ASCE Student Chapter
- Program:** *Student Night and Career Fair*

Abstract: This month's meeting is the Student Night and Career Fair for the MD Section. The program is being sponsored by the University of Maryland at College Park's ASCE Student Chapter. Student Night is a great opportunity for potential employers to meet with students from local Universities and to share their insight on the engineering profession. We will have tables set up with local engineering firms for a career fair during the cocktail hour and through the dinner portion of the evening. In the past, many local graduates have attended and made contact with their future employers. The students will be prepared with résumés and be eager to learn more about opportunities with participating engineering firms.

After dinner, UMD's Student Chapter will provide an informative presentation and overview of the many interesting activities currently ongoing within the Chapter.
