

# APRIL 2026 NEWSLETTER

## From the the President

Dear CSCE Members,

It's hard to believe how quickly the year has gone by—spring is already here, and the ACE Awards are just around the corner. This event is always a great opportunity to come together and recognize the outstanding work and contributions of our members and firms over the past year. This year, we're proud to honor five project awards, three individual award recipients, and one firm-specific achievement. We'll be highlighting each of these in more detail later in next month's newsletter.

Serving as Section President, I truly appreciate the chance to recognize the effort, innovation, and dedication that went into each of these accomplishments. Congratulations to all of this year's award recipients.

Looking ahead, our next events will be:

- 19<sup>th</sup> Annual ACE Awards at the Aqua Turf Club on May 12th
- Fairfield County Branch Social at Brewport, Bridgeport, CT, on May 14th
- CSCE YMG Night at the Ballpark in Hartford, CT, on May 27th
- 31<sup>st</sup> Annual Scholarship Golf Outing on June 4th at Timberlin Golf Club, held in partnership with CT ITE.

Our golf outing is always one of the standout events of the year—not just for the time spent on the course, but for its purpose in supporting students pursuing careers in civil engineering. It's a great cause and a great day, and I hope to see many of you there.

Sincerely,

Tyler Parker, P.E., M.ASCE

## 2025-2026 CSCE Annual Sponsorship

In 2024, CSCE introduced its Annual CSCE Sponsorship, which was a new sponsorship and promotional opportunity for companies in Connecticut and provided many benefits for companies, including:

- PowerPoint slide recognition at every meeting – presented by CSCE
- Company logo included in emails promoting the meeting
- Company logo included on all the meeting/event invitations sent by CSCE
- 5 dinner meeting registration vouchers – These can be used all at one dinner meeting or spaced out throughout the year at multiple dinner meetings, but not at the ACE Awards event
  - Includes PDHs for employees attending the meetings that offer PDHs
- Sponsorship recognition in CSCE Newsletter and on the CSCE website

In its inaugural year, CHA, HNTB, and Seaboard Drilling supported CSCE's activities through this sponsorship. For 2025–2026, CSCE would like to thank Integrated Geotechnical Solutions, Inc., Seaboard Drilling, CHA, McFarland Johnson and Parsons for supporting CSCE with such a sponsorship. Would your company like to become a sponsor for 2025–2026 too? If so, please register online or complete the form on the next page.

**SEABOARD**

## Annual CSCE Sponsorship Opportunity Form

### Benefits of Sponsorship:

- PowerPoint slide recognition at every meeting - presented by CSCE
- Company logo included in emails promoting the meeting
- Company logo included on all the meeting/event invitations sent by CSCE
- 5 dinner meeting registration vouchers - These can be used all at one dinner meeting or spaced out throughout the year at multiple dinner meetings, but not at the ACE Awards event
  - Includes PDHs for employees attending the meetings that offer PDHs
- Sponsorship recognition in CSCE Newsletter and on the CSCE website

Annual Sponsorship Cost for ASCE/CSCE firms (Firms with partnership relationships with ASCE or employ at least 5 CSCE members): \$2,000

Annual Sponsorship Cost for Non ASCE/CSCE firms: \$2,500

Firm Name: \_\_\_\_\_

Firm's ASCE Membership ID Number: \_\_\_\_\_

First & Last Names and ASCE Membership ID Numbers of Firm's 5 Employees who are CSCE Members:

\_\_\_\_\_  
\_\_\_\_\_

Firm Contact Name: \_\_\_\_\_

Firm Contact Phone: \_\_\_\_\_

Firm Contact Email: \_\_\_\_\_

### Payment Options:

Card - Invoice can be sent via PayPal that can be paid with a card or check

Check - Please send checks to: CSCE, P.O. Box 1101, Deep River, CT 06417

Questions? Please send an email to [csceinfo@gmail.com](mailto:csceinfo@gmail.com) or call/text 860-879-2723 (CSCE)

# UPCOMING EVENTS IN 2026

**MAY 12 19<sup>TH</sup> ANNUAL ACE AWARDS AT THE  
AQUA TURF CLUB**

**MAY 14 FAIRFIELD COUNTY BRANCH SOCIAL**

**MAY 27 YMG HARTFORD YARD GOATS TRIP**

**JUNE 4 CSCE/CTITE GOLF OUTING**

## **Life Member Group in CSCE?**

There are many exciting and valuable activities in CSCE that could benefit from a Life Member's expertise such as Engineers Week, mentoring programs for college students in one of our ASCE Student Chapters (like at Resume Reviews), mentoring Younger Members, visiting schools with the CSCE Career Guidance Committee, giving a presentation at a monthly dinner meeting or annual professional development seminar, and helping to prepare CSCE's 2026 Infrastructure Report Card for Connecticut. There are now 251 Life Members in CSCE, which represent about 15% of CSCE's membership. If you are a Life Member who is interested in getting more involved with CSCE by being a part of a fledgling Life Member Group, please send an email to CSCE at [csceinfo@gmail.com](mailto:csceinfo@gmail.com) or call/text 860-879-2723.

UHART SUMMER CAMP

Are there curious, hands-on students in your circle who love building, solving problems, or imagining the future of our infrastructure? We have a great opportunity for them!

I'm Prof. Song Wang, the assistant professor of the Civil Engineering Department at the University of Hartford. My department chair, Prof. Clara Fang, and I hosted a **Transportation & Civil Engineering Summer Camp at the University of Hartford** in Summer 2025, **funded by the Connecticut Department of Transportation (CTDOT)**, and we're excited to **offer this camp again this coming Summer 2026**.

This week-long, hands-on experience is designed especially for **high school students**. Participants will dive into key areas of civil engineering - including transportation, structural, geotechnical, construction, and environmental – while gaining exposure to emerging technologies such as drones and simulation tools. The camp includes interactive projects, field trips, and mentorship from university professors and industry professionals, all aimed at helping students explore future careers in this dynamic field. Note that this summer camp will equip students with versatile skills applicable across all engineering fields, even if they have only a minor interest in civil engineering.

**Camp Dates: July 6 – July 10, 2026**

**Cost: FREE**

**Application Deadline: May 5, 2026**

The application link and additional information, including highlights from last year's camp, are provided in our official website: <https://www.hartford.edu/academics/schools-colleges/ceta/academics/department-of-civil-environmental-and-biomedical-engineering/civil-engineering-summer-camp.aspx>.

We would greatly appreciate your help sharing this opportunity with interested students. Space is limited, so early applications are encouraged.

Thank you so much for your support!

Sincerely,

**Profs. Clara Fang and Song Wang**  
**Department of Civil, Environmental, and Biomedical Engineering**  
**University of Hartford**

## EVENT RECAP

April 10, 2026

## CSCE SCHOOL VISIT

On April 10, 2026, Dr. Song Wang had the privilege of visiting RHAM high school, representing the Civil Engineering Department at the University of Hartford and the Connecticut Society of Civil Engineers (CSCE), as part of a panel of professionals from across the Architecture, Engineering, and Construction (AEC) industry. His focus was on raising awareness of what civil engineers actually do – because in his experience, it remains one of the most misunderstood and underappreciated professions. From the roads and bridges we drive on every day, to clean water systems, flood control, and resilient infrastructure that holds communities together, civil engineering touches virtually every aspect of modern life. He also introduced students to CSCE and the broader professional community that supports this work. Connecting with 10th grade students – when major life decisions are still open – is something he find genuinely meaningful.

EVENT RECAP

April 14, 2026

CSCE DINNER MEETING

CSCE held our last monthly meeting for the 2026-27 program year at the U.S. Coast Guard Academy in New London, CT, on Tuesday, April 14, 2026. The meeting co-sponsors were the CT Chapter of the ASCE Transportation & Development Institute and the ASCE Student Chapter at the U.S. Coast Guard Academy. At this meeting, Cadet Caeden Babcock and Cadet Mollie Brinker kicked off the event with an overview of the Chapter's latest activities.

Following their presentation, the CSCE Board distributed its 2026 scholarships. This year, CSCE was able to offer 21 scholarships to high school seniors and college students and many of the recipients were able to attend this dinner meeting to accept their award in person. CSCE President Tyler Parker then gave an overview of CSCE's latest activities and volunteer opportunities and introduced the evening's speaker to the attendees.

Michael J. O'Connor, Executive Director of the Connecticut Port Authority, ended the evening with a presentation on the latest activities of the Port Authority, highlighting the New London State Pier Infrastructure Improvements. Seventy-six people attended this dinner meeting and CSCE looks forward to hosting another CSCE Dinner meeting at the Academy next year.

The UConn Driving Simulator event, held on April 15, 2026, offered participants a unique and immersive look into cutting-edge transportation research. Hosted by the Connecticut Transportation Safety Research Center (CTSRC), the tour introduced attendees to the advanced capabilities of the UConn Driving Simulator Lab and the wide range of studies conducted using this technology. Participants not only learned about ongoing research—covering topics such as distracted driving, vehicle-pedestrian interactions, and driving behaviors among teens and older adults—but also had the opportunity to experience the simulator firsthand. The hands-on component was a highlight of the event, allowing attendees to step behind the wheel in a safe, controlled environment and fully appreciate the realism and research potential of the system. With a small group size, attendees benefited from extended simulator time and meaningful interaction with CTSRC staff, creating an engaging and informative experience. While the off-campus location and mid-afternoon timing posed some challenges for broader participation, those who attended found the event highly worthwhile and enjoyable.

Landon Barlow, Jeremy Haugh and Leah Berlin from Haley & Aldrich visited Central Connecticut State University (CCSU) ASCE Student Chapter on April 16, 2026, to deliver an engaging presentation on geotechnical engineering. The event was well attended, with approximately 11 students present. The presentation sparked strong interest and led to a lively and insightful discussion, providing students with valuable perspectives on the field and opportunities to connect with practicing professionals.

## CSCE SCHOOL VISIT

The Connecticut Society of Civil Engineers (CSCE) participated in the 2026 High School Career Fair Expo on April 23, 2026, at Wesleyan University. Represented by Tommy Tran, P.E., CSCE connected with numerous high school students, promoting careers in civil engineering and demonstrating structural concepts using tensegrity models provided by students from the University of New Haven. The event, hosted by the Middlesex County Chamber of Commerce, was well organized and welcoming, offering a great opportunity for students to engage with professionals and explore future career paths in engineering.

## EVENT RECAP

## Geotechnical Seminar

**GEO-  
INSTITUTE**

**Connecticut Valley  
Chapter**

On Friday, April 24, 2026, the CT Valley Chapter of the ASCE Geo-Institute presented our Annual Spring Geotechnical Seminar. The Seminar focused on Environmental Geotechnics and Earth Retention and featured insightful presentations from Don J. DeGroot, ScD, P.E., of the University of Massachusetts Amherst, Katherine Coco, P.E., of Haley & Aldrich, Rick Smith, PG, of CJ Geo Contractors, Ashley L. Sullivan, P.E., Lori McCarthy, LSP, and Caren Irgang, P.E., of O'Reilly, Talbot & Okun Associates, Michael Mendick, P.E., CCM, and Richard J. Leso, P.E., of the Connecticut DOT, Nathan Coughenour, P.E., of Geo-Solutions, Inc., Jeffrey C. Evans, Ph.D., P.E., BC.GE, F.ASCE, of Parsons Corporation and Bucknell University, Dane Woo, of Geo-Solutions, Inc., and David Williams, Ph.D., P.E., BC.WRE, F.ASCE, F.EWRI, CFM, CPESC, PH, of David T. Williams and Associates, LLC.

Just before lunch, the Chapter presented its 2026 GEO-CT student scholarships to two of six college engineering students who are pursuing a career in geotechnical engineering in New England and were able to attend the Seminar. We are excited to watch each of the scholarship recipients shape the future of geotechnical engineering!

During lunch, a friendly golf putting tournament was held.

Congratulations to Tom Orszulak, P.E., of Down to Earth Consulting, and Shiv Bhardwaj, EIT, of Helical Drilling, for placing 1<sup>st</sup> and 2<sup>nd</sup> in the tournament!

The CT Valley Chapter greatly appreciates the efforts of many groups who made this event possible including the Seminar Organizing Committee; TPC River Highlands; 4AVNow for its audio and video support; all of our generous sponsors including Table Sponsor Subsurface Constructors; Putting Contest Sponsor Geopier; Student Sponsors Geobruigg and Helical Drilling; and Program Sponsors Geo-Instruments and Menard USA; and all of our exhibitors including Aero Aggregates of North America, CJGeo Contractors, ConeTec, Geobruigg, Geopier, Geostabilization International, Helical Drilling, Integrated Geotechnical Solutions, Keller - North America, Savy & Sons, and Seaboard Drilling.

We will soon begin to plan our next event, our Annual GEO-CT Fall Conference at the Sheraton Hartford South in Rocky Hill, CT, on October 02, 2026. If you are interested in helping with those efforts, please send an email to [csceinfo@gmail.com](mailto:csceinfo@gmail.com) or [cchampagnegeoct@gmail.com](mailto:cchampagnegeoct@gmail.com).

### Thank you to our Seminar Organizers!

DONATION

SURVEYING TOTAL STATION

CCSU ENGINEERING

The Central Connecticut State University (CCSU) Engineering Department is reaching out to our community for assistance in securing a donated used total station to support student surveying labs and fieldwork. The program is specifically seeking a Topcon ES-103, ES-105, or GM-55 model units that are commonly used in practice and compatible with the department's current equipment. A donation of one of these models would go a long way in enhancing hands-on learning opportunities and helping students build practical skills that translate directly to the field.

If you or your firm may be able to help, or would like more information, please contact Dr. Junnan Cao in the Engineering Department at [jcao@ccsu.edu](mailto:jcao@ccsu.edu). Your support is greatly appreciated and makes a meaningful difference for CCSU's future engineers.

**DONATE**

# VOLUNTEERS NEEDED

## Career Guidance Committee Chair

This group provides information on Civil Engineering to the public, school libraries, high school guidance personnel and students (K-12) to aid them in their choice of career and to provide them with useful information about preparing for a career in civil engineering.

## Continuing Education Committee Chair

This group formulates and executes Continuing Education activities in the Section consistent with the goals of the Board and assists other Section Committees and Technical Groups in areas of Continuing Education.

## History & Heritage Committee Chair

This group prepares and submits nomination papers to ASCE for the designation of Connecticut sites as National Historic Civil Engineering Landmarks, and works with ASCE on matters associated with such designation.

## CSCE Executive Board

Newsletter Editor

Treasurer

## Membership Committee Chair

This group encourages civil engineers to become affiliated with the National ASCE and the CSCE Section.

## Programs Committee Chair

This group plans, schedules and makes necessary arrangements for the Section's monthly dinner meetings.

## Legislative Affairs Committee Chair

This group investigates, studies, and makes recommendations to the Executive Board and Technical Groups concerning standards of practice, professional ethics, and other timely public issues in which the Civil Engineer has a particular interest and legislation as it affects the profession and the Section.

## LEND A HAND FOR OTHERS

JOIN US NOW

EMAIL [CSCEINFO@GMAIL.COM](mailto:CSCEINFO@GMAIL.COM) IF YOU WOULD LIKE TO VOLUNTEER

# CSCE CONNECTING WITH SCHOOLS

## For High Schools:

If you know of a high school that would be interested in getting information about careers in civil engineering, please contact CSCE via email at [csceinfo@gmail.com](mailto:csceinfo@gmail.com). CSCE Members would be very interested in connecting with high school students (virtually or in-person) to share information about career opportunities in civil engineering and related fields.

## For Middle Schools:

If you know of a middle school that is having a career day or has teachers who want to share information about civil engineering with their students, the CT Section of ASCE (CSCE) can help provide speakers who can talk to students about civil engineering & bring handouts such as brochures & flyers. Please contact CSCE via email at [csceinfo@gmail.com](mailto:csceinfo@gmail.com) for more information.
