

Indiana Water Environment Association  
***Collection Systems Specialty Conference***  
August 21, 2008

Horizon Convention Center  
401 S High Street, Muncie IN 47403

**Conference Theme: Wet Weather Management Workshop**

Submit Abstracts Now

The Collection Systems Committee of the Indiana Water Environment Association (IWEA) is soliciting abstracts for the annual conference scheduled for August 21, 2008 at the Horizon Convention Center in Muncie Indiana.

Those interested in presenting a paper are invited to submit an abstract. Any topic related to collection systems will be considered. However, the focus of the conference this year is on the management of wet weather flows – in particular Combined Sewer Overflows (CSOs). Abstracts that most closely adhere to the theme of the conference will be given first priority regarding selection. Topics include:

- Planning
- Design
- Construction
- Operation and Maintenance
  - Case Studies
  - Financing
- Public Relations

Sessions will vary be typically 30 minutes in length. Please be prepared to cover the time requirement if your paper is selected for presentation.

**TRAVEL AND LODGING:**

Please note the IWEA cannot reimburse travel or lodging expenses for speakers. However, we offer complimentary registration and lunch for the day of the presentation.

**ABSTRACT SUBMISSION:**

Abstracts should be no more than 200 – 300 words in length and submitted by emailing to Dave White, [dwhite@wadetrim.com](mailto:dwhite@wadetrim.com)

Abstracts must be received no later that June 1, 2008.

If you have any questions concerning this request or the Specialty Conference, please contact Dave White of Wade Trim at (317) 829-5881. Thank you for your continued interest in and support of IWEA.
