upcoming events.

CSCE is soliciting pictures and projects of your favorite Civil Engineering landmarks in CT. The goal is to broadcast the civil engineering projects in Connecticut to our readers. If you have pictures of bridges, buildings, deep cuts, high embankments, monstrous retaining walls, even miniature construction sites, etc. (be creative!) send us a brief description and photograph and we will include it in the next CSCE newsletter. Please send all the information to:

nl-editor-2017@csce.org

Are you a recent college graduate. Or about to be?

Do you know someone who is?

Stay with ASCE!!

Did you know that ASCE offers pro-rated discounted membership dues for recent college graduates? For more information visit <http://www.asce.org/membership>

Are you a “Younger Member”?

A Younger Member is considered to be 35 years of age or younger. The Younger Member Committee fosters the professional growth, ethical awareness, and technical competence of the Section's younger members. The Committee meets once a month, and organizes several activities throughout the year, including those for fun and community service. Check future issues of this newsletter for upcoming events. If you are interested in joining the committee or want more information, contact youngermembers-2017@csce.org.

HONORS AND AWARDS

ASCE's Honors and Awards program recognizes the remarkable accomplishments of the civil engineering profession. With more than 80 awards, the program distinguishes the unique contributions engineers make to both the industry and society.

ASCE has many honors and awards to recognize deserving members. For a complete listing of all ASCE awards, please visit www.asce.org/awards.

YOUR AD CAN GO HERE!

**Get your job posting, message, or advertisement included
within one or multiple CSCE Newsletters.**

Three Rivers

COMMUNITY COLLEGE

Attention:

Message from Three Rivers Community College (TRCC):

As many of you already know, the last remaining 2-year Civil Engineering Technology program in the state is now terminated, leaving us without any ABET-accredited A.S. programs that count toward professional licensing. However, we are thrilled to report that the TRCC Math and Science Department has responded by creating two new Geomatics classes within the Environmental Engineering Technology program!

The Geomatics classes will continue to be taught by Kevin Franklin, PLS in a classroom/lab setting, and the focus will continue to be on GPS, surveying and mapping fundamentals. Additionally, through recent acquisitions, students will be exposed to robotic and conventional total stations, RTK network rovers, and multiple lab activities conducted on a Carlson Survey 2018 platform.

Seats in the fall Geomatics I course (ENV K163) are filling up quickly. We already have 12 students signed up with only 8 spaces remaining. Please help the Math & Science department with this fledgling program, by lending your support and sending your entry level team members. There is a new (familiar) home in Connecticut for developing Geomatics technicians!

FAA Reauthorization Flies Through the House

On Friday, the U.S. House of Representatives passed H.R.4 – FAA (Federal Aviation Administration) Reauthorization Act of 2018 by a vote of 393-13. The bill renews the agency's funding through FY2023. ASCE was pleased to see the following provision included in the House version:

FAA funding authorization levels match FY 2018 enacted appropriations.

A new \$1 billion supplemental funding authorization for the Airport Improvement Program (AIP) from general fund appropriations, starting in FY 2019.

Clarification of the existing rules to ensure that airports follow a uniform Qualifications-Based Selection (QBS) process for airport projects that utilize AIP funds.

Language from H.R. 4460, Disaster Recovery Reform Act, (Title VI) which would provide incentives for state and local government to better prepare for disasters.

Unfortunately, an increase in the Passenger Facility Charge (PFC) was not included in the bill. The next step for the FAA Reauthorization is for the Senate Commerce, Science, and Transportation Committee to pass their version of the legislation with a goal of delivering the bill to the Senate floor as early as late May. As the Senate version differs from what was passed by the House today, the bill would head to a conference committee, which could put a long-term reauthorization in place before the August recess.

For further information please reference the ASCE Government Relations website at the link below.

<http://app.message.asce.org>

The ASCE Legislative Affairs Committee is looking for ASCE members with an interest in the legislative process and a passion to advocate for the betterment of the civil engineering profession. Anyone interested in getting involved and willing to volunteer to serve on the Committee should contact Roy Merritt, Jr., P.E. at (203) 887-6306 or rmerritt@hwlochner.com.

For questions, please contact ASCE Government Relations at govwash@asce.gov.

The Connecticut Society of Civil Engineers was formed in 1884. Separately, the Connecticut Section of the American Society of Civil Engineers (ASCE) was founded in 1919. The two organizations merged in 1981. We represent about 1,600 civil engineers statewide.
