

September 2020 Newsletter

We hope everyone is staying healthy and safe.

Your Inland Empire Section leadership board has continued to conduct section business and plan for future events remotely and via video conference. We anticipate our lunch meeting presentations will be conducted via virtual platforms at least through 2020.

September Section Meeting

Presentation: Aquipor Technologies
Kevin Kunz

Date: Thursday, September 17th, 2020
Time: Noon – 1 PM

AquiPor is a startup company that is developing large-scale onsite stormwater solutions starting with a new type of pavement-like material that allows rainfall / stormwater to flow through it into the ground below, but unlike existing permeable pavements, is resistant to clogging due to the material's pore size.

Aquipor is developing their technology to be a lower cost, lower maintenance, and smaller footprint solution for on-site stormwater management. At scale this can mean using Aquipor's solutions in lieu of space-consuming swales, stormwater ponds, and helping offset the cost and footprint of subterranean "grey" infrastructure.

To attend the meeting, please email Calley at asce.waid@gmail.com to rsvp. You will receive a response with the Zoom meeting information, as soon as it is available. Please rsvp no later than Noon on the 16th.

Congrats to Ken Carper

Local member, Ken Carper won the ASCE Bridge Photo contest and will have two photos featured in the 2021 ASCE Bridge Calendar. Click the links below to see Ken's winning photos along with the other winners. Ken won 1st place in All Bridges & 2nd place in Historic Bridges! Congrats again, Ken!
