NOTES:

Criteria for designation as a State Civil Engineering Landmark varies from the criteria for National consideration by the ASCE. For details on the National Civil Engineering Landmark Program see www.asce.org.

Nomination and subsequent designation as a State Historical Civil Engineering Landmark implies no legal obligation or commitment with regard to the Owner's use of the landmark or landmark site.

Nominations will be reviewed, and designation recommended to the American Society of Civil Engineers Tennessee Section Board of Directors by the Section History and Heritage Committee.
