

PROJECT AWARDS:

- HISTORIC CIVIL ENGINEERING LANDMARK AWARD
- OUTSTANDING CIVIL ENGINEERING ACHIEVEMENT AWARD
- QUALITY OF LIFE AWARD

INDIVIDUAL AWARDS:

- FRANKLIN D. MEYERS CIVIL ENGINEER OF THE YEAR AWARD
- EDMUND FRIEDMAN YOUNG CIVIL ENGINEER AWARD FOR PROFESSIONAL ACHIEVEMENT

NOMINATION INFORMATION:

All awards must be nominated by an ASCE MI Branch. Nominations from ASCE MI Branches must be received by April 1. If possible, nominations should be submitted electronically via email or dropbox. Selected awards will be presented at the Michigan Infrastructure Conference. Please submit nominations to:

Melinda L. Bacon, P.E.

President - Michigan Section ASCE

Phone: (269) 207-1584

Email: bacon@sme-usa.com

Mail: ASCE MICHIGAN SECTION
215 N. WALNUT ST. LANSING, MI 48933

AWARD REQUIREMENTS:

Historical Civil Engineering Landmark Award

- The site shall have civil engineering significance.
- Size or technical complexity of design/construction is not sufficient in itself to qualify for an award.
- Site must have at least one unique feature.
- The site should be generally available for public viewing, although safety considerations or geographical isolation may restrict access.
- Project must be at least fifty years old.
- The original structure should be substantially intact, although routine maintenance is expected.
- Photographs (jpg format) should be included for press releases and for awards event.

Outstanding Civil Engineering Achievement Award OR Quality of Life Award

- The project must be completed and put into service or be ready for use.
- Phased projects may be submitted upon completion of a particular phase. However, please document and highlight which phase of the project is being submitted.
- No project or project phase may be renominated after having received an award.
- Resourcefulness in planning and in the solution of design problems should be evident.
- Photographs (jpg format) should be included for press releases and for awards event.

Franklin D. Meyers Civil Engineer of the Year Award OR the Edmund Friedman Young Engineer Award for Professional Achievement

- Each ASCE Branch is encouraged to have a branch award to complement the Michigan Section Award.
- Information provided should be as complete and accurate as possible.
- To be eligible to receive the Young Civil Engineer of the Year Award, the engineer nominated should be 35 years of age or less on February 1 in the year of the award.
- To be eligible to receive these individual awards, the engineer nominated should be living at the time of his/her nomination and be an active member of the Michigan Section of ASCE.
- An engineer who has moved out of state may still be nominated for service during his/her residency in Michigan.
- The nominated engineer should have: evidence of technical competence, high character and integrity; completed service to the advancement of the civil engineering profession; and contributed to public service outside of their professional career.
- At least one letter of recommendation should be included with the nomination information.
- Photographs of the engineer (jpg format) should be included for press releases and for awards event.

This award enhances our understanding of the history and heritage of civil engineering projects in Michigan, and preserves information pertaining to the projects historic development. The ASCE Michigan Section grants the **Historic Civil Engineering Landmark Award** to a project of civil engineering significance, designating the project site as a landmark. The project must be at least fifty years old and still be intact.

The award committee takes the responsibility for recommending a Michigan Historic Civil Engineering Landmark Award seriously. If a branch nomination is approved for landmark designation by the Michigan Section, the branch will be expected to contact the owner so a plaque can be presented to the owner at the Michigan Infrastructure Conference.

One award plaque will be provided and presented to the owner. Additional plaques may be ordered. All projects must be nominated by an ASCE MI Branch. No project may receive the award more than once. Please complete the nomination form below and submit the form along with a non-refundable check for \$25 payable to the ASCE MI Section. Please also provide photographs of the project (jpg format) for the awards presentation and press releases.

**All nominations must be received from an ASCE MI BRANCH by APRIL 1. Please send nominations to:
Melinda L. Bacon, P.E.**

Owner of Proposed Landmark:

Date of Construction:

Other Significant Dates of the Project:

Key Professional Personnel or Company Associated with the Proposed Landmark:

Civil Engineering Historical Significance of this Proposed Landmark:

Unique Features which set the Proposed Landmark Apart from other Civil Engineering Projects:

Comparable or Similar Landmarks:

Contributions this Proposed Landmark made toward the Development of the Civil Engineering Profession:

Contributions this Proposed Landmark made toward the Development of the Nation or a Large Region thereof:

Justification of Nomination of the Proposed Landmark by the Owner (if applicable), the ASCE Branch, and/or the Personnel (Companies) Associated with the Proposed Landmark:

List of Enclosed Documents, Photographs, and Historical Evidence which Support Nomination:

Proposed Landmark Nominated by ASCE Branch:

Date:

Signature of Branch Nominee:

The ASCE Michigan Section annually presents the **Outstanding Civil Engineering Achievement Award** for a project that demonstrates the highest level of engineering skill and that *“represents the greatest contribution to civil engineering progress and mankind.”* The project must exemplify an aspect of civil engineering, while it should demonstrate use of innovations in materials, technology, or construction methods. The project should contribute to the well-being of people and communities. The project, and the prime design or construction firm, must be located in Michigan.

Meritorious projects may also receive awards. The top three projects may also be submitted for the ASCE National Outstanding Civil Engineering Achievement (OCEA) Award.

One award plaque will be provided and presented to the owner. Additional plaques may be ordered. ASCE may also provide Outstanding Civil Engineering Certificates of Merit to submitted projects determined by the Awards Committee to be deserving of recognition.

All projects must be nominated by an ASCE MI Branch. No project or phase of the project may receive the award more than once. Please complete the nomination form below and submit the form along with a non-refundable check for \$25 payable to the ASCE MI Section. Please also provide photographs of the project (jpg format) for the awards presentation and press releases.

All nominations must be received from an ASCE MI BRANCH by APRIL 1. Please send nominations to:

The ASCE Michigan Section annually presents the **Quality of Life Award** for a project that exemplifies ASCE's theme, *"Civil Engineers Make the Difference - They Build the Quality of Life."* Emphasis of the project must be on small community or private projects, while the project should have positive effects on human lives without adversely affecting the surrounding environment. The project and the prime design or construction firm of the project must be located in Michigan.

One award plaque will be provided and presented to the owner. Additional plaques may be ordered. ASCE may also provide Quality of Life Certificates of Merit to projects determined by the Awards Committee to be deserving of recognition.

All projects must be nominated by an ASCE MI Branch. No project may receive the award more than once. Please complete the nomination form below and submit the form along with a non-refundable check for \$25 payable to the ASCE MI Section. Please also provide photographs of the project (jpg format) for the awards presentation and press releases.

FRANKLIN D. MEYERS OUTSTANDING CIVIL ENGINEER OF THE YEAR AWARD

NOMINATION FORM (PAGE 1 OF 2)

The ASCE Michigan Section annually honors a fellow engineer as the **Franklin D. Meyers Outstanding Civil Engineer of the Year**. Selection of an Outstanding Engineer is based on an individual who is judged to have attained significant professional achievement, by degree to which the candidate has shown: service to the advancement of the profession; evidence of technical competence, high character, ethics and integrity; leadership to the development of younger member attitudes toward the profession; contributions to public service outside of their professional career; other evidence of merit (PhD, MBA or MS degrees, Awards and/or Published Technical Papers, etc.) which advance ASCE's objectives; and are licensed EIT or PE in the State of Michigan.

All candidates must be nominated by an ASCE MI Branch. No recipient may receive the award more than once. Please complete the nomination form below and submit the form along with a letter of recommendation. Please also provide photographs of the candidate (jpg format) for the awards presentation and press releases.

All nominations must be received from an ASCE MI BRANCH by APRIL 1. Please send nominations to: Melinda L. Bacon, P.E.

Signature of Branch Nominee:

The Michigan Section of ASCE encourages recognition of the professional contributions of younger members of ASCE.

The Edmund Friedman Young Engineer Award for Professional Achievement is presented annually to a member of the Michigan Section of ASCE, who is 35 years of age or less on February 1 in the year of the award. The recognition is provided to an engineer who is judged to have attained significant professional achievement, by degree to which the candidate has shown: service to the advancement of the profession; evidence of technical competence, high character, ethics and integrity; leadership to the development of younger member attitudes toward the profession; contributions to public service outside of their professional career; other evidence of merit (PhD, MBA or MS degrees, Awards and/or Published Technical Papers, etc.) which advance ASCE's objectives; and are licensed (Engineering Intern (EI), Engineer In Training (EIT) or Professional Engineer (PE)) in the State of Michigan.

All candidates must be nominated by an ASCE MI Branch. No recipient may receive the award more than once. Please complete the nomination form below and submit the form along with a letter of recommendation. Please also provide photographs of the candidate (jpg format) for the awards presentation and press releases.

All nominations must be received from an ASCE MI BRANCH by APRIL 1. Please send nominations to:
