Carl Sutter approached The League of Women Voters about doing a series of presentations. Currently in negotiations and on track to do statewide presentations in March going through April (proposed 4). They would also like to do some for chapters. Currently having weekly meetings with one scheduled for 1/21/21. Martin spoke to looking for opportunities to get the report card out to the press. Ken is looking for people to write topics to pitch to local publications If anyone is interested in this please let him know. Ken will reach out to legislative aids as well. Several people have signed up to attend the virtual call-in to talk about the section report card and the national report card. There have been some talks of putting together a statewide drive-in.

d. ASCE Architectural Engineering (AE) Technical Committee or AE Institute Chapter in the Wisconsin Section (Larry Buechel)

No significant updates. AE group agreed to do one of the technical presentations at the upcoming STC to get the Section membership some exposure to their group.

- e. ASCE Wisconsin Section's 2023 Centennial Year (Ken Mika)
  - Should have something ready for the next meeting.
- f. ASCE Records Retention Policy (Larry Buechel)
  - COVID has limited availability to see the documents at Marquette. On hold.

  - https://docs.google.com/forms/d/e/1FAIpQLScqi7QgVj3EIPsYhZdSBrmIsDBMGt3aDlSHET8XwP fVF7jA/viewform?usp=sf link

This has been circulated to the board for review. The plan is to distribute via email to membership and get feedback on various things. Suggestion: add the time length (5 minutes) it will take to complete the survey into the email that is sent out. Gary Amel moved to approve that the survey be sent to membership as it is Andrew Walters seconded the motion. All in favor, none opposed; motion passed unanimously.

h. Development of Strategic Plan for the Section (Larry Buechel/Ken Mika/Impact)

Executed the contract with Impact for this work. Impact is in the process of pulling together the components for an interview process for individual members (representative cross section of membership) and interactive engagement to the board of directors. The plan is for this to be

scheduled in February. If you are interests in participating, send an email to Larry and Jill (admin email). Hopefully, a draft plan for the board to review/comment will be ready in April. Finalization of that document to come shortly thereafter.

Impact provided thoughts/ideas for Andy. Larry will talk with Jill to come up with a plan to facilitate.

  - To help improve membership numbers, perhaps reach out to the regional managers of some of the Section's larger engineering firms for opportunities to promote ASCE membership to their Civil Engineers on staff. Put some feelers out. Carl spoke of an event going on: '2021 member get a member drive'. Can be found on the ASCE website for more details.
- e. Realignment of ASCE Student Conference Boundaries Attachment 4
  Larry received an email about this effort. There are a series of virtual meetings with the regions by the society to queue up the topic for some consideration/feedback on how the boundaries may be drawn so there is a good balance of schools within the boundaries. Carl said the idea is to split region 3 into 2 conferences (east and west) under that proposal all of Section schools would be in one conference.
- f. EWRI 2021 World Environmental & Water Resources Congress May 2021, Milwaukee, WI (Carl Sutter/Larry Buechel)

Would like to keep a local face to face component but ASCE policy currently limits face to face events through June 30<sup>th</sup>, 2021. The head of EWRI will contact Tom Smith to request an exemption on this. If EWRI does not get the exemption, would the WI section help promote/provide (people to assist) for this event, May 25-26? A call for volunteers could be included in an upcoming newsletter. Carl could speak for a few minutes at the STC about this to solicit volunteers. Carl will keep us apprised on the exemption request.
