Dear CSCE Members,

So, the official results are in, the groundhog did not see his shadow, so winter should rapidly disappear and we can anticipate an early start to this year’s construction activities.

We also have a lot of activities coming up for the remainder of this year. On the 12th of February, we were planning on reviewing the report card and having several prominent officials discuss where infrastructure is going in Connecticut. However, due to inclement weather and safety concerns, we were forced to cancel the dinner meeting.

Don’t forget to come to our March meeting of the Fairfield Branch. Ron Hill has lined up Darleen Buttrick, P.E., of Tighe and Bond to talk about the Great Hill Tunnel Emergency Repair Project, North Branford, CT. This is not a project you see very often. So, it should be a very interesting presentation.

April 5th is our 9th annual Spring Geotechnical Workshop. This year’s topic is the design of helical piles and anchors, which can be used for a wide variety of foundation and excavation applications.

April 16th is our yearly visit to the Coast Guard Academy, with a presentation on managing storm water permits. We will also have our annual presentation of scholarship awards at this meeting.

On June 14th, we will hold a Structures seminar on Non-Destructive Evaluation of Bridge Decks. Details will be forthcoming on that shortly.

Don’t forget to mark your calendars for May 21st. That is the date for our ACE Awards at the Aqua Turf Club. This year, we are changing up the awards. We have eliminated awards for different categories, and are looking for the best projects across all categories. Civil engineering transcends many different disciplines and it is difficult to pigeon hole projects into one particular specialty. Therefore, we are going with something different this year. We will have a large and small category and award a first and second place in each.

So, if you had a really special project this year, please consider entering it in the ACE awards.

Look forward to seeing you at our events.

Warm Regards,

David R. Chapman, P.E. M. ASCE

Connecticut Society of Civil Engineers, President 2018-2019
Special Offer on ASCE Webinars for Connecticut Section Members

Did you know that as a Connecticut Section member you get a discount on ASCE National Webinars? Plus some of the registration fee comes back to help fund other Section activities!

THANK YOU to our Sponsors!!
GET INVOLVED IN CSCE!!

Do you want to be more involved in CSCE? Are you interested in being a committee member or serving on the CSCE Executive Board? We are looking for people like you!

Contact our 2018-2019 President David Chapman at President-2017@csce.org to find out how you can get more involved.

Together we can make “A Better World by Design”!!
Any and all involvement is WELCOME!!

DON’T MISS OUT! DEADLINE FOR STUDENT AWARD NOMINATIONS IS MARCH 1st. Please follow the link for the applications. A brief description of each award opportunity is shown below:

⇒ CSCE's Civil Engineering/Construction Scholarship assists Connecticut residents in civil engineering or construction-related programs. Please click here for more information. *Must be a student and a Connecticut resident to apply.*

⇒ CSCE's Civil Engineering/Civil Technology Student Scholarship provides an incentive award that is within the reach of every average, hard working civil engineering student. Please click here for more information. *Must be submitted by an ASCE Faculty Advisor*.

⇒ CSCE recognizes outstanding civil engineering students in ASCE Student Chapters in Connecticut. Please click here for more information. *Must be submitted by an ASCE Faculty Advisor*.
The Benjamin Wright Award is given annually by the Connecticut Society of Civil Engineers Section to a Connecticut Civil Engineer who has demonstrated outstanding practice throughout his or her career, and made significant contributions to Civil Engineering. Here are some of the past recipients of the Benjamin Wright Award:

- 2015  James Byrnes
- 2016  Lawrence Johnsen
- 2017  Peter Heynen
- 2018  Randy States

If you would like to nominate someone for this award please fill out the nomination form and reach out to a CSCE Board member, or submit the form to CSCE directly at csceinfo@gmail.com. Deadline is **March 31st**.

The award will be presented at the ACE Awards in 2019 and will recognize an ASCE/CSCE member for his/her outstanding contributions to the Civil Engineering profession.
UPCOMING CSCE EVENTS 2019 -

**March 12 (Tuesday)** - Fairfield County Branch Dinner Meeting, Location: Norwalk Inn. Please join CSCE at this month's dinner meeting at the Norwalk Inn for a presentation on the Great Hill Tunnel Emergency Repair Project in North Branford, CT. This is a very unique project and the presentation should be very interesting. Please register here.

**April 5 (Friday)** - 9th Annual CSCE Geotechnical Workshop, Location: University of New Haven - Bartels Alumni Lounge, West Haven, CT. The featured speaker for this workshop is Dr. Alan J. Lutenegger, P.E., Professor in the Department of Civil and Environmental Engineering at the University of Massachusetts, Amherst, Massachusetts Please register here.

**April 16 (Tuesday)** - Monthly Dinner Meeting at the U.S. Coast Guard Academy, Location: New London, CT. Please join CSCE to hear Amanda Ryan, the Municipal Stormwater Educator at the Center for Land use Education And Research (CLEAR) at the University of Connecticut, Storrs, CT, provide attendees with an overview of the requirements for a General Permit for the Discharge of Stormwater from Small Municipal Separate Storm Sewer Systems (MS4 General Permit). Please register here.
CSCE has launched a brand new CSCE website:

http://sections.asce.org/connecticut/

We have updated and modernized the look and layout of section’s website. Let us know how you like it.

For Members 35 Years or Younger
CSCE Younger Members Committee

The CSCE Younger Members Committee encourages the full professional development of engineers who are 35 years of age or younger and endeavors to increase their participation in CSCE and ASCE activities. Please contact Jodi Greene, Younger Members Committee Chair, at youngermembers-2017@csce.org or the CSCE—Younger Members Facebook page for more information about the activities of this Committee.

Younger Members on Facebook visit our Facebook page to stay updated with past and upcoming Younger Member social and professional events. Search for CSCE Younger Members or follow the link https://www.facebook.com/CSCEYM and like the group.
Upcoming Younger Members Committee Events

The CT Younger Members will be hosting a brewery social event at Alvarium Beer Company in New Britain, CT on **February 28th**. We will continue the tradition from last year because all participants had a great time and enjoyed the friendly atmosphere, good vibes and aroma of hops. Come experience the delicious, bee-related beers, such as the Yellow Jacket IPA, and engaged with fellow young professionals.

The event will be held from **5 to 9 PM**, but feel free to stay for as long as you want. This gathering will be a collaboration of younger members from CSCE, EPOC, AWWA, CTGBC, ASLA, AIA, WEF, and students from Connecticut universities.

Pizza will be provided. Check out the picture below for the brewery's list of beers, and they also have pretzels, kielbasa, and snacks.

Please **RSVP to sjhopkins1581@gmail.com** by **Monday, February 25th**, so we can figure out how much pizza to order. Hope to see you there!

If you have any ideas or would like to request an event at your College/University, please contact the Younger Members Committee President, Jodi Greene.

Check out the Younger Members Committee Facebook page at [https://www.facebook.com/CSCEYM](https://www.facebook.com/CSCEYM) for other upcoming events.

CSCE is soliciting pictures and projects of your favorite Civil Engineering landmarks in CT. The goal is to broadcast the civil engineering projects in Connecticut to our readers. If you have pictures of bridges, buildings, deep cuts, high embankments, monstrous retaining walls, even miniature construction sites, etc. (be creative!) send us a brief description and photograph and we will include it in the next CSCE newsletter. Please send all the information to: nl-editor-2017@csce.org
Are you a recent college graduate. Or about to be?
Do you know someone who is?
Stay with ASCE!!

Did you know that ASCE offers pro-rated discounted membership dues for recent college graduates? For more information visit http://www.asce.org/membership

Are you a “Younger Member”?

A Younger Member is considered to be 35 years of age or younger. The Younger Member Committee fosters the professional growth, ethical awareness, and technical competence of the Section’s younger members. The Committee meets once a month, and organizes several activities throughout the year, including those for fun and community service. Check future issues of this newsletter for upcoming events. If you are interested in joining the committee or want more information, contact youngermembers-2017@csce.org.

HONORS AND AWARDS

ASCE’s Honors and Awards program recognizes the remarkable accomplishments of the civil engineering profession. With more than 80 awards, the program distinguishes the unique contributions engineers make to both the industry and society.

ASCE has many honors and awards to recognize deserving members. For a complete listing of all ASCE awards, please visit www.asce.org/awards.

YOUR AD CAN GO HERE!

Get your job posting, message, or advertisement included within one or multiple CSCE Newsletters.

For rates and availability: http://sections.asce.org/connecticut/resources
The Connecticut Society of Civil Engineers was formed in 1884. Separately, the Connecticut Section of the American Society of Civil Engineers (ASCE) was founded in 1919. The two organizations merged in 1981. We represent about 1,600 civil engineers statewide.

Vincent Siefert, P.E., of Siefert Associates, has recently been elected to chairman of the Temporary Structure’s Committee. He and his colleagues, Andrew Ritter, P.E., and Dylan Allen are presenting on rebar cage engineering at the 2019 Construction Institute Summit, being held March 7th - 9th, 2019 in Atlanta, Georgia. Please visit https://www.cisummit.org/ for more information. All are welcome and we look forward to seeing you there!

The Temporary Structures Committee (Subcommittee of ASCE Construction Institute) is looking for construction engineers willing to collaborate regarding the following initiatives; rebar cage engineering, bridge demo, building demo and alternative uses of temporary modular bridges. The committee’s purpose is to use forums, publication of technical papers, site visits and written recommendations to inform and educate engineering practitioners and government agencies, and promote research in the levels of design and specification detail recommended, for each initiative of temporary structures. For more information about this collaboration opportunity, please email Vince Siefert at vince.siefert@siefertassociates.com.
LEGAL NOTICE

LEGAL NOTICE: The City of Stamford is seeking to engage the services of a Consulting Engineering firm to provide construction inspection services for the following transportation project:

State Project No. 135 – 340 – Summer Street Streetscape Improvements
The City has received funding from the Federal Highway Administration (FHWA) through the Connecticut Department of Transportation’s Local Roads Accident Reduction Program (LRARP) for significant pedestrian safety enhancements to the intersections of Summer Street at Main Street, Broad Street, North Street and Hoyt Street to reduce collisions at high accident locations. The proposed design for these intersections includes proven measures to reduce crashes and improve safety, such as high visibility retroreflective thermoplastic crosswalks, curb extensions at corners, “turning vehicles yield to pedestrians” signs, “no turn on red signs”, and other signage, pavement marking and parking improvements, and minor drainage improvements.

The Consulting Engineering firm will be required to perform construction inspection services. The projected construction cost is expected to be in the range of $1,400,000.

Firms responding to this request should be of adequate size and sufficiently staffed to perform the assignment described above.

The Consulting Engineering firm will be evaluated and selected based on technical competence, the capacity and capability to perform the work within the time allotted, past record of performance, and knowledge of Federal, State, and Municipal procedures, appropriately weighted in descending order of importance. The construction inspection fee will be negotiated on a Lump Sum basis. The Disadvantaged Business Enterprise (DBE) sub consultant goal will be no less than zero percent (0%) of the original agreement value. The selected firm must meet all Municipal, State, and Federal affirmative action and equal employment opportunity practices.

A letter of interest, together with general information on the firm and proposed sub consultants, the firm’s brochure, current Federal Form SF330, experience of the firms, and resumes of key personnel shall be addressed to: Mr. Garrett S. Bolella, PE, PTOE at 888 Washington Boulevard, 7th Floor, Stamford, CT 06901. Additionally, all interested firms must submit a detailed statement including the organizational structure under which the firm proposes to conduct business. Proposed sub consultants should be clearly identified. The relationship to any “parent” firm or subsidiary firm, with any of the parties concerned, must be clearly defined.

Personnel in responsible charge of the projects will be required to possess and maintain a valid Connecticut Professional Engineer’s License. All letters of interest must be postmarked by a U.S. Post Office (if mailed) or brought to the City of Stamford Transportation, Traffic and Parking Department at 888 Washington Boulevard, 7th Floor (if hand delivered) no later than 5:00 P.M. on April 6, 2019. Responses received or postmarked after this date will not be considered.
EMPLOYMENT CLASSIFIEDS

Cardinal Engineering Associates – Meriden Office – Various Engineering Positions
Job Posted: February 18, 2019

Cardinal Engineering Associates, Inc. an established multi-disciplinary civil engineering firm, located in Meriden, CT, is seeking to fill the following positions:

**Civil/Hydraulic Engineer** with expertise in Hydrology and Hydraulics with broad experience in civil engineering including river and bridge hydraulics and scour, flood studies, sanitary and storm sewer studies and design, stormwater management, and design experience.

The ideal candidate will have a BSCE or MSCE degree and 7 years’ minimum experience, and be a CTDOT certified Hydraulic Engineer and have experience with HEC RAS, HEC1, TR20, SWMM, StormCAD and HydroCAD. This position offers an excellent opportunity for advancement.

**Civil/Transportation Engineer**: BSCE with expertise in traffic engineering, planning, public involvement, roadway design, bike trails and streetscapes, and experience on CTDOT funded projects.

**Senior Project Manager/Design Manager**: Experienced Civil Engineer with well-rounded experience in design, management of civil engineering projects, and client management. BSCE, MSCE preferred, 15 years’ minimum experience and CT PE license required. The successful candidate must have excellent communications skills and experience in client management This position offers an excellent growth opportunity for someone who would like to advance to principal.

**Resident Engineers and Inspectors**: Minimum 5 years’ experience in water and sewer projects Resident Engineers with minimum 5 year’s experience in municipal and CTDOT roadway and bridge projects. Inspectors must have BSCE or NICET Certification, Resident Engineers must have a NICET IV or a CT P.E. license.

Interested candidates should send a cover letter and resume to jac3@cardinal-engineering.com. Cardinal is an equal opportunity employer that offers a comprehensive benefits package including health care, disability and life insurance, and a 401K plan.
EMPLOYMENT CLASSIFIEDS

Town of Simsbury – Project Administrator – Project Administrator
Job Posted: February 5, 2019—Department of Public Works, 5+ Years Experience
The Town of Simsbury is currently accepting applications for the position of Project Administrator in the Department of Public Works. The duties include but are not limited to: administering and coordinating town projects for maintenance, construction, and repair of Town assets, including: buildings, roadways, paths and green infrastructure. Additional duties may include preparing bid documents and requests (RFP/RFQ’s) for professional services; reviewing project budgets; making payments to vendors and contractors; and, communicating status of Department projects and programs with building users and the public. This is a full time position, with a 40 hour work week. Please visit www.simsbury-ct.gov/jobs for full job description. Applications are accepted on line only.
