

MARYLAND SECTION NEWS

Vol. 104 No. 6

June, 2004

Message from the President

It has been a long time since I was in school and having a summer vacation had a significant impact on my life/schedule. At first I was very excited for our (ASCE) summer break, and then I realized that the Board will actually be doing more over the summer than normal. The Board will be meeting at least three times over our two month break (some vacation), I think that is more like summer school.

Mandy should be a Mom (Congratulations!), Joel (and the rest of the Board) will be finalizing plans for the National Conference, Mark will be concentrating on next years budget, Art will be reviewing our awards procedures, Frank will be establishing programs, the rest of the board and I will be helping were we can, and I won't bore you with our other issues, like bylaws, the strategic plan and the like.

Awards Night

A special thanks to Tom Sprehe and the Awards Committee for a great Awards Night. I would like to congrat-

ulate all the new life Members and Award winners.

June Golf Outing and Dinner

Our member appreciation night will be held June 10 at the Woodlands Golf Course in Woodlawn. Proceeds from this event will be used to support the National Conference in October. Hopefully you made reservations; if not hopefully you still have time to contact me. I would like to thank all the firms and individuals who have contributed to the outing as of press time.

Special Thanks to...

Baltimore 2004
Civil Engineering
Conference & Exposition
Baltimore Convention Center
October 20-23, 2004

Charting the Future
Baltimore 2004

Charting

CHARTING THE FUTURE

ASCE invites you to look ahead! Plan to participate in the 2004 Civil Engineering Conference & Exposition to CHART THE FUTURE... for the civil engineering profession, your business, and your career!

Opportunities to CHART THE FUTURE will be offered where the magnificent Chesapeake Bay reaches in to embrace the City of Baltimore... at the Inner Harbor, one of America's most notable - and enjoyable - urban renewal sites.

Mark your calendar to join us! THE FUTURE awaits!

BALTIMORE CONVENTION CENTER

Nestled in the heart of the City's downtown, the Baltimore Convention Center - the venue for the Baltimore 2004 Civil Engineering Conference & Exposition - is convenient to all prime attractions. Served by public transportation, it offers easy access by MARC Train or Baltimore's Lightrail from Washington, D.C. or Baltimore International Airport (BWI). It is only a short 7-minute ride from Baltimore's Penn Station or 20 minutes by car from BWI.

CONFERENCE HOTELS

Wyndham Baltimore - Inner Harbor
101 West Fayette Street / 410-752-1100

Hyatt Regency Baltimore
300 Light Street / 410 528 1234

WEATHER FORECAST

Mild days and brisk nights mark mid-autumn and October in Baltimore. Daytime temperatures can run as high as 70oF, but at night you may find it dipping to crisper, jacket-weather temperatures - as low as 40°F. The average precipitation for October is 3 inches.

AWARDS NIGHT

This year's Awards Program was a great success and was well attended. 18 members of the Maryland Section were awarded the distinction of Life Membership in the Society. In addition various Maryland Section Awards were presented to distinguished engineers and firms as listed. Maryland Section would like to congratulate all award recipients and thank everyone who has supported ASCE and contributed their time and talent for the success of this awards ceremony.

June MD Section ASCE Newsletter

Younger Member News

by Kelly Brennan, Younger Member Co-Chair
<http://www.asce.org/gsd/sections/mdasce/ym.htm>

Thanks to all who participated in the YM activities during the 2003-2004 year. We've had a significant increase in the number of YMs and students that have been attending events and participating in the monthly section meetings.

The YM group held a planning meeting for next fall on May 26th. We have lots of great ideas for future activities, but we can always use more suggestions. If you were unable to attend the meeting on the 26th, we'd like to hear your input on suggestions for new YM activities for the 2004-2005 year. Please email Kelly Brennan at keb132@yahoo.com.

Soccer Update

A new soccer season has started and we have a new Coach. Todd Eckhart has taken over the coaching duties from Michelle Streckfus. So far, Todd's doing a great job. Email Todd at treckhart@hotmail.com if you're interested in attending this seasons games or participating in upcoming seasons. Many thanks to our outgoing coach Michelle! She's done an excellent job getting our team motivated!

UPCOMING YM EVENTS

SEPTEMBER

YM PLANNING MEETING

WEDNESDAY, SEPTEMBER 15TH – time to be announced

FUTURE CITY ENGINEERING MENTOR RECRUITMENT

Come find out what schools are still in need of engineering mentors and how you can become involved! Check out the Future City Baltimore website at <http://sections.asce.org/maryland/Future%20Cities/FutureCities.htm>

OCTOBER

LIGHT THE NIGHT WALK

FRIDAY, OCTOBER 22ND Rash Field, Inner Harbor. Many of the local engineering firms are forming corporate teams to help raise funds to benefit the Leukemia and Lymphoma Society of Baltimore. The walk benefits those who have been diagnosed

with blood related cancers. Contact Kelly Brennan at keb132@yahoo.com if you would like more information or check out their website at <http://www.lightthenight.org>.

ASCE REBUILDING TOGETHER DAY

SUNDAY, OCTOBER 24TH – Come join ASCE members from around the country to spend a day helping those less fortunate in Baltimore. We have funding from National ASCE and the Rebuilding Together Group to do major renovations to a project benefiting local senior citizens. Put those engineering skills you've learned to good use! Contact Kelly Brennan for more details at keb132@yahoo.com.

The ASCE Engineering News is a monthly publication, except July and August, published by the Maryland Section of the American Society of Civil

Engineers and is provided free to Section, life and student members. Interest in writing an article, comments or questions should be directed to the Editor.

Concrete Canoe Comes to DC! Volunteers Needed

Have you always wanted to experience this unique event? Are you a concrete canoe alumnus interested in checking out today's competition? Do you want to have a 'boatload' of fun introducing families to civil engineering through hands-on activities?

If the answer is yes, or you just want lunch and a free t-shirt in exchange for a couple of hours of your time, volunteer for one of the events at this year's ASCE/MB National Concrete Canoe Competition.

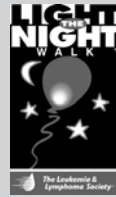

The 2004 competition will be held June 18-20 with events at the National Building Museum and Lake Fairfax. The competition, and the June 19 public opening of a new exhibition called Liquid Stone, will be part of a 'Celebration of Concrete' jointly sponsored by ASCE and the National Building Museum.

Unique this year is a Concrete Carnival Family Festival on Saturday, June 19, from 10 a.m. to 4:30 p.m. The event will be modeled after the successful ZOOM Into Engineering Family Festivals and will offer a variety of engaging hands-on activities for all ages. We need volunteers to help with all the different activity stations. This is a chance to share the excitement of your profession with kids who may never heard of civil engineering. Volunteers will receive a T-shirt and lunch. Two shifts of volunteers are needed: 9 a.m.-1 p.m. and 1-5 p.m. To volunteer please contact Theresa Lind tlind@asce.org by phone before May 21st at 202-326-5144, if after May 21st 703-295-6408. If you are willing to participate, please let me know the shift you would prefer.

Volunteers are also needed for competition events on Friday, June 18, Saturday, June 19 and Sunday, June 20. Please contact Ping Wei pwei@asce.org or phone 703-295-6106. Sunday events will be held at Lake Fairfax in Reston, Virginia.

Thank you so much for your willingness to work with the next generation of civil engineers! Please let me know if you have any questions.

The Concrete Carnival Family Festival and Liquid Stone Exhibit National Building Museum, Washington, D.C. Saturday, June 19, 2004.

Light the Night Walk

Join your fellow ASCE members and the Baltimore area community at The Leukemia & Lymphoma Society's 6th annual Light The Night Walk in Baltimore's Inner Harbor on Friday, October 22, 2004. The Light The Night® Walk is The Leukemia & Lymphoma Society's nationwide evening walk to celebrate and commemorate lives touched by cancer. This two-mile event is held annually around national Leukemia, Lymphoma & Myeloma Awareness Month. Cancer survivors carry illuminated white balloons; all other walkers carry illuminated red balloons.

Form a team with your firm and be a part of The Leukemia & Lymphoma Society's Corporate Team Challenge with incentives and prizes. Anyone can participate and children, adults, and seniors are all welcome. This is a casual walk with no fitness requirements and food, drinks, bands and entertainment are provided before and after the Walk. Your participation will help save lives! Please join us in our fight against blood cancers, as we Light The Night with hope and raise funds to find a cure.
