

FALL CAREER FAIR!

This November the Younger Member Committee of ASCE St. Louis will be holding a career fair to bring together the best and brightest engineers with firms in the Greater St. Louis area.

When: Friday, November 6th, 2009
1pm – 6pm

Where: St. Louis Community College – Florissant Valley

If you are an employer...

Our aim is to put you in contact with both experienced professionals and future college graduates. Future graduates will be attending from Missouri S&T, SIU-Edwardsville and Carbondale, University of Missouri-Columbia, Washington University, the technical programs at St. Louis Community College, as well as other universities. The Multipurpose Room at the Florissant Valley Campus will provide space for the company booth, on site interviews, and refreshments. Best of all, participating firms will receive a compilation of electronic resumes of those in attendance for future reference!

Your participation in this event will help foster a connection between younger and future professionals and the local ASCE chapter, which will strengthen ASCE for years to come. Additionally, proceeds from the fair will fund ASCE Younger Member professional development activities so you will not only be helping your firm grow, but developing younger engineers into future leaders in the industry. The cost is \$200 per booth.

If you are a job seeker...

Companies will have booths set up throughout the fair for you to visit at your leisure. Bring your resume, and see what St. Louis firms have to offer. It's free to participate, and best of all your resume will be put onto a CD and given to all participating firms, so that they have you on file!

Hope to see you there!

Please contact Chad Schrand at chad.schrand@ccsgroupstl.com by October 20th for information on company registration.
