Code of Ethics

As adopted by the American Society of Civil Engineers on September 2, 1914, and most recently amended July 22-23, 2006.

Fundamental Principles

Engineers uphold and advance the integrity, honor and dignity of the engineering profession by:

1. using their knowledge and skill for the enhancement of human welfare and the environment;
2. being honest and impartial and serving with fidelity the public, their employers and clients;
3. striving to increase the competence and prestige of the engineering profession; and
4. supporting the professional and technical societies of their disciplines.

Fundamental Canons

1. Engineers shall hold paramount the safety, health and welfare of the public and shall strive to comply with the principles of sustainable development in the performance of their professional duties.
2. Engineers shall perform services only in areas of their competence.
3. Engineers shall issue public statements only in an objective and truthful manner.
4. Engineers shall act in professional matters for each employer or client as faithful agents or trustees, and shall avoid conflicts of interest.
5. Engineers shall build their professional reputation on the merit of their services and shall not compete unfairly with others.
6. Engineers shall act in such a manner as to uphold and enhance the honor, integrity, and dignity of the engineering profession.
7. Engineers shall continue their professional development throughout their careers, and shall provide opportunities for the professional development of those engineers under their supervision.

Membership Grades and Qualifications

Student Member

To be eligible for the grade of Student Member, an individual shall:

1. be a member of a Society-recognized student organization at the school where enrolled, and be enrolled at least half-time; OR
2. be enrolled at a school which is eligible to have an ASCE recognized student organization but currently does not have such an organization, and be enrolled at least half-time; OR
3. be a current member in an equivalent grade of an engineering society with which the Society has a current reciprocal membership agreement.

Affiliate Member

To be eligible for the grade of Affiliate Member, an individual shall:

1. have an interest in advancing the purpose and objectives of the Society AND not be eligible for the Student Member grade.

Associate Member

To be eligible for the grade of Associate Member, an individual shall:

1. have been graduated with a bachelor's degree from an ABET/EAC-accredited or Substantially Equivalent civil or Related Engineering Program; OR
2. a) have been graduated with a bachelor's degree from a non-ABET/EAC four (or more) year curriculum acceptable to the Membership Application Review Committee in engineering, engineering technology, or related science, AND EITHER b) be a certified engineer-in-training or surveyor-in-training in the United States or in the country in which they reside (if such certification is available) OR c) if certification is not available in the country in which they reside, provide three (3) references; OR
3. have been graduated with a graduate degree in civil engineering from a school having an ABET/EAC-accredited or substantially equivalent civil engineering program; OR
4. be a U.S. licensed Professional Engineer or Professional Surveyor; OR
5. be a current member in an equivalent grade of an engineering society with which the Society has a current reciprocal membership agreement.

Member

To be eligible for the grade of Member, an individual shall:

1. a) have been graduated with a bachelor's degree from an ABET/EAC-accredited or Substantially Equivalent civil or Related Engineering Program, AND EITHER b) subsequent to graduation have had responsible charge of engineering work acceptable to the Board of Direction as principal or assistant for not less than five (5) years AND three (3) references, OR c) be a licensed Professional Engineer or Professional Surveyor in the United States or in the country in which they reside (if such licensure is available); OR
2. a) have been graduated with a bachelor's degree from a non-ABET/EAC four (or more) year curriculum acceptable to the Membership Application Review Committee in engineering, engineering technology, or related science, AND b) subsequent to graduation have had responsible charge of engineering work acceptable to the Board of Direction as principal or assistant for not less than five (5) years, AND c) be a licensed Professional Engineer or Professional Surveyor in the United States or in the country in which they reside (if such licensure is available); OR
3. a) have been graduated with a master's degree in civil engineering from a school having an ABET/EAC-accredited or Substantially Equivalent civil engineering program, AND EITHER b) subsequent to graduation have had responsible charge of engineering work acceptable to the Board of Direction as principal or assistant for not less than four years OR c) be a licensed Professional Engineer or Professional Surveyor in the United States or in the country in which they reside (if such licensure is available); OR
4. a) have been graduated with a doctorate degree in civil engineering from a school having an ABET/EAC-accredited or Substantially Equivalent civil engineering program AND EITHER b) subsequent to graduation have had responsible charge of engineering work acceptable to the Board of Direction as principal or assistant for not less than three (3) years OR c) be a licensed Professional Engineer or Professional Surveyor in the United States or in the country in which they reside (if such licensure is available); OR
5. a) be a licensed Professional Engineer or Professional Surveyor in the United States or in the country in which they reside (if such licensure is available) AND b) subsequent to licensure have had responsible charge of engineering work acceptable to the Board of Direction as principal or assistant for at least ten years, AND c) provide three (3) references; OR
6. be a current member in an equivalent grade of an engineering society with which the Society has a current reciprocal membership agreement.

Fellow

There is no direct admission to the grade of Fellow. To be eligible for the grade of Fellow, an individual shall:

1. a) advance from the grade of Member, AND b) be a licensed Professional Engineer or Professional Surveyor, in the United States or in the country in which the Member resides (if such licensure is available), AND c) provide three (3) references from Society members (at least two (2) references must be from Society Fellows), AND d) be nominated by an Organizational Entity of the Society, AND EITHER e) have had responsible charge for not less than ten years, in the grade of Member, of important work in civil or related engineering or surveying and be qualified to direct, conceive, plan, or design engineering works; OR f) have had responsible charge for not less than ten (10) years, in the grade of Member, of important industrial, business, construction, editorial, or engineering society activity, requiring the knowledge and background gained from civil or related engineering training and experience, OR g) have provided leadership for a period of not less than ten (10) years in the grade of Member in educational or research activity related to the field of civil engineering.

Honorary Member

To be eligible for the grade of Honorary Member, an individual shall have attained acknowledged eminence in some branch of engineering or in the arts and sciences related thereto. The total number of Honorary Members elected in any year shall not exceed one for every seventy five hundred (7,500) Society members. Members of the Board of Direction shall be ineligible for election to honorary membership during their terms of active membership on the Board of Direction, as election of Honorary Members shall be by vote of the Board of Direction. Past Presidents of the Society are not eligible for Honorary Member status.

Wisconsin Section History

A synopsis updated to 2006

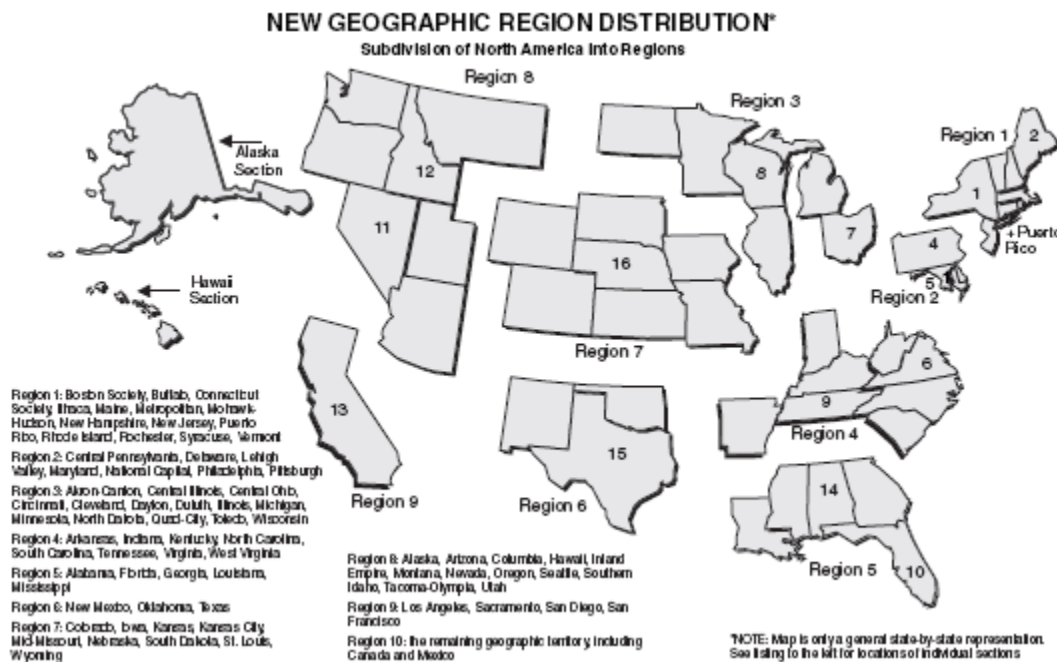

Founded in 1852, the American Society of Civil Engineers represents more than 137,000 civil engineers worldwide and is America's oldest national engineering society. The following synopsis summarizes the history of the Wisconsin Section of ASCE. An appropriate starting point is to examine how the Wisconsin Section fits into the overall ASCE structure.

Governance of ASCE

Nationally, ASCE is governed by officers and directors elected from the membership to represent ten geographical areas known as Regions, and seven technical specialties known as Institutes. The Wisconsin Section is a part of Region 3, which has a membership of 14,200. The Wisconsin Section membership is just over 2,100 members.

The national President and two directors are elected at-large. Ten directors are elected by regional membership and two directors are elected by Institute membership.

ASCE Regions

The Wisconsin Section covers entire state except for five northwestern counties which are assigned to the Duluth Section. The section is comprised of four branches corresponding to the four major geographic areas where there are concentrations of members. The Southeast Branch is comprised of the seven counties in the Milwaukee metropolitan area, containing over one half of the section membership. The Southwest Branch is comprised of thirteen counties in the south central and southwestern part of the state and has over one quarter of the members. The Fox River Valley Branch is comprised of twenty counties in the northeastern part of the state located around the city of Green Bay. The Northwest Branch is comprised of twenty-six counties in the

north central and northwestern part of the state centered around the City of Eau Claire. It is the largest branch by area, but the smallest by membership. The branches were formed to better serve the members and provide increased local activity. Each branch has its own constitution, bylaws, and officers and holds regular monthly meetings. All members are assigned to their respective branch based on the county of their mailing address.

ASCE Wisconsin Section

The Wisconsin Section is widely recognized by the national office as a very active and prominent group, and has often been honored with ASCE's Outstanding Large Section Award. A number of section members serve on national professional and technical committees. The affairs of the Wisconsin Section are vested in and governed by the Section Board of Directors composed of officers, directors at-large from the section area as a whole, and one director from each branch.

Section and branch histories

The ASCE Wisconsin Section was originally organized as the Milwaukee Section. The Milwaukee Section started on March 20, 1923, when eleven members of ASCE got together to

discuss the feasibility of forming a section. Temporary officers were elected, committees appointed, other members notified, and a constitution drawn up. With a few suggested amendments, the Section was approved by the ASCE Board of Directors meeting in New Orleans on April 16, 1923. These amendments were adopted and, subsequently, on February 5, 1924, the permanent constitution was established, officers were elected, and twenty-three members were enrolled. On May 20, 1924, seven more members joined. Several meetings were held jointly with the Engineers and Scientists of Milwaukee (ESM) and in September 1926, a contract was signed affiliating the two groups. Meetings of the Section were held in various locations in the city. When ESM purchased a building at 3112 West Highland Avenue, most meetings were then held at the ESM Building. In April 1938, the Milwaukee Section changed its name to the Wisconsin Section.

Until 1962, the officers consisted of president, first and second vice-presidents, and a secretary-treasurer. In 1962, the latter offices were separated. In 1969, the office of president-elect was created, replacing one of the vice-presidents.

As mentioned, four branches have been established—Madison in 1962, Fox River Valley in 1966, Northwest in 1974, and Southeast in 1977. In 1995, the Madison Branch was renamed the Southwest Branch to more accurately indicate the Branch membership. There are five student chapters in the Section located at the University of Wisconsin-Madison (established in 1921), University of Wisconsin-Platteville (established in 1967), University of Wisconsin-Milwaukee (established in 1970), Marquette University (established in 1923); and at Milwaukee School of Engineering (established in 1991). Annually, awards are made to the outstanding senior student members of each student chapter.

The Section has thirteen standing committees and seven technical committees whose duties and scopes are outlined elsewhere. Committees of the section also work with and advise the student chapters. The Board of Directors assigns its members to maintain contact with these committees. These committees report their activities and accomplishments periodically to the Board and annually summarize their activities for incorporation in the Annual Report.

National recognition of members

The Wisconsin Section originally provided delegates to sit on the District 7 Council. Since 1914 seven members of our section have served as director of District 7. In 1982, the Section was transferred to District 8. Four section members, Dan Dupies, Luther Graef, Jeff Russell, and Tom Walther, have served as directors of District 8.

Four vice-presidents have been from the Wisconsin Section. The Section has also had three of its members serve as president of ASCE:

- Daniel W. Mead (1934–37),
- Charles W. Yoder in (1973–74), and
- Luther Graef (1997-98).

Recognition of members and projects through an awards program is important to ASCE and the Wisconsin Section. Several Wisconsin Section members have been awarded the Mead Prize for Younger Members:

- Donald Buettner (1967),
- Glenn Koepp (1976),
- D. Michael Mucha (1994), and
- Julie Verish (2001).

In addition, the Daniel Mead Prize for Students has been received by these Wisconsin Section student members:

- Alfred C. Ingersoll (1942), and
- Tamara Larson (2002).

The National ASCE has named five Section members as Honorary Members of the National Society:

- Lloyd F. Rader (1969),
- Lloyd D. Knapp (1973),
- Herbert Goetsch (1987),
- Chuck Salmon (1994), and
- Keith Faherty (1995).

In July 1946, the Wisconsin Section awarded an honorary membership to General Douglas MacArthur. Life memberships are also awarded annually by ASCE to section members who qualify.

The Milwaukee Council of Engineering and Scientific Societies and now Engineers and Scientists of Milwaukee (ESM) have since 1953 annually designated an outstanding engineer as "Engineer of the Year", making this award at a dinner meeting in February during Engineer's Week. Members of the Wisconsin Section who have been recipients of this honor include Robert Johnson, Lloyd Knapp, Sam Gates, Herb Goetsch, Al Striegl, Joe Looper, Ray Kipp, Ed Korpady, Charles Yoder, Hank Wildschut, Bill Murphy, Luther Graef, Len Anhalt, Dave Kuemmel, Kurt Bauer, and Dave Kluge.

Outstanding Civil Engineering Achievements

In 1967, the Wisconsin Section of ASCE began making awards for the "Outstanding Civil Engineering Achievement". In 1987, the awards program was expanded to three categories and in 2000 to four. Category A is for projects with construction costs of less than \$2 million, Category B for projects with construction cost of \$2 to \$10 million, Category C for projects with construction costs of \$10 to \$20 million, and Category D for projects with construction costs greater than \$20 million. The Section has the option to nominate one or more winners in each of the categories and to name one particular project in any category as the national Outstanding Civil Engineering Achievement (OCEA). The Milwaukee Art Museum Addition was nominated for and won the national OCEA Award in 2003.

The Section's other awards include the Distinguished Service Award of the Year, The Young Civil Engineer of the Year, and Engineer's Merit Awards for Engineers in Education, Consulting Practice, Government Service, and Private Practice. The list of recipients of these awards is published in the Yearbook.

National Historical Civil Engineering Landmarks

The Historic Civil Engineering Landmark (NHCEL) program recognizes historically significant civil engineering projects, structures, and sites.

In 1974 ASCE designated the Milwaukee Metropolitan Sewage Treatment Plant as a National Historical Civil Engineering Landmark and on August 29, 1974, Charles W. Yoder, National President, presented a bronze plaque to the Metropolitan Sewage Commission. It was accepted by Raymond D. Leary, Chief Engineer and General Manager of the plant. Section President Philip G. Sikes presided at the meeting which was attended by about fifty people, including the members of the Commission, Congressman Clement Zablocki and members of the Wisconsin Section. This was the first such designated landmark in Wisconsin.

In 1977, ASCE, in cooperation with the American Society of Mechanical Engineers and the Institute of Electrical and Electronic Engineers, jointly designated the Vulcan Street Hydro-Electric Plant in Appleton a National Historic Civil, Mechanical and Electrical Engineering Landmark. On September 15, 1977, a bronze plaque was unveiled at a replica of the plant at 807 South Oneida Street, in Appleton, recognizing it as the first Edison hydro-electric central station to serve a system of private and commercial customers in North America. Present at the dedication ceremony were William G. Gibbs, ASCE President-Elect; Ralph Wallace, ASCE Vice-President; Harvey Shebesta, Wisconsin Section President; and officers from ASME, IEEE, and the Wisconsin-Michigan Power Company.

In 2002 ASCE's History and Heritage Committee designated the Marshall Building, 207 East Buffalo Street, Milwaukee, as a NHCEL. Designed by civil engineer Claude A.P. Turner and constructed in 1906, the Marshall Building is the oldest existing example of flat slab concrete construction in the world. Turner's flat-slab system differed from previous reinforced concrete construction in that it consisted only of a slab and supporting columns, eliminating the time and expense of formed beams on the underside of the floor. The system was a source of intense debate and controversy when introduced. However, within a few years the method was embraced by the civil engineering community. By 1913 over 1,000 such buildings had been constructed. ASCE national president-elect Thomas L. Jackson, P.E., F.ASCE, dedicated the building in a ceremony on September 27, 2002, at the Marshall Building entrance.

Professional registration

The Architects and Engineers Registration Board was established in Wisconsin by statute on July 10, 1931. Leslie Van Hagen, Robert C. Johnson and James L. Ferebee were the first members of the ASCE Wisconsin Section to be appointed to the Board by the Industrial Commission. Since that time, a member of ASCE has been continuously appointed to this Board of Examiners. On September 5, 1935, the name of the Board was changed to Architects and Professional Engineers Registration Board. Currently, the Board is named the Architects, Professional Engineers, Designers and Land Surveyors Board.

National conferences

On July 9-10, 1929, the 59th annual convention of ASCE was held in Milwaukee with a registration of 342. On May 13-17, 1963, the Wisconsin Section was host to the National

Meeting on Water Resources. Registration included delegates and students from 42 states and 4 foreign countries. On July 16-20, 1972, the Section hosted a National Meeting, the National Transportation Conference. On June 26-30, 1994, Milwaukee was the site of the National ASCE sponsored International Conference on Marinas, Parks, and Recreation Developments. On June 20-24, 2002 Madison was the site of the ASCE 150th Anniversary Student Chapter National Conference.

Meetings

At the earlier regular Milwaukee section meetings, various subjects were presented by well qualified speakers. Subjects included, of course, technical engineering topics often presented by the members, discussions of new products, and new methods of construction. Speakers on banking, legislation, unionism, legal questions, and others broadened the scope of the meetings.

Often an afternoon tour of a project was followed by the evening dinner meeting. Tours were conducted through many industrial plants—Allis-Chalmers, Bucyrus-Erie, Marquette Cement, Wisconsin Bridge and Iron Works, to name a few. Construction projects were toured, such as the Greek Orthodox Church, the Mitchell Park Domes, the Harbor Bridge, Marine National Bank Building, and the First Wisconsin Tower. Among national laboratories visited were the Forest Products Laboratory at Madison, the Paper Institute at Appleton, and the Portland Cement Association Laboratory at Skokie, Illinois. Other special events included Ladies' Night meetings usually held in May and family outings in late August. With the formation branches within the section, meetings and special events are now scheduled on a branch basis with only Section meetings being the annual meeting in the fall and the technical conference in spring.

The Section's annual meeting was held each December until 1963, when it was changed to September at the same time that the fiscal year was changed to run from October 1 to September 30. Since 1971, the annual meeting has been an all-day affair that includes technical sessions, timely topics of the day, and award presentations. The spring technical conferences started in the late 1980s and are afternoon and early evening meetings, usually held in March.

Younger members

Younger Member Groups have been established in the Southwest Branch and the Fox River Valley Branch to supplement section and branch functions with programs that are particularly designed for members age 35 and under. They have established themselves as vibrant groups with their own officers and social programs.

Newsletter

The section newsletter started in 1958 as means of communication and contact with the membership. It contains information on recent and upcoming Section activities, including the Section Board Meetings, as well as branch meetings. It also contains the president's column and many other items of interest. Each branch also publishes a newsletter.

Web site

The section web site was established in 2000 to supplement the newsletter and to allow dissemination of section information to members via the internet. Similar to the newsletter, it contains information on recent and upcoming section activities, a list of all committees and their members and a library of minutes from Board of Directors meetings. The Southeast Southwest and Fox River Valley branches have also established individual branch web sites.

Wisconsin Section Officers

Practitioner Advisors	Lori L. Rosenthal, P.E., M.ASCE Matt J. Laufer, M.ASCE

Wisconsin Section 2008 Individual Awards

Individual Awards

Individual civil engineering achievement is recognized annually by the Wisconsin Section. The awards are given to individual Wisconsin Section ASCE members for achievement /service on a particular project or a particular accomplishment. This year's individual award winners are:

- Distinguished Service Thomas R. Walther, P.E., F.ASCE
- Young Civil Engineer of the Year Justin Arndt, P.E., M.ASCE
- Individual Merit Award – Engr. in Consulting Practice Rajan I. Sheth, P.E., F.ASCE

Wisconsin Section 2007 Life Member Certificate Recipients

Life Membership in ASCE is reserved for individuals who have made a long time contribution and commitment to the Society and its profession. These members have reached the age of 65 years and have paid dues in any membership grade for a number of years, such that when added to their age, the sum equals or exceeds 95. Dues are now waived. This year's recipients are:

- Allan Banaszak, Aff.M.ASCE
- Richard Fedler, P.E., M.ASCE
- David Harp, P.E., M.ASCE
- Roger Huchthausen, P.E., M.ASCE
- George Lubeley, P.E., M.ASCE
- Ronald Oleson, P.E., M.ASCE
- William Pfeiffer, P.E., Aff.M.ASCE
- Charles Pogorelnik, P.E., M.ASCE
- Richard Severn, P.E., M.ASCE
- Robert Sindelar, P.E., Aff.M.ASCE
- Bruce Weber, P.E., M.ASCE

Wisconsin Section 2008 Engineering Achievement Awards

Civil engineering achievement within the State of Wisconsin is recognized annually by awarding the “Engineering Achievement Awards.” The awards are given for the Achievement, not to an individual, so that the many engineers who have worked on the project are recognized as having contributed. This year’s project award winners are:

Category A (Projects with construction costs under \$2 million)

Project: Elkhorn Road Roundabout/Bluff Road Reconstruction
Owner: City of Whitewater, WI
Design Engineer: Strand Associates, Inc.
General Contractor: Mann Bros., Inc.

Category B (Projects with construction costs of \$2 to \$10 million)

No award

Category C (Projects with construction costs of \$10 to \$20 million)

Project: Milwaukee Intermodal Station
Owner: Wisconsin Department of Transportation
Design Engineer: Graef, Anhalt, Schloemer & Associates, Inc.
Project Architect: Eppstein Uhen Architects, Inc.
Engineering Design: IBC Engineering Services
Civil Engineers: Kapur & Associates, Inc.
General Contractor: C G Schmidt, Inc.

Category C (Projects with construction costs of \$10 to \$20 million)

Project: Lakeshore State Park
Owner: State of Wisconsin
Design Engineer: JJR, LLC
Consultants: Westbrook Associated Engineers, Inc.
Earth Tech
Mead & Hunt
General Contractor: Luhr Bros., Inc.

Category D (Projects with construction costs over \$20 million)

Project: Arrowhead-Weston 345 kV Transmission Line
Owner: American Transmission Company. LLC
Design Engineer: Power Engineers, Inc.
General Contractor: M J Electric, LLC

Category D (Projects with construction costs over \$20 million)

Project: Claude Allouez Bridge Replacement
Owner: Wisconsin Department of Transportation
Design Engineer: Graef, Anhalt, Schlowmer & Associates, Inc.
Subconsultants: D K Consulting
Leonard & Finco Public Relations, Inc.
EMCS, Inc.
Great Lake Archaeological Research Center, Inc.
Soils & Engineering Services, Inc.
J T Engineering, Inc.
General Contractor: Lunda Construction Co.

Past Wisconsin Section Officers

The offices of Secretary and Treasurer were combined until 1962.

<u>Year</u>	<u>President</u>	<u>Secretary</u>	<u>Treasurer</u>
1924	J. S. Pinney	A. Lawrie Kurtz	A. Lawrie Kurtz
1925	T. C. Hatton	Herbert E. Nicol	Herbert E. Nicol
1926	W. J. Sando	Herbert E. Nicol	Herbert E. Nicol
1927	Joseph P. Schwada	Herbert E. Nicol	Herbert E. Nicol Herbert E. Bandtel
1928	A. E. Holcomb	Herbert E. Bandtel	Herbert E. Bandtel
1929	William M. White	Fred W. Ullius	Fred W. Ullius
1930	Charles S. Whitney	Fred W. Ullius	Fred W. Ullius
1931	Charles S. Whitney	Fred W. Ullius	Fred W. Ullius
1932	James L. Ferebee	Fred W. Ullius	Fred W. Ullius
1933	E. R. Roberts	Fred W. Ullius	Fred W. Ullius
1934	R. W. Gamble	Fred W. Ullius	Fred W. Ullius

2008	John G. Burgan	Julie L. Hoppe	William W. Wuellner

Past National Award Recipients

The objective of the honors program of the society is the advancement of the engineering profession by emphasizing exceptional service, either through research, publication or career achievement.

Honorary Members

Awarded to a person who has attained acknowledged eminence in some branch of engineering or in the arts and sciences related thereto, including the fields of engineering education and construction.

- Lloyd Rader - 1969
- Lloyd Knapp - 1973
- Herbert Goetsch - 1987
- Charles Salmon - 1994
- Keith Faherty - 1995

Thomas Fitch Rowland Prize

The award is given to authors whose papers describe in detail accomplished works of construction or which are valuable contributions to construction management and construction engineering. (Established in 1882)

- Kevin D. Swiggum - 1996
- Jeffrey S. Russell - 1996
- Lawrence C. Bank - 2002

Collingwood Prize

The prize is awarded annually to the younger member who have authored a paper describing an engineering work with which the author has been directly connected, or recording investigations contributing to engineering knowledge to which the author has contributed some essential part, and containing a rational digest of results. (Established in 1894)

- Jeffrey S. Russell - 1991
- Craig Benson - 1994

Rudolph Hering Medal

The Medal is awarded to the authors of the paper which contains the most valuable contribution to the increase of knowledge in, and to the advancement of, the environmental branch of the engineering profession. (Established in 1924)

- W. C. Boyle - 1975
- P. M. Berthouex - 1975

Waldo Smith Hydraulic Fellowship

The purpose of the award is to encourage research in the field of experimental hydraulics. (Established in 1938)

- Peter L. Monkmeyer - 1955
- John A. Hoopes - 1961

Daniel W. Mead Prize for Younger Members

The prize is awarded annually on the basis of papers on professional ethics. Each year the specific topic of the contest for the forthcoming year is selected by the Committee on Younger Members. (Established in 1939)

- Glenn Koepp - 1976
- Donald Buettner - 1967
- Michael D. Mucha - 1993
- Julie L. Hoppe - 2001

Daniel W. Mead Prize for Students

The prize is awarded annually on the basis of papers on professional ethics. Each year the specific topic of the contest for the forthcoming year is selected by the Committee on Student Activities. (Established in 1939)

- Alfred C. Ingersoll - 1942
- Tamara Larson - 2002

Karl Emil Hilgard Hydraulic Prize

The award is given to the author of a paper which is judged to be of superior merit, dealing with a problem of flowing water, either in theory or practice. (Established in 1939)

- John A. Hoopes - 1972

Ernest E. Howard Award

The award is made annually to a member who has made a definite contribution to the advancement of structural engineering, either in research, planning, design or construction, including methods and materials. (Established in 1954)

- Ralph E. Boeck - 1956

Thomas A. Middlebrooks Award

The award is made to the author of a paper published by the society which is judged worthy of special commendation for its merit as a contribution to geotechnical engineering. (Established in 1955)

- Craig Benson - 1995

Edmund Friedman Professional Recognition Award

This recognition is awarded annually to a member of the society who is judged to have contributed substantially to "the science and profession of engineering," as defined by the society's constitution. (Established in 1960)

- Lloyd D. Knapp - 1962
- Herbert A. Goetsch - 1977
- Luther W. Graef - 1991

Civil Government Award

The award is made to those members who have contributed substantially to the status of the engineering profession by meritorious public service in elective or appointive positions in civil government. (Established in 1963)

- Lowell Jackson - 1987

Walter L. Huber Civil Engineering Research Prize

Research Prizes are to be awarded to members of the society in any grade for notable achievements in research related to civil engineering. (Established in 1964)

- John A. Hoopes - 1972
- Jeffrey S. Russell - 1996
- Lawrence C. Bank - 1999
- Craig H. Benson - 2000
- Charles S. Melching - 2001

Robert Ridgway Student Chapter Award

The award is made annually to the single most outstanding student chapter. (Established in 1965)

- UW-Platteville - 1972

Harland Bartholomew Award

The award is made to the person who is judged worthy of special commendation for contributions to the enhancement of the role of the civil engineer in urban planning and development. (Established in 1968)

- Kurt Bauer - 1970

Surveying and Mapping Award

The award is made annually to the individual who has made a definite contribution during the year to the advancement of surveying and mapping. (Established in 1969)

- Eldon Wagner - 1979
- Kurt Bauer - 1994

Edmund Friedman Young Engineer Award for Professional Achievement

This recognition is awarded annually to younger members of the society who are judged to have attained significant professional achievement. (Established in 1972).

- Jeffrey S. Russell - 1993

CAN-AM Civil Engineering Amity Award

The award is made annually to a member of the American Society of Civil Engineers or the Canadian Society for Civil Engineering for either a specific instance that has had continuing benefit in understanding and good will, or a career of exemplary professional activity that has contributed to the amity of the United States of America and Canada. (Established in 1972)

- C. Allen Wortley - 1998

William H. Wisely American Civil Engineer Award

The award shall recognize individuals who have exhibited continuing efforts to better the history, tradition, developments and technical and professional activities of the Society. (Established in 1983)

- Jeffery S. Russell - 2005

Wilbur S. Smith Award

The award is made to the person who is judged worthy of special commendation for contributing to the enhancement of the role of the civil engineer in highway engineering. (Established in 1984)

- Ronald C. Sonntag – 2003

ASCE Presidents' Medal

The medal recognizes the accomplishments and contributions of eminent engineers to the profession, the society or the public. (Established in 1986)

- Lowell Jackson – 1988
- Jeffrey S. Russell - 2003

Richard R. Torrens Award

The award honors volunteer ASCE Journal editors who make outstanding contributions to the society's publications program. (Established in 1986)

- Lawrence C. Bank - 2001

Phillip R. Hoffman Award

Recognizes the individual who has made a definite contribution during the year to the field of hydroelectric generation-pumped storage. (Established in 1987)

- Gabor M. Karadi - 1989

Shortridge Hardestry Award

The award is given annually to the individual who has contributed substantially in applying fundamental results of research to solution of practical engineering problems in the field of structural stability. (Established in 1987)

- Donald R. Sherman – 2000

Harold R. Peyton Award for Cold Regions Engineering

The award is made to a member of the Society who has made outstanding contributions to cold regions engineering or to a basic understanding of cold environments. (Established in 1988)

- Tuncer B. Edil - 1989
- C. Allen Wortley - 1989
- C. Allen Wortley - 1997

Arthur Casagrande Professional Development Award

The award is given in recognition of outstanding accomplishments, as evidenced by completed works, reports, or papers in the field of geotechnical engineering. (Established in 1989)

- Craig Benson - 1995

ASCE Journal of Computing in Civil Engineering Best Paper Award

- Teresa Adams - 1994

National Historic Civil Engineering Landmarks

The Historic Civil Engineering Landmark Program recognizes historically significant civil engineering projects, structures, and sites. Three projects in Wisconsin have been recognized as landmarks.

Milwaukee Metropolitan Sewage Treatment Plant, Milwaukee

Started in 1919, this is America's earliest large-scale activated sludge type municipal sewage treatment plant. Because activated sludge proved to be a more successful method of environmental recycling, this plant was a major improvement over other contemporary treatment methods and an advance in municipal sanitary engineering. Many other municipalities have adopted its system of sewage treatment. The activated sludge process was selected because studies at the experimental station indicated better clarification, bacterial removal, solids removal, freedom from nuisance (odors for example), rate of purification per unit area, and the opportunity to use the water sludge in the production of fertilizer. The first sewage treatment plant, located on Jones Island, was designed to treat 85 million gallons of sewage daily. It began treating waste in 1925. The plant was expanded to treat an additional 115 million gallons of sewage daily and was put into operation on December 3, 1935.

Designated in 1974.

Vulcan Street Plant, Appleton

When it began operation in September 1882, this plant was the first Edison hydroelectric central station to serve a system of private and commercial customers in North America. This project was the beginning of cooperation among civil, mechanical, and electrical engineers in order to provide power for the United States. The Vulcan Street Plant was unique in linking a relatively sophisticated water-supply system -- consisting of flumes, wooden penstocks, and head-gate controls installed to regulate the water pressure powering the plant's turbines -- with the ongoing development of Edison generating systems to successfully demonstrate the practical application of water power in generating electrical power.

Designated jointly with the American Society of Mechanical Engineers and the Institute of Electrical and Electronic Engineers in 1977.

Marshall Building, Milwaukee

A pioneer of reinforced concrete construction, Claude A.P. Turner designed the Marshall Building's structure. It is the oldest extant example of Turner's "mushroom" flat-slab system, which transformed the design and construction of reinforced concrete floors worldwide.

Designated in 2002.

Past Wisconsin Section Outstanding Civil Engineering Achievement Awards

These awards recognized civil engineering achievements for projects located within the state of Wisconsin. The awards are given for the achievement, not to an individual, so that the many engineers who have worked on the particular projects are recognized as contributors. The construction cost of the project is considered only to categorize the entries. The project categories are currently defined as follows:

- Category A, construction cost under \$2,000,000
- Category B, construction cost over \$2,000,000 and under \$10,000,000
- Category C, construction cost over \$10,000,000 and under \$20,000,000
- Category D, construction cost over \$20,000,000

Nominations must be submitted to the Wisconsin Section Secretary not later than June 1 of the calendar year covering the achievement award.

<u>Year / Category</u>	<u>Project Award</u>	<u>Owner</u>	<u>Engineer</u>
1967	Dane County Coliseum	Dane County	Charles W. Yoder Assoc.
1968	MacArthur Square Garage	City of Milwaukee	Howard Needles Tammen & Bergendoff
1969	Marquette Interchange	State of Wisconsin Milwaukee County	Howard Needles Tammen & Bergendoff
1970	Water Pollution	City of Jenseville Control Facility	Mead & Hunt Jensen & Johnson
1971	Apostle Island Area Marina Development	City of Bayfield Madeline Island Marina	Warzyn Engineering and Service Co.
1972	Wittman Field Terminal Building	Winnebago County	Howard Needles Tammen & Bergendoff
1973	Point Beach Nuclear Plant	Wisconsin Electric Power Co. Wisconsin-Michigan Power Co.	Bechtel Corp.
1974	Don A. Tilleman Memorial Bridge	City of Green Bay	Howard Needles Tammen & Bergendoff

Past Wisconsin Section Outstanding Civil Engineering Achievement Awards

<u>Year / Category</u>	<u>Project Award</u>	<u>Owner</u>	<u>Engineer</u>
1975	Daniel Webster Hoan Memorial Bridge	State of Wisconsin Milwaukee County	Howard Needles Tammen & Bergendoff
1976	Green Bay Metropolitan Wastewater Treatment Facilities	Green Bay Metropolitan Sewerage District	Donohue & Assoc. Black & Veatch
1977	NMUC Wastewater Treatment Facility	Northern Moraine Utility Commission	Foth and Van Dyke & Assoc.
1978	No Award		
1979	Central Repair Garage	City of Milwaukee	Graef, Anhalt, Schloemer & Assoc.
1980	Pleasant Prairie Power Plant	Wisconsin Electric Power Co.	Sargent & Lundy
1981	Tower Drive Bridge	Wisc. Dept. of Transportation	Wisc. Dept. of Transportation
1982	No Award		
1983	Grand Avenue Mall	City of Milwaukee Milwaukee Redevelopment Corp.	Graef, Anhalt, Schloemer & Assoc.
1984	No Award		
1985	I-90 and I-94 Rehabilitation Madison-Portage	Wisc. Dept. of Transportation	Wisc. Dept. of Transportation
1986	Landfill Gas Collection and Electric Generation Systems at Omega Hills, Germantown, and at "Metro" Franklin	Waste Management of Wisconsin	Donohue & Assoc.
1987	A Oil Removal and Recovery System	Briggs & Stratton Corp.	Graef, Anhalt, Schloemer & Assoc.
	B Lac Courte Oreilles Hydroelectric Project		
	C No Award		
1988	A Category A - East Landfill Expansion	Outagamie County	Donohue & Assoc.
	B Wastewater Treatment Assoc.	City of Lake Geneva	Donohue & Assoc.

Past Wisconsin Section Outstanding Civil Engineering Achievement Awards

<u>Year / Category</u>	<u>Project Award</u>	<u>Owner</u>	<u>Engineer</u>	
	C	Marcus Amphitheater	Milwaukee World Festival (Summerfest)	Graef, Anhalt, Schloemer & Assoc.
	C	Milwaukee Center Underground Parking Structure	Trammel Crow Co.	STS Consultants, Ltd.
1989	A	No Award		
	B	McClain Athletic Facility	University of Wisconsin - Madison	Howard Needles Tammen & Bergendoff

Past Wisconsin Section Distinguished Service Awards

To recognize the importance of service to the community and people in general, while attaining a high professional standard of civil engineering conduct, accomplishment, and service, the Wisconsin Section Board of Directors on June 26, 1975, authorized the establishment of the Distinguished Service Award. Nominations must be made to the Secretary on or before June 1 of each year for referral to the Nominations Committee.

- 1976 Robert E. Meiling
- 1977 Philip G. Sikes
- 1978 James R. Villemonte
- 1979 Philip S. Davy
- 1980 No award
- 1981 Luther W. Graef, P.E., F.ASCE
- 1982 No award
- 1983 No award
- 1984 George J. Vellella
- 1985 William G. Murphy
- 1986 Don Dupies
- 1987 Henry F. Padgham III
- 1988 Harvey Shebesta, P.E., M.ASCE
Robert E. Schloemer, P.E., M.ASCE
- 1989 Keith J. Garnett, P.E., M.ASCE
- 1990 No award
- 1991 No award
- 1992 No award
- 1993 Herbert A. Goetsch, P.E., Hon.M.ASCE
- 1994 No award
- 1995 C Allen Wortley, P.E., L.S., F.ASCE
- 1996 John P. Klus, P.E., M.ASCE
- 1997 Keith F. Faherty, Ph.D., P.E.
- 1998 Kenneth J. Koscik, P.E., M.ASCE
- 1999 Alan B. Wagner, P.E., F.ASCE
- 2000 No award
- 2001 John W. Curtis, P.E., F.ASCE
- 2002 Thomas H. Wenzel, Ph.D., P.E., F.ASCE
- 2003 Darrell J. Berry, P.E., F.ASCE
- 2004 John L. Goetter, P.E., M.ASCE
- 2005 Charles W. Kopplin, P.E., M.ASCE
- 2006 Richard A. Smith, P.E., M.ASCE
- 2007 Timothy R. Bate, P.E., M.ASCE
- 2008 Thomas R. Walther, P.E., F.ASCE

Past Wisconsin Section Young Civil Engineer of the Year Awards

To recognize the professional contribution and accomplishments of younger members of the Wisconsin Section - ASCE, the Board of Directors, on January 23, 1975, authorized the establishment of the Wisconsin Young Civil Engineer of the Year Award. Nominations may be made to the Secretary on or before June 1 of each year for referral to the Nominations Committee.

- 1975 Robert W. Agnew, P.E., M.ASCE
- 1976 Harvey K. Hammond, P.E., M.ASCE
- 1977 Tuncer B. Edil, Ph.D., P.E., M.ASCE
- 1978 Charles W. Kopplin, P.E., M.ASCE
- 1979 Thomas H. Wenzel, Ph.D., P.E., F.ASCE
- 1980 Michael F. Davy, P.E., L.S., F.ASCE
- 1981 Patrick M. Olson, P.E., M.ASCE
- 1982 No award
- 1983 Harold J. Farchmin, P.E., F.ASCE
- 1984 Ralph B. Schroedel, P.E., M.ASCE
- 1985 Jeff M. Mazanec, P.E., M.ASCE
- 1986 No award
- 1987 Judith Wilson, P.E., M.ASCE
- 1988 Bruce W. Ramme, P.E., M.ASCE
- 1989 No award
- 1990 Steven G. Miller, P.E., M.ASCE
- 1991 Philip J. Le Claire, P.E., M.ASCE
- 1992 No award
- 1993 James F. Hayes, P.E.
- 1994 D. Michael Mucha, M.ASCE
- 1995 Mark P. Mathu, P.E., M.ASCE
- 1996 Jeffrey S. Russell, Ph.D., P.E., F.ASCE
- 1997 Lori L. Rosenthal, P.E., M.ASCE
- 1998 John A. Elkin, M.ASCE
- 1999 Randy A. Wirtz, Ph.D., P.E., M.ASCE
- 2000 Jason C. Sorci, P.E., S.E., M.ASCE
- 2001 Jill M. Organ, P.E., A.M.ASCE
- 2002 James M. Tinjum, P.E. M.ASCE
- 2003 Sandra D. Carpenter, A.M.ASCE
- 2004 Brian M. Udovich, P.E., M.ASCE
- 2005 Charles J. Winter, P.E., M.ASCE
- 2006 Uriah J. Wolfe, P.E., M.ASCE
- 2007 Laura A. Gerold, P.E., A.M.ASCE
- 2008 Justin M. Arndt, P.E., A.M.ASCE

Past Wisconsin Section Individual Merit Awards

Individual civil engineering achievement within the State of Wisconsin is recognized annually by awarding the Individual Merit Award." This award is given to Wisconsin Section ASCE members for achievement/service on a particular project or a particular accomplishment. Awards may be made annually in the following categories:

- Engineer in Education
- Engineer in Consulting Practice
- Engineer in Government Service
- Engineer in Private (utility, industry, etc.) Practice.

Nominations must be submitted to the Secretary not later than June 1 of the calendar year covering the merit award.

Year	Award	Recipient
1993	Engineer in Consulting Practice	Brian E. Smits, P.E., M.ASCE
1994	No awards	
1995	Engineer in Consulting Practice	Charles W. Kopplin, P.E., M.ASCE
	Engineer in Education	Jeffrey S. Russell, Ph.D., P.E., F.ASCE
	Engineer in Government Service	Kurt W. Bauer, Ph.D., P.E., L.S.
	Engineer in Private Practice	John W. Wehmeier, P.E., M.ASCE
1996	Engineer in Consulting Practice	Harold J. Farchmin, P.E., F.ASCE
	Engineer in Education	Thomas H. Wenzel, Ph.D., P.E., F.ASCE
	Engineer in Government Service	Paul A. Feller, P.E., M.ASCE
	Engineer in Private Practice	Wayne P. Schumm, P.E., M.ASCE
1997	Engineer in Consulting Practice	Ralph B. Schroedel, P.E., M.ASCE
	Engineer in Education	Peter L. Monkmeyer, Ph.D., P.E., M.ASCE
	Engineer in Government Service	Thomas M. Grisa, P.E., M.ASCE
	Engineer in Private Practice	Bruce W. Ramme, P.E., M.ASCE
1998	Engineer in Consulting Practice	Darrell J. Berry, P.E., F.ASCE
	Engineer in Education	Alphonse E. Zaroni, Ph.D., P.E., F.ASCE
	Engineer in Government Service	Thomas R. Walther, P.E., F.ASCE
1999	Engineer in Consulting Practice	Robert J. Montgomery, P.E., M.ASCE
	Engineer in Government Service	Timothy R. Bate, P.E., M.ASCE
2000	No awards	
2001	Engineer in Consulting Practice	John L. Goetter, P.E., M.ASCE

Past Wisconsin Section Individual Merit Awards

<u>Year</u>	<u>Award</u>	<u>Recipient</u>
	Engineer in Government Service	Kevin Shafer, P.E., M.ASCE
	Engineer in Education	Lisa Riedle, P.E., M.ASCE
2002	Engineer in Consulting Practice	Richard A. Smith, P.E., M.ASCE
	Engineer in Education	Christopher M. Foley, P.E., M.ASCE
	Engineer in Government Service	Stanley W. Woods, P.E., F.ASCE
	Engineer in Private Practice	David K. Mathews, P.E., M.ASCE
2003	Engineer in Consulting Practice	John G. Burgan, P.E., M.ASCE
	Engineer in Government Service	Robert Bryson, P.E., M.ASCE
2004	Excellence in Journalism	Dan Egan
	Engineer in Education	Richard A. Devries, P.E., M.ASCE
	Engineer in Government Service	Clark A. Wantoch, P.E., M.ASCE
2005	Engineer in Consulting Practice	Frederick W. Groth, P.E., M.ASCE
	Engineer in Education	Mark S. Meyers, P.E., M.ASCE
	Engineer in Government Service	Ernest J. Peterson, P.E., M.ASCE
2006	Engineer in Consulting Practice	John T. McCarthy, P.E., M.ASCE
	Engineer in Education	John A. Hoopes, Ph.D., P.E., M.ASCE
	Engineer in Government Service	Michael K. Lynett, P.E., M.ASCE
2007	No awards	
2008	Engineer in Consulting Practice	Rajan I. Sheth, P.E., F.ASCE

Wisconsin Section Budget

The annual budget was approved by the section board on May 22, 2008.

GENERAL REVENUE

1	Section Dues	\$18,500
2	National Society Allotment	9,800
3	Interest from Checking & CDs	200
4	Yeager Fund Interest	70
5	Miscellaneous	100
6	State Public Affairs Grant	
	Alliance of Technical Professionals	0
	Future City	0
	Section Report Card	2,000
7	Volunteer Contributions	1,450
8	Award Revenue	500
	TOTAL GENERAL REVENUE	\$32,620

GENERAL EXPENSES

9	Miscellaneous	\$500
10	Branch Allotments	
	Membership (\$500 + \$6 per member)	10,850
	Scholarship (\$5,000 divided by membership)	5,000
	Student Chapters (\$100 per Student Chapter)	500
11	Financial Support Requests	4,000
12	Daniel Mead Contest	500
13	Stationery & Office Supplies	250
14	Postage	200
15	Newsletter and Postage (5 issues)	3,000
16	Yearbook	2,000
17	Meetings (Section Officers)	250
18	Headquarters Orientation	500
19	Students to Multi-Region Workshop	1,000
20	Student Chapter Allotments	1,625
21	Section Officer Honorarium	410
22	President Council	500
23	Committee Expenses	
24	Technical Committees	0
25	OSCES Awards	5,000
26	Younger Member Group	2,885
27	Awards Committee	1,700
28	ASCE Council	0
29	Alliance of Technical Professionals	1,000
30	Public Affairs Grant Programs	
31	Future City	1,000

32	Section Report Card	0
33	Region 3 Director Reimbursement	1,000
34	Region 3 Governor Reimbursement	200
	TOTAL GENERAL EXPENSES	\$43,870
	NET CHANGE IN GENERAL INCOME (DECREASE)	(\$11,250)
	<u>MEETING REVENUE</u>	
35	Annual Meeting Year 2008	2,000
36	Spring Technical Conference	3,000
	TOTAL MEETING REVENUE	\$5,000
	<u>MEETING EXPENSES</u>	
37	Annual Meeting Year 2008	2,000
38	Spring Technical Conference	2,000
	TOTAL MEETING EXPENSES	\$4,000
	NET CHANGE IN MEETING INCOME (DECREASE)	\$1,000
	TOTAL CHANGE IN INCOME (DECREASE)	(\$10,250)

Budget Line Item Descriptions

1	Section Dues	Section dues, collected by National, labeled line item on check stub.
2	National Society Allotment	Allotment from National ASCE; received once a year.
3	Interest from Checking & CDs	Interest from checking account & CD's.
4	Yeager Fund Interest	Interest from Yeager Fund CD.
5	Miscellaneous	Explained with a footnote at bottom of monthly statement.
6	State Public Affairs Grant	Paid by National (assuming a grant is awarded).
7	Volunteer Contributions	Voluntary contributions: collected by National, labeled line item on check stub.
8	Award Revenue	Fees for Project Award applications.
9	Miscellaneous	Explained with a footnote at bottom of monthly statement.
10	Branch Allotments	Scholarship funds to branches; allocated based on membership.
11	Financial Support Requests	Allocated per Board approval based on established guidelines. Includes technical committees.
12	Daniel Mead Contest	To be allocated to 1 or 2 top papers at the discretion of the jury.
13	Stationery & Office Supplies	Letterhead, mailing labels, etc.
14	Postage	Item available to defray Board members postal expenses.
15	Newsletter and Postage (5 issues)	Covers newsletter printing, handling, and postage costs.
16	Yearbook	Covers yearbook printing and collating costs.
17	Meetings (Section Officers)	Covers registration fees for two Section attendees; remainder is covered by National.

34	Region 3 Governor Reimbursement	Helps defray cost of Wisconsin Section's Region 3 Governor at meetings and events.
35	Annual Meeting	Income from Annual Meeting.
36	Spring Technical Conference	Income from Spring Technical Conference.
37	Annual Meeting	Expenses from Annual Meeting.
38	Spring Technical Conference	Expenses from Spring Technical Conference.

Wisconsin Section Constitution

Constitution adopted December 1974; amended December 1975, February 1981, April 1986 and September 1997.

Article I - Name and Objective

Section 1. The name of this organization shall be the Wisconsin Section, American Society of Civil Engineers.

Section 2. The objective of the Wisconsin Section shall be the advancement of the science and profession of engineering to enhance the welfare of all people in a manner consistent with the objective of the American Society of Civil Engineers.

Article II - Membership

Section 1. All members of the American Society of Civil Engineers of all grades, who subscribe to the Constitution and Bylaws of the Wisconsin Section, who have paid the current dues of the Section, shall be Subscribing Members of the Section. All other members of the American Society of Civil Engineers of all grades, whose addresses are within the boundaries of the Section, as defined by the Society, shall be Assigned Members of the Section.

Section 2. Only Subscribing Members shall have the right to vote, to hold office, to serve on committees, or to represent the Section officially.

Article III - Dues

Section 1. There shall be no entrance fee.

Section 2. Annual dues shall be established by the Bylaws of the Section. Subscribing membership ceases for any members whose dues are more than six months in arrears.

Section 3. Members exempt from payment of dues in the Society, such as Life Members, shall be exempt from payment of dues in the Section. Such exempt members shall be Subscribing Members.

Article IV - Officers and Governing Body

Section 1. The officers of this Section shall be a President, a President-Elect, a Vice President, a Secretary, and a Treasurer.

Section 2. The governing body of the Section shall be a Board of Directors consisting of the officers, the latest resident Past- President of the Section, four Directors at large, and one Director from each Branch.

Section 3. At least one member of the Board of Directors elected by the Section, shall be an Associate Member at the time of election to the Board.

Article V - Meetings

Section 1. The Annual Meeting shall be held on such date and at such place as the Board of Directors designate. Other meetings shall be called at the discretion of the Board of Directors; or by the President upon the written request of at least fifteen Subscribing Members.

Section 2. Notice of call for a meeting shall be mailed to all Subscribing Members not less than seven days in advance of the meeting date.

Article VI - Subsidiary Organizations

Section 1. Subsidiary organizations may be formed within the Wisconsin Section, to facilitate the carrying out of the objectives of the Section, to promote interest in the Society and to provide to members of the Section a better opportunity for participation in Local Section activities, in accordance with the provisions of the Bylaws.

Article VII - Bylaws

Section 1. The Section shall adopt Bylaws consistent with this Constitution for the guidance of officers and members.

Article VIII - Amendments

Section 1. This Constitution may be amended only by the following procedure:

(a) A proposed amendment to this Constitution must be submitted to the Section Secretary in a written petition signed by not less than 15 Subscribing Members of the Section.

(b) The proposed amendment shall be approved by the American Society of Civil Engineers before being voted on.

(c) The proposed amendment shall be voted upon by a majority of the Subscribing Members of the Section.

(d) To become effective it shall receive an affirmative vote of not less than two-thirds of the Subscribing Members voting.

Article IX - Miscellaneous Provisions

Section 1. No part of the net earnings of the Section shall inure to the benefit of any private shareholder or individual and no substantial part of the activities of the Section shall be carrying on propaganda, and the Section shall not participate in, or intervene in (including the publishing or distribution of statements), any political campaign on behalf of any candidate for public office.

Section 2. Upon dissolution of the Section the assets remaining after the payment of the debts of the Section shall be distributed to such corporation, community chest, fund, or foundation, organized and operated exclusively for religious, charitable, scientific, testing for public safety, literary or educational purposes, or for the prevention of cruelty to children or animals, which

would then qualify under the provisions of Section 501(c)(3) of the Internal Revenue Code, as they now exist or as they may hereafter be amended as the Board of Directors shall have designated and in the absence of such designation they shall be conveyed to the American Society of Civil Engineers.

Wisconsin Section Bylaws

Bylaws adopted December 1974; amended December 1975, February 1981, April 1986 and September 1997.

Article I - Dues

Section 1. The annual dues for all members of the Wisconsin Section except student members shall be twelve dollars, and for student members shall be three dollars, payable annually in advance on January 1.

Article II - Officers, Terms, and Vacancies

Section 1. The terms of office, for each officer shall be one year, which terms shall begin at the close of the Annual Meeting and continue until their successors are elected.

Section 2. The terms of office, for Directors at large shall be two years, which terms shall begin at the close of the Annual Meeting and continue until their successors are elected. One-half of the Directors at large shall be elected annually.

Section 3. The terms of office, for Directors from Branches shall be as determined by the Branches, which terms shall begin at the close of the Annual Meeting and continue until their successors are elected.

Section 4. A vacancy in the office of President shall be filled by the President-Elect. A vacancy in the office of President-Elect shall be filled by the Vice President. Other vacancies and vacancies created by ascension of officers, except Directors from Branches, shall be filled for the unexpired term by appointment by the Board of Directors. Branches shall appoint to fill vacancies in the office of Branch Director.

Section 5. A President-Elect who has filled a vacant office of President may serve as President in the following year. In such event, the former Vice President who has filled the vacant office of President-Elect shall continue in that office for the following year.

Section 6. No member shall serve in the same elective office more than three consecutive terms.

Article III - Nomination and Election of Officers

Section 1. By November 1 of each year, the President shall appoint, subject to confirmation of the Board of Directors, a Nominating Committee of not less than five Subscribing Members.

Section 2. By January 1 of each year, the Nominating Committee shall choose one or more candidates for election to each office, and for the Directors at Large, except the office of President, prescribed by the Constitution, and obtain the written consent of nominees to serve if elected. The list of nominees shall be published on or before the 15th day of March. In addition, candidates may be nominated by written petition containing fifteen signatures of Subscribing Members; provided however such candidates shall have consented in writing to serve if elected

and such petition and consent shall have been filed with the Secretary on or before the 15th day of April of each year.

Section 3. The Secretary shall send a letter ballot, containing the list of official nominees, a list of petitioned nominees if any, and a space for a write-in vote for another candidate for each office and Directors at Large to be elected, to each Subscribing Member of the section on or before the 15th day of May of each year.

Section 4. Ballots returned to the Secretary by the last day of June of each year shall be opened and counted by three tellers appointed by the President. For each office, except Directors at large, the candidate receiving the highest number of votes cast shall be declared elected. For Directors at large, the two candidates receiving the highest number of votes cast shall be declared elected.

Section 5. The President-Elect shall succeed to the office of President at the close of the Annual Meeting, except as provided in Article II of the Bylaws.

Article IV - Meetings

Section 1. In addition to the Annual Meeting, at least four meetings shall be held each year at regular intervals.

Section 2. Fifteen Subscribing Members shall constitute a quorum for transacting business at a meeting of the Section.

Section 3. All business meetings of the Section and subsidiary organizations and meetings of the Board of Directors shall be governed by Robert's Rules of Order, Revised, except as provided in the Constitution and Bylaws.

Section 4. At meetings of the Section Board of Directors, a Branch Director may be represented by an alternate who is a specified member of the Branch Board of Directors. The Alternate shall count toward the quorum and shall have voting privileges at the meeting.

Article V - Board of Directors

Section 1. The government of the Section shall be vested in the Board of Directors.

Section 2. The Board of Directors shall have control of the property and management of the Section.

Section 3. A majority of the Board shall constitute a quorum.

Article VI - Subsidiary Organizations

Section 1. Formation of subsidiary organizations shall be subject to the approval of the Wisconsin Section Board of Directors and such other requirements as may be established by the Society. Constitutions and Bylaws of subsidiary organizations shall be approved by the Wisconsin Section Board before becoming effective.

Section 2. Subsidiary organizations may be, but are not limited to, Branches, Younger Member Forums, and Technical Groups. Names of subsidiary organizations shall be as set forth in the Rules of Policy and Procedure for the Society.

Section 3. Branches of the Section will be created in accordance with the following requirements:

- (a) Those proposing a new Branch shall demonstrate in writing how it will be of advantage to members in the area to have a Branch.
- (b) A petition containing a minimum of 15 signatures of Society members residing in the area shall be submitted through the Local Section to the American Society of Civil Engineers.
- (c) A proposed Branch area shall contain a minimum potential of 30 members of the Society.
- (d) A proposed Branch must have distinct boundaries stated in the petition.

Section 4. Technical Groups shall be created in accordance with the following requirements:

- (a) Those proposing a Technical Group shall submit a statement to the Section Board of Directors with the name, objectives, officers, and brief comments on how it will be of advantage to members in the area to have a group.
- (b) Not less than fifteen Subscribing Members of the Sections may form a group.
- (c) Approval must be obtained from the Section Board of Directors to activate the group.

Section 5. Associate Member Forums and other subsidiary organizations shall be created under the procedure outlined in Section 4.

Section 6. Each subsidiary organization shall submit an annual budget and financial statement to the Board of Directors for approval.

Section 7. Each subsidiary organization President or Chair shall submit an annual written report to the Board of Directors on the activities and programs of the organization.

Section 8. Each subsidiary organization shall hold a minimum of two events per year. Any subsidiary organization that does not maintain the minimum activity level for two successive years, or does not have fifteen subscribing members on its rolls, shall be automatically disbanded. Assets of a disbanded subsidiary organization shall be assumed by the Wisconsin Section.

Article VII - Committees

Section 1. The President shall appoint committees responsible for programming, membership, awards and nominations, education, history, finance, public relations, Section publications, professional activities, and student activities, and as are from time to time deemed necessary.

Article VIII - District Council Delegates

Section 1. The President shall appoint, subject to confirmation of the Board of Directors, delegates to the District Council as required by Council Constitution and Bylaws.

Article IX - Amendments

Section 1. Bylaws may be adopted or amended only by the following procedure:

- (a) The proposed Bylaw or amendment shall be voted upon by written ballot from the Subscribing Members of the Section.
- (b) To become effective it shall receive an affirmative vote of not less than a majority of the Subscribing Members voting.

Fox River Valley Branch Bylaws

Adopted July 24, 1975

Article I - Name and Object

Section 1. The name of this organization shall be the Fox River Valley Branch, Wisconsin Section, American Society of Civil Engineers.

Section 2. The objective of the Fox River Valley Branch shall be the advancement of the science and profession of engineering, in a manner consistent with the objective of the American Society of Civil Engineers.

Article II - Area and Membership

Section 1. The area of the Fox River Valley Branch shall be the Counties of Brown, Calumet, Door, Florence, Fond du Lac, Forest, Green Lake, Kewaunee, Langlade, Manitowoc, Marinette, Marquette, Menomonee, Oconto, Outagamie, Shawano, Sheboygan, Waupaca, Waushara, and Winnebago in the State of Wisconsin.

Section 2. All members of the American Society of Civil Engineers of all grades who subscribe to the Bylaws of the Fox River Valley Branch, who have paid the current dues to the Section and Branch, and who are resident in the Branch area shall be Subscribing Members of the Branch. All other members of the American Society of Civil Engineers of all grades whose addresses are within the boundaries of the Branch as defined by the Society shall be Assigned Members of the Branch.

Article III - Dues and Finances

Section 1. The Branch activities shall be financed by Branch annual dues and an annual allocation of monies from the Section based on a budget proposed by the Branch and approved by the Section.

Section 2. There shall be no entrance fee.

Section 3. There shall be no branch dues.

Article IV - Officers and Governing Body

Section 1. The officers of the Branch shall be a president, a president-elect, and a secretary treasurer.

(a) The governing body of the Branch shall be a Board of Directors consisting of the Officers, the latest resident past president of the Branch, and no more than three directors—one of whom shall be an associate member under 31 years of age at the time of his election.

(b) The latest resident past president of the Branch shall be the Branch Director on the Wisconsin Section Board of Directors. In the event of his absence, the branch President may represent the Branch Director at Section Board Meetings.

Section 2. All officers, except the president, and directors shall be elected at the Annual Meeting for terms of 1 year, which terms shall begin at the close of the Annual Meeting and continue until their successors are elected.

Section 3. The term of office of the President shall be 1 year. The President Elect shall succeed to the office of President at the close of the Annual Meeting.

Section 4. Only subscribing members of the Branch shall be eligible for election to office.

Section 5. The duties of officers shall be those usual for such officers.

Section 6. A vacancy in the office of President shall be filled by the President Elect. Other vacancies shall be filled for the unexpired term by appointment by the Board of Directors.

Section 7. At meetings of the Board of Directors, three (3) members shall constitute a quorum.

Article V - Nomination and Election of Officers

Section 1. The President shall appoint, subject to confirmation of the Board of Directors, a nominating committee of not less than three (3) subscribing members.

Section 2. The nominating committee shall choose one or more candidates for election to each office, except the office of President, and for the Directors and obtain the consent of each nominee to serve if elected.

Section 3. The Secretary shall send a letter ballot, containing the list of official nominees and a space for a write in vote for another candidate for each office, to each subscribing member of the Branch at least 20 days previous to the Annual Meeting.

Section 4. Ballots returned to the Secretary up to the time of counting shall be opened and counted at the Annual Meeting by three tellers appointed by the President. For each office the candidate receiving the highest number of votes cast shall be declared elected.

Article VI - Meetings

Section 1. The Annual Meeting shall be held on such date in September and at such place as the Board of Directors designate. Other meetings shall be called at the discretion of the Board of Directors; or by the President upon the written request of at least 10 subscribing members.

Section 2. In addition to the Annual Meeting, at least three (3) other meetings shall be held each year at regular intervals.

Section 3. At all meetings, six (6) subscribing members shall constitute a quorum.

Section 4. Notice of call for a Branch meeting shall be mailed to all members of the Branch not less than seven (7) days in advance of the meeting date.

Section 5. All business meetings of the Branch and of the Branch Board of Directors shall be governed by Robert's Rules of Order, revised, except as provided by these Bylaws.

Article VII - Committees

Section 1. The President each year shall appoint the following committees: Program, Membership, Arrangements, and Public Information.

Section 2. The President shall appoint such other committees as are from time to time deemed necessary.

Article VIII - Amendments

Section 1. Bylaws may be adopted or amended only by the following procedure:

Section 2. The proposed bylaw or amendment shall receive an affirmative vote of not less than two thirds of the subscribing members voting.

Section 3. To become effective it shall receive the approval of the Board of Directors of the Wisconsin Section.

Article IX - Miscellaneous Provisions

Section 1. No part of the net earnings of the Branch shall inure to the benefit of any private shareholder or individual; and no substantial part of the activities of the Branch shall be carrying on propaganda or otherwise attempting to influence legislation; and the Branch shall not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of any candidate for public office.

Southwest Branch Bylaws

Adopted September 16, 1975

Article I - Name and Object

Section 1. The name of this organization shall be the Southwest Branch, Wisconsin Section, American Society of Civil Engineers.

Section 2. The objective of the Southwest Branch shall be the advancement of the science and profession of engineering, in a manner consistent with the objective of the American Society of Civil Engineers.

Article II - Area and Membership

Section 1. The area of the Southwest Branch shall be the Counties of Columbia, Crawford, Dane, Dodge, Grant, Green, Iowa, Jefferson, Lafayette, Richland, Rock, Sauk, and Vernon in the State of Wisconsin.

Section 2. All members of the American Society of Civil Engineers of all grades, who subscribe to the bylaws of the Southwest Branch and who have paid the current dues to the Section and Branch, and who are resident in the Branch area, shall be subscribing members of the Branch. All other members of the American Society of Civil Engineers of all grades, whose addresses are within the boundaries of the Branch as defined by the Society, shall be Assigned Members of the Branch.

Article III - Dues and Finances

Section 1. The Branch activities shall be financed by Branch annual dues and an annual allocation of monies from the Section based on a budget proposed by the Branch and approved by the Section.

Section 2. There shall be no entrance fee.

Section 3. There shall be no Branch dues.

Article IV - Officers and Governing Body

Section 1. The officers of this Branch shall be a president, a president-elect, and a secretary-treasurer.

Article V - Meetings

Section 1. The Annual Meeting shall be held on such date in September and at such place as the Board of Directors designate. Other meetings shall be called at the discretion of the Board of Directors; or by the President upon the written request of at least 10 subscribing members.

Section 2. In addition to the Annual Meeting, at least three (3) other meetings shall be held each year at regular intervals.

Section 3. At all meetings, six (6) subscribing members shall constitute a quorum.

Section 4. Notice of call for a Branch meeting shall be mailed to all subscribing members of the Branch not less than seven (7) days in advance of the meeting date.

Section 5. All business meetings of the Branch and of the Branch Board of Directors shall be governed by Robert's Rules of Order, revised, except as provided in these bylaws.

Article VI - Committees

Section 1. The President each year shall appoint the following committees: Program, Membership, Arrangements, and Public Information.

Section 2. The President shall appoint such other committees as are from time to time deemed necessary.

Article VII - Amendments

Section 1. Bylaws may be adopted or amended only by the following procedure:

(a) The proposed bylaw or amendment shall receive an affirmative vote of not less than two thirds of the subscribing members voting.

(b) To become effective, it shall receive the approval of the Board of Directors of the Wisconsin Section.

Article VIII - Miscellaneous Provisions

Section 1. No part of the net earnings of the Branch shall inure to the benefit of any private shareholder or individual and no substantial part of the activities of the Branch shall be carrying on propaganda, or otherwise attempting to influence legislation and the Branch shall not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of any candidate for public office.

(a) The governing body of the Branch shall be a Board of Directors consisting of the officers, the latest resident past-president of the Branch, and no more than three directors—one of whom shall be an associate member under 31 years of age at the time of his election.

(b) The latest resident past president of the Branch shall be the Branch Director on the Wisconsin Section Board of Directors. In the event of his absence, the Branch President may represent the Branch Director at Section Board Meetings.

Section 2. The terms of office for each officer shall be 1 year, which terms shall begin at the close of the Annual Meeting.

Section 3. The term of office for the President shall be 1 year. The President-Elect shall succeed to the office of President at the close of the Annual Meeting.

Section 4. Only subscribing members of the Branch shall be eligible for election to office.

Section 5. The duties of officers shall be those usual for such officers.

Section 6. A vacancy in the office of President shall be filled by the President-Elect. Other vacancies shall be filled for the unexpired term by appointment by the Board of Directors.

Section 7. At meetings of the Board of Directors, three (3) members shall constitute a quorum.

Article IX - Nomination and Election of Officers

Section 1. By November 1st of each year, the President shall appoint, subject to confirmation of the Board of Directors, a nominating committee of not less than three (3) subscribing members.

Section 2. By January 1st of each year, the nominating committee shall choose one or more candidates for election to each office, except the office of President, and for the directors and obtain the consent of each nominee to serve if elected.

Section 3. The Secretary shall send a letter ballot, containing the list of official nominees and a space for a write in vote for another candidate for each office, to each subscribing member of the Branch on or before the 15th day of April of each year.

Section 4. Ballots returned to the Secretary by the last day of May of each year shall be opened and counted by three tellers appointed by the President. For each office the candidate receiving the highest number of votes cast shall be declared elected.

Section 5. Upon dissolution of the Branch, the assets remaining after the payment of the debts of the Branch shall be distributed to such corporation, community chest, fund, or foundation, organized and operated exclusively for religious, charitable, scientific, testing for public safety, literary or educational purposes, or for the prevention of cruelty to children or animals, which would then qualify under the provisions of Section 501(c)(3) of the Internal Revenue Code, as they now exist or as they may hereafter be amended, as the Board of Directors shall have designated and in the absence of such designation they shall be conveyed to the American Society of Civil Engineers.

Northwest Branch Bylaws

Adopted September 16, 1975

Article I - Name and Object

Section 1. The name of this organization shall be the Northwest Branch, Wisconsin Section, American Society of Civil Engineers.

Section 2. The objective of the Northwest Branch shall be the advancement of the science and profession of engineering, in a manner consistent with the objective of the American Society of Civil Engineers.

Article II - Area and Membership

Section 1. The area of the Northwest Branch shall be the Counties of Polk, Barn, Rusk, Price, Iron, Vilas, Oneida, Lincoln, Marathon, Taylor, Chippewa, Dunn, St. Croix, Pierce, Pepin, Eau Claire, Clark, Wood, Portage, Adams, Juneau, Monroe, La Crosse, Jackson, Trempealeau, and Buffalo in the State of Wisconsin.

Section 2. All members of the American Society of Civil Engineers of all grades, who subscribe to the Bylaws of the Northwest Branch and who have paid the current dues to the Section and Branch, and who are resident in the Branch area, shall be subscribing members of the Branch. All other members of the American Society of Civil Engineers of all grades, whose addresses are within the boundaries of the Branch as defined by the Society, shall be Assigned Members of the Branch.

Article III - Dues and Finances

Section 1. Branch activities will be financed by an annual allocation of monies from the Wisconsin Section based on a budget proposed by the Branch and approved by the Section.

Section 2. There shall be no entrance fee.

Section 3. There shall be no branch dues.

Article IV - Officers and Governing Body

Section 1. The officers of this Branch shall be President, a President Elect, and a Secretary Treasurer.

(a) The governing body of the Branch shall be a Board of Directors consisting of the Officers, the latest resident past president of the Branch, and no more than three directors—one of whom shall be an associate member under 31 years of age at the time of his election.

(b) The latest resident past president of the Branch shall be the Branch Director on the Wisconsin Section Board of Directors. In the event of his absence, the Branch President may represent the Branch Director at Section Board Meetings.

Section 2. All officers, except the President and the Directors, shall be elected at the Annual Meeting for terms of 1 year, which terms shall begin at the close of the Annual Meeting and continue until their successors are elected.

Section 3. The term of office for the President shall be 1 year. The President-Elect shall succeed to the office of President at the close of the Annual Meeting.

Section 4. Only subscribing members of the Branch shall be eligible for election to office.

Section 5. The duties of officers shall be those usual for such officers.

Section 6. A vacancy in the office of President shall be filled by the President-Elect. Other vacancies shall be filled for the unexpired term by appointment by the Board of Directors.

Section 7. At meetings of the Board of Directors, three (3) members shall constitute a quorum.

Article V - Nomination and Election of Officers

Section 1. By November 1st of each year, the President shall appoint, subject to confirmation of the Board of Directors, a nominating committee of not less than three (3) subscribing members.

Section 2. By January 1st of each year, the nominating committee shall choose one or more candidates for election to each office, except the office of President, and for the directors, and obtain the consent of each nominee to serve if elected.

Section 3. The Secretary shall send, or cause to be sent, a letter ballot containing the list of official nominees and a space for a write in vote for another candidate for each office, to each subscribing member of the Branch on or before the 15th day of April of each year.

Section 4. Ballots returned to the Secretary by the last day of May of each year shall be opened and counted by three tellers appointed by the President. For each office the candidate receiving the highest number of votes cast shall be declared elected.

Section 5. Upon dissolution of the Branch, the assets remaining after the payment of the debts of the Branch shall be distributed to such corporation, community chest, fund, or foundation, organized and operated exclusively for religious, charitable, scientific, testing for public safety, literary or educational purposes, or for the prevention of cruelty to children or animals, which would then qualify under the provisions of Section 501(c)(3) of the Internal Revenue Code, as they now exist or as they may hereafter be amended, as the Board of Directors shall have designated and in the absence of such designation they shall be conveyed to the American Society of Civil Engineers.

Article VI - Meetings

Section 1. The Annual Meeting shall be held on such date in September and at such place as the Board of Directors designates. Other meetings shall be called at the discretion of the Board of Directors—or by the President upon the written request of at least 10 subscribing members.

Section 2. In addition to the Annual Meeting, at least three (3) other meetings shall be held each year at regular intervals.

Section 3. At all meetings, six (6) subscribing members shall constitute a quorum.

Section 4. Notice of call for a Branch meeting shall be mailed to all members of the Branch not less than seven (7) days in advance of the meeting date.

Section 5. All business meetings of the Branch and of the Branch Board of Directors shall be governed by Robert's Rules of Order, revised, except as provided in these Bylaws.

Article VII - Committees

Section 1. The President each year shall appoint the following committees: Program, Membership, Arrangements, and Public Information.

Section 2. The President shall appoint such other committees as are from time to time deemed necessary.

Article VIII - Amendments

Section 1. Bylaws may be adopted or amended only by the following procedure:

(a) The proposed Bylaw or amendment shall receive an affirmative vote of not less than two thirds of the subscribing members voting.

(b) To become effective, it shall receive the approval of the Board of Directors of the Wisconsin Section.

Article IX - Miscellaneous Provisions

Section 1. No part of the net earnings of the Branch shall inure to the benefit of any private shareholder or individual and no substantial part of the activities of the Branch shall be carrying on propaganda, or otherwise attempting to influence legislation and the Branch shall not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of any candidate for public office.

Section 2. Upon dissolution of the Branch, the assets remaining after the payment of the debts of the Branch shall be distributed to such corporation, community chest fund, or foundation, organized and operated exclusively for religious, charitable, scientific, testing for public safety, literary or educational purposes, or for the prevention of cruelty to children or animals, which would then qualify under the provisions of Section 501(c)(3) of the Internal Revenue Code, as they now exist or as they may hereafter be amended, as the Board of Directors shall have designated and in the absence of such designation they shall be conveyed to the American Society of Civil Engineers.

Southeast Branch Bylaws

Adopted September 16, 1977

Revised October 15, 1987 and January 7, 2003

Article I - Name and Objective

Section 1. The name of this organization shall be the Southeast Branch, Wisconsin Section, American Society of Civil Engineers.

Section 2. The objective of the Southeast Branch shall be the advancement of the science and profession of civil engineering, in a manner consistent with the objective of the American Society of Civil Engineers.

Article II - Area and Membership

Section 1. The area of the Southeast Branch shall be the counties of Kenosha, Milwaukee, Ozaukee, Racine, Walworth, Washington, and Waukesha in the State of Wisconsin.

Section 2. All members of the American Society of Civil Engineers of all grades, who subscribe to the Bylaws of the Southeast Branch and who have paid the current dues of the Section and Branch, and who are resident of the Branch area, shall be subscribing members of the Branch. All other members of the American Society of Civil Engineers of all grades, whose addresses are within the boundaries of the Branch as defined by the Society, shall be Assigned Members of the Branch.

Article III - Dues and Finances

Section 1. The Branch activities shall be financed by Branch annual dues and an annual allocation of monies from the Section based on a budget proposed by the Branch and approved by the Section.

Section 2. There shall be no entrance fee.

Section 3. The Branch annual dues of each member shall be established by the Branch Board.

Section 4. Members exempt from payment of dues in the Society shall be exempt from payment of Branch dues. Such exempt members shall be subscribing members.

Article IV - Officers and Governing Body

Section 1. The officers of this Branch shall be a president, a president-elect, a secretary, and a treasurer.

(a) The governing body of the Branch shall be a Board of Directors consisting of the officers, the latest resident past-president of the Branch, and no more than three directors—one of whom shall be an associate member under 35 years of age at the time of his election.

(b) The latest resident past-president of the Branch shall be the Branch Director on the Wisconsin Section Board of Directors. In the event of his absence, the Branch President may represent the Branch Director at Section Board Meetings.

Section 2. The terms of office for each officer shall be 1 year, which terms shall begin at the close of the Annual Meeting.

Section 3. The term of the President shall be 1 year. The President-Elect shall succeed to the office of President at the close of the Annual Meeting.

Section 4. No member shall serve in the same elective office for more than three (3) consecutive terms.

Section 5. Only subscribing members of the Branch shall be eligible for election to office.

Section 6. The duties of the officers shall be those usual for such officers.

Section 7. A vacancy in the office of President shall be filled by the President-Elect. Other vacancies shall be filled for the unexpired term by appointment by the Board of Directors.

Section 8. At meetings of the Board of Directors, four (4) members shall constitute a quorum.

Article V - Nomination and Election of Officers

Section 1. By November 1st of each year, the President shall appoint/subject to confirmation of the Board of Directors, a nominating committee of not less than three (3) subscribing members.

Section 2. By January 1st of each year, the nominating committee shall choose one or more candidates for election to each office, except the office of the President, and for the Directors and obtain the consent of each nominee to serve if elected.

Section 3. The Secretary shall send a letter ballot, containing the list of official nominees and a space for a write in vote for another candidate for each office, to each subscribing member of the Branch on or before the 15th day of May of each year.

Section 4. Ballots returned to the Secretary by the last day of June of each year shall be opened and counted by three tellers appointed by the President. For each office, the candidate receiving the highest number of votes cast shall be declared elected.

Section 5. All business meetings of the Branch Board of Directors shall be governed by Robert's Rules of Order, revised, except as provided in these bylaws.

Article VI - Meetings

Section 1. The Annual Meeting shall be held on such a date in September and at a place as the Board of Directors designate. Other meetings shall be called at the discretion of the Board of Directors; or by the President upon written request of at least 10 subscribing members.

Southeast Branch Bylaws

Section 2. In addition to the Annual Meeting, at least three (3) other meetings shall be held each year at regular intervals.

Section 3. At all meetings, twenty (20) subscribing members shall constitute a quorum.

Section 4. Notice of call for a Branch meeting shall be mailed to all subscribing members of the Branch not less than seven (7) days in advance of the meeting date.

Section 5. All business meetings of the Branch and of the Branch Board of Directors shall be governed by Robert's Rules of Order, revised, except as provided in these bylaws.

Article VII - Committees

Section 1. The President each year shall appoint the following committees: Program, Membership, Arrangements, and Public Information.

Section 2. The President shall appoint such other committees as are from time to time deemed necessary.

Article VIII - Amendments

Section 1. Bylaws may be adopted or amended only by the following procedure:

(a) The proposed Bylaw or amendment shall receive an affirmative vote of not less than two thirds of the subscribing members voting.

(b) To become effective, it shall receive the approval of the Board of Directors of the Wisconsin Section.

Article IX - Miscellaneous Provisions

Section 1. No part of the net earnings of the Branch shall inure to the benefit of any private shareholder or individual and no substantial part of the activities of the Branch shall be carrying on propaganda or otherwise attempting to influence legislation and the Branch shall not participate in, or intervene in (including the publishing or distributing of statements), any political campaign on behalf of any candidate for public office.

Section 2. Upon dissolution of the Branch, the assets remaining after the payment of the debts of the Branch shall be distributed to such corporation, community chest, fund, or foundation, organized and operated exclusively for religious, charitable, scientific, testing for public safety, literary or educational purposes, or for the prevention of cruelty to children or animals, which would qualify under the provisions of Section 501(c)(3) of the Internal Revenue Code, as they now exist or as they may be amended, as the Board of Directors shall have designated and in the absence of such designation they shall be conveyed to the American Society of Civil Engineers.
