### [May – Transload Facility Presentation & Tour](#)

On May 14<sup>th</sup>, about 10 ASCE members gathered for a presentation and tour of the new Transload Facility in Davenport, Iowa. The new facility will be used to transfer materials between rail cars and semi-trailers servicing the Quad Cities and the shipping of locally manufactured goods. Despite the weather, Mr. Kevin Harder with Engineered Rail Solutions provided a detailed history of the project and the challenges involved with designing a project based on the unknown long term use of the facility.

### [ASCE Legislative Drive-In](#)

Matt Zager attended the Illinois ASCE legislative day on April 29. He met with State Senator Anderson and State Representative Smiddy. Handouts were given out outlining infrastructure problems in the State of Illinois. Representative Smiddy said he would be glad to meet with the Quad Cities section at some point. Matt also attended the luncheon. Items discussed during the luncheon included Governor Rauner's agenda and the Capital Bill. A Capital Bill is desired this year, but achieving one will depend on the political climate.
