Dear ,

I hope everyone has enjoyed their summer! We have a very exciting and eventful year planned for 2017-2018 including many dinner meetings and presentations, VT ASCE Ski Day, Past-President's Breakfast, etc. The University of Vermont and Norwich University will also be co-hosting the New England Regional Conference in April 2018. We hope you can attend at least one or more of our events in the coming year. It is always great to connect with professionals outside of the work place and see the support that they provide to ASCE. If your company has interest in supporting the VT Section of ASCE, you can do so through company sponsorship or by placing job postings on our website or newsletter.

Please consider joining us for our annual "Night at the Ball Park" on Tuesday, September 5th. This event is coordinated by our Younger Member Group and offers a great opportunity to network with students and young professionals while catching the Lake Monsters host the Tri-City Valley Cats.

In this month's newsletter you'll find:

- [June 2017 Annual Meeting](#)
- [A Night at the Ballpark](#)
- [VSE Golf Tournament](#)
- [Geo-Institute Fall Meeting](#)
- [Student Chapter Updates](#)
- [Professional Development Hours](#)

I look forward to an exciting year for the Vermont Section of ASCE. If you have any questions or ideas for the Section please do not hesitate to contact me.

Sincerely,

Nathan A. Pion, P.E., M.ASCE

Join us in October for the annual Geo-Institute Meeting on **Tuesday, October 10th** at Norwich University. More information to follow.

Student Chapter Update

Last year was exciting for UVM's student chapter (pictured below at last years regional conference) and this year will be no different. In April 2018, UVM and Norwich University will be cohosting the New England Regional Conference in Burlington. This includes the student steel bridge competition, concrete canoe competition, and a banquet to conclude the weekend.

If you are interested in becoming a sponsor of the conference or judging the steel bridge competition, please contact Andrea Ameden at akameden@uvm.edu.

Administrative Rules of Board of Professional Engineering (Effective 8/1/17)

The Board of Professional Engineering recently released an updated [Administrative Rules of the Board of Professional Engineering](#) that became effective on August 1, 2017. The biggest change for practicing professional engineers is the requirement for professional development hours (PDH's). The VT ASCE meetings offer a great opportunity to network with other professionals while attaining PDH's.

You are welcome to contact me at [Vermont ASCE Newsletter](#) if you have something to contribute to the newsletter. Let us know if you have suggestions on how we may serve you better.

Sincerely,

Nathan A. Pion, P.E., M.ASCE
ASCE Vermont Section President

Career Opportunities

Project Engineer, Highway Division - Manchester, NH

CLD's growing Manchester, NH office has an immediate need for an Engineer to join the Highway Design team. The successful candidate will be a Civil Engineer with 3+ years' experience to join our Team of collaborative and team oriented transportation professionals. To be considered for this position, you must have a B.S. in Civil Engineering; E.I.T. certification; and be proficient with CADD (preferably MicroStation). You must also possess excellent communication and technical writing skills. Experience with site, drainage or highway design and survey field experience are desired.
