LOCEA Awards

Every year, firms nominate local projects (local means that the project or study area must be in the counties of King, Snohomish, Kitsap, Whatcom, Skagit, San Juan, Island, Clallam, and Jefferson) to be evaluated for a LOCEA Award. The **LOCEA Awards** recognize projects that have improved the quality of life and contributed to the economic development of the local community, area, or region.

Entries are typically due in February. Be thinking about projects that you'd like to nominate. The application requires a written narrative and four to six photos. Winners at the local level are eligible to compete for awards at the regional level. The LOCEA entry form and deadlines will be posted on our website soon.

Small Project Development Committee

After taking December off, we will meet again on January 17th from noon to 1:30. We don't have continuing education here in Washington State, but I just completed Sexual Harassment Training and Ethics Training for my other license. During the ethics, which was live, we discussed real cases that had gone before the boards. Some were interesting. Let's talk about ethics and some specific cases. How would you handle some of these situations?

We meet online the 3rd Wednesday of most months from noon to 1:30 and would love for you to join us. Email me to get on the list or just to attend one meeting.
