

AUGUST 2025 NEWSLETTER

From the the President

Dear CSCE Members,

I hope everyone is enjoying the final weeks of summer and finding time to recharge before the busy fall season begins.

Looking ahead, September brings us back into our full program schedule. We'll kick things off with the SEI-CT Professional Social Night on September 2, followed by our CSCE Dinner Meeting at UConn on September 17. Later in the month, the GEO-CT Conference in Rocky Hill will give us another great chance to dive into technical topics and reconnect with colleagues. I encourage you to register early and take advantage of these excellent professional development opportunities.

As always, CSCE is looking for more speakers and presenters for the 2025-2026 season. If you are interested in sharing your work—or if you'd like to recommend a topic you'd like to see covered—please reach out to me at tparker@hwlochner.com. Your ideas and expertise help keep our programs relevant and engaging for all members.

Finally, I'd like to extend a sincere thank-you to all who continue to volunteer their time with CSCE. From mentoring students to supporting outreach events and organizing technical sessions, your contributions are what make our society thrive.

I look forward to seeing many of you at our upcoming events this fall.

Tyler Parker, P.E., M.ASCE

2025-2026 CSCE Annual Sponsorship

In 2024, CSCE introduced its Annual CSCE Sponsorship, which was a new sponsorship and promotional opportunity for companies in Connecticut and provided many benefits for companies, including:

- PowerPoint slide recognition at every meeting – presented by CSCE
- Company logo included in emails promoting the meeting
- Company logo included on all the meeting/event invitations sent by CSCE
- 5 dinner meeting registration vouchers – These can be used all at one dinner meeting or spaced out throughout the year at multiple dinner meetings, but not at the ACE Awards event
 - Includes PDHs for employees attending the meetings that offer PDHs
- Sponsorship recognition in CSCE Newsletter and on the CSCE website

In its inaugural year, CHA, HNTB, and Seaboard Drilling supported CSCE's activities through this sponsorship. For 2025-2026, CSCE would like to thank Integrated Geotechnical Solutions, Inc., Seaboard Drilling, and CHA for supporting CSCE with such a sponsorship. Would your company like to become a sponsor for 2025-2026 too? If so, please register online or complete the form on the next page.

Thank you to
our 2025-
2026 Annual
Sponsors!

CSCE Annual Sponsorship Form

Annual CSCE Sponsorship Opportunity Form

Benefits of Sponsorship:

- PowerPoint slide recognition at every meeting - presented by CSCE
- Company logo included in emails promoting the meeting
- Company logo included on all the meeting/event invitations sent by CSCE
- 5 dinner meeting registration vouchers - These can be used all at one dinner meeting or spaced out throughout the year at multiple dinner meetings, but not at the ACE Awards event
 - Includes PDHs for employees attending the meetings that offer PDHs
- Sponsorship recognition in CSCE Newsletter and on the CSCE website

Annual Sponsorship Cost for ASCE/CSCE firms (Firms with partnership relationships with ASCE or employ at least 5 CSCE members): \$2,000

Annual Sponsorship Cost for Non ASCE/CSCE firms: \$2,500

Life Member Group in CSCE?

There are many exciting and valuable activities in CSCE that could benefit from a Life Member's expertise such as Engineers Week, mentoring programs for college students in one of our ASCE Student Chapters (like at Resume Reviews), mentoring Younger Members, visiting a school with the CSCE Career Guidance Committee, giving a presentation at a monthly dinner meeting or annual professional development seminar, and helping to prepare CSCE's 2026 Infrastructure Report Card for Connecticut. There are now 251 Life Members in CSCE, which represent about 15% of CSCE's membership. If you are a Life Member who is interested in getting more involved with CSCE by being a part of a fledgling Life Member Group, please send an email to CSCE at csceinfo@gmail.com or call/text 860-879-2723.

UPCOMING EVENTS

SEPTEMBER 2, 2025

SEI-CT SOCIAL

Join SEI-CT for our Inaugural Social Night in Manchester, CT, from 5:30-8:30 p.m. on Tuesday, September 2, 2025!

ASCE/SEI Connecticut Chapter (SEI-CT) is excited to invite you to SEI-CT's first-ever social night - a casual evening designed for professionals working in civil/structural engineering field and associated industry to connect, collaborate, and strengthen ties within the structural engineering community in Connecticut. Enjoy great conversations, networking, trivia, and a featured presentation by Hamid Adib, Ph.D., P.E., F.SEI, F.ASCE (Jacobs / SEI Board of Governors) on SEI/ASCE Organizations and Activities in a relaxed atmosphere.

Location: Urban Lodge Brewing Co., 47 Purnell Place, Manchester, CT 06040
(Event Room in the Manchester Mall Shopping Center)
Parking: Free parking available near the Brewery

Prices

CSCE Professional Member: \$20

Non-CSCE Professional Member: \$25

Sponsorship: \$250

This sponsorship level provides prominent visibility with your company logo featured on table placards, a promotional video run during the networking hours, podium mentions, and includes 2 complimentary attendee registrations.

Bonus: The first 20 registrants will receive a free drink ticket!

September 17, 2025 CSCE Dinner Meeting at UConn Storrs
 5:30-6:30 p.m. Social & Registration Hour **EARN 1 NYS PDH**
 6:30 p.m. (Dinner & Presentation) **STUDENTS WELCOME**

At this meeting, Stephen Hall, P.E., Transportation Supervising Engineer at the CTDOT, will give a presentation on the plans to remove 2 traffic signals on Route 9 between Exit 22 near Silver Street in Middletown & Exit 25 at Route 99 in Cromwell to improve safety & reduce congestion.

Scan the QR code below or visit www.csce.org for more information about this meeting.

**ENVIRONMENTAL &
 WATER RESOURCES
 INSTITUTE**
 Connecticut Chapter

Please join CSCE for this webinar on the tools that CTDOT has developed for MS4 permit compliance that is sponsored by the CT Chapter of the ASCE Environmental & Water Resources Institute. These tools include the public facing CTDOT GIS Drainage Map ([CTDOT Drainage Network Interactive Map](#)). Using this map, CTDOT will demonstrate how drainage assets are collected within the CTDOT GIS schema, how condition ratings are performed and how areas of potential stormwater quality BMP's are identified. The presentation will also review the latest version of CTDOT's MS4 Worksheet ([ms4_worksheet-final.pdf](#)) and the CTDOT Worksheet Instructions ([ms4_worksheet_instructions_w_bmptables.pdf](#)), both of which are used to document stormwater quality impacts from capital projects. Lastly, the presentation will review the most relevant updates to the 2024 CTDEEP Stormwater Quality Manual and the updated DCIA disconnection crediting guidance in CTDOT's new MS4 permit that became effective on July 1, 2025.

CITIES OF THE FUTURE

JUL SEP
01–30

RATED G

Cities of the Future (3D)

Narrated by acclaimed actor John Krasinski, *Cities of the Future* invites you to explore the cutting-edge innovations engineers are developing to meet the challenges of a changing world. Renewable energy, space-based solar power, smart buildings, and aerial transit pods will reshape how we live and move. Electric flying vehicles will make traffic jams a thing of the past. This isn't science fiction — it's happening now. Travel to cities like Amsterdam, Los Angeles, and Singapore to see how engineers are creating a sustainable future driven by human ingenuity.

OCTOBER 21, 2025

CSCE DINNER MEETINGS

Please join civil engineering students, friends, colleagues and CSCE members at our monthly meeting at CT State Community College Three Rivers, Norwich, CT, on Tuesday, October 21, 2025. At this meeting, R. Scott Erricson, P.E., e2 engineers, will give a presentation on the New London Community Recreation Center project that opened in July 2025. One (1) New York State PDH will be offered at this meeting. This meeting is co-sponsored by the CT Chapter of the ASCE Construction Institute and students & faculty at CT State Community College Three Rivers.

EARN 1 NYS PDH
STUDENTS
WELCOME

Our dinner meeting will be preceded by a meeting of the Environmental Engineering Industrial Advisory Committee (IAC) at CT State Community College Three Rivers at 4 p.m. The Environmental Engineering Industrial Advisory Committee serves as a vital bridge between the classroom and the professional world. Its guidance ensures the program remains current, effective, and responsive to the evolving needs of industry—while reinforcing the college's mission to prepare students for meaningful, sustainable careers. At this meeting, the college is looking for input on updates for the A.S. degree in Environmental Engineering Technology as well as two key certificate programs (Land Surveying & GIS Environmental Health & Safety). If you would like more information about this meeting and how to attend, please send an email to csceinfo@gmail.com.

The Greater Hartford Mobility Study (GHMS) is a Planning and Environmental Linkage (PEL) study by the Connecticut Department of Transportation (CTDOT). It epitomizes a groundbreaking, expansive effort aimed at redefining the entire landscape of Greater Hartford's transportation infrastructure. The study is governed by the principles of the PEL approach and is a concerted, long-term effort to elevate mobility, stimulate economic growth, and fortify environmental sustainability across the Greater Hartford Region. By aligning with the PEL methodology, the study assesses and coordinates an array of transportation recommendations. Each is designed to bolster the interconnectedness, efficiency, and equality of the regional transportation network, thereby driving economic prosperity and enhancing the quality of life for residents and visitors alike.

Fairfield County Branch

AUGUST 14, 2025

SUMMER SOCIAL

The Fairfield County Branch hosted a summer social on Thursday, August 14th at Brewport Brewing Co. in Bridgeport, CT. We had a great turnout with 15 attendees, many of them new faces to the Branch!

Everyone enjoyed connecting over Brewport's signature pizza and drinks, making it a relaxed and welcoming evening of networking. It was exciting to see new members getting involved and engaging with the local engineering community.

The Branch is already planning another social this October, so stay tuned for details, hope to see even more of you there!

CSCE

AUGUST 22, 2025

HIGH SCHOOL OUTREACH

CSCE participated in the Phoenix Fair at Achievement First Hartford High School on 8/22 that attracted more than 100 students interested in exploring career pathways and higher education opportunities. During the event, students were introduced to the diverse roles of civil engineers, the breadth of civil engineering disciplines, as well as information on career growth and salary potential in the field.

To provide a hands-on learning experience, students participated in an engaging challenge to design and build a free-standing 3D structure using only sticks and masking tape. Through the activity, participants discovered the importance of triangles as the fundamental geometry in structural design. Upon completion, each student received an ASCE-branded squishy hardhat as a reward for their efforts.

The event generated great enthusiasm among the participants, with many expressing newfound interest in and inspiration from the field of civil engineering.

The CSCE Younger Member Group hosted its annual Summer Social on Saturday, August 23rd, with a scenic cruise through the Thimble Islands in Branford, CT. Eighteen attendees enjoyed a 45-minute narrated boat tour aboard the Sea Mist, learning about the history and charm of the islands while relaxing with colleagues and friends.

Following the cruise, about a dozen members gathered at the Stand Restaurant in Branford for appetizers and drinks, continuing the evening in good company. For many, it was their first time visiting the area, and the event was especially well-received as a fun and unique way to connect with fellow members.

Despite a last-minute change in the post-cruise venue due to the closure of the original location, the group adapted smoothly, and feedback was very positive. Many members expressed interest in seeing this event return in the future.

YMG Summer Social

EMPLOYMENT OPPORTUNITIES

LANGAN LANGAN - Senior Civil Engineer

Langan is seeking a Senior Civil Engineer in New Haven, CT, to provide planning, design, and permitting for civil engineering, land development, and infrastructure projects. You'll work on mixed-use developments, shopping centers, residential, higher education, and federal projects, all in a continuous learning environment.

Apply on careers.langan.com

RACE Coastal Engineering - Waterfront Engineer

RACE Coastal Engineering is seeking an Engineer with 5-10 years of experience to support various projects. A Bachelor of Science Degree in Civil, Structural, Geotechnical, and/or Coastal Engineering with a Master of Science Degree preferred.

RACE Coastal Engineering - Civil Engineer

RACE Coastal Engineering is seeking a Civil Engineer with 3-7 years of experience to support various waterfront projects. A Bachelor of Science Degree in Civil Engineering with a Master of Science Degree preferred.

RACE offers excellent compensation and benefits, including health and dental insurance, paid holiday/vacation/sick time, and a retirement savings plan. <https://www.racecoastal.com/contact>

Pereira Engineering - Civil Engineer, Land Surveyors and Survey Technicians

Pereira Engineering is an established Civil/Environmental/Land Surveying firm located in Shelton, CT. PE is seeking a Civil Engineer as well as Land Surveyors and Survey Technicians (at all levels of experience) to expand our Survey Department. PE offers a very competitive salary and benefits. Please email resume to: joe.pereira@pereiraeng.com.

EMPLOYMENT OPPORTUNITIES

City of West Haven, CT - Civil Engineer

The City of West Haven, CT, is accepting applications for an Assistant Engineer in its DPW. This is a 35-hour a week position that is responsible for technical work in the conduct of topographic and boundary surveys design and drafting for public works projects, and the inspection of municipal public works construction projects. This engineer will also work in concert with the City Engineer on municipal engineering projects. To apply, please click [here](http://www.cityofwesthaven.com) or visit www.cityofwesthaven.com.

Down To Earth Consulting - Senior Project Engineer

Down To Earth Consulting is seeking a Senior Project Engineer to join our geotechnical group in Naugatuck, CT. The successful candidate should have a BS degree from an ABET accredited civil engineering program, 5 to 10 years of experience, and be a licensed PE. Down To Earth Consulting is an Affirmative Action/Equal Opportunity Employer. To learn more about this opportunity, please submit your resume to ray@downtoearthconsulting.com

Conlon Engineering - Structural Engineer

Conlon Engineering, a growing structural design firm in Brookfield, CT is seeking a structural engineer with 0-3 years of experience doing design work and calculations. We are looking for a smart, hardworking engineer who wants to be part of a profitable firm that is set up for sustainable growth. Visit our website at conlonengineering.com and email resumes to office@conlonengineering.com

EMPLOYMENT OPPORTUNITIES

Siefert Associates - Project Engineers

Siefert Associates, LLC is seeking 8+ yrs experienced Project Engineers with technical Structural and/or Geotechnical skills. Work includes producing, checking and delivering Bridge Design, temporary support structures, demolition & erection plans, construction loading on structures, engineered lift plans, rigging design/analysis, crane layout, shoring towers, excavation, cofferdams, pile formation (and much more). Must have Bachelor's or Master's Degree in Engineering and hold a P.E. License.

Luchs Consulting Engineers - Civil Design Engineer

Luchs Consulting Engineers is a multi-disciplined engineering & surveying firm based in Meriden, CT. We have an immediate opportunity for a Civil

Design Engineer with the following qualifications:

- BS Degree in Civil Engineering; EIT or NICET a plus
- 3-7 years' experience in CTDOT design environment
- Roadway Drainage Design/HEC-RAS Hydraulic experience required
- Knowledge of MicroStation or AutoCAD required
- Comprehensive Benefit Package - Please email resumes to: dcrandall@luchs.com

**INTERESTED IN POSTING A JOB OPENING OR AD ON THE
CSCE WEBSITE OR IN THE NEWSLETTER?**

Please fill out the [Sponsorship Request Form](#) found on the Resources page of www.csce.org and send it to csceinfo@gmail.com. Once that information is received, CSCE will provide a cost estimate to you.

VOLUNTEERS NEEDED

Career Guidance Committee

This group provides information on Civil Engineering to the public, school libraries, high school guidance personnel and students (K-12) to aid them in their choice of career and to provide them with useful information about preparing for a career in civil engineering.

Continuing Education Committee

This group formulates and executes Continuing Education activities in the Section consistent with the goals of the Board and assists other Section Committees and Technical Groups in areas of Continuing Education.

Membership Committee

This group encourages civil engineers to become affiliated with the National ASCE and the CSCE Section.

Programs Committee

This group plans, schedules and makes necessary arrangements for the Section's monthly dinner meetings.

Legislative Affairs Committee

This group investigates, studies, and makes recommendations to the Executive Board and Technical Groups concerning standards of practice, professional ethics, and other timely public issues in which the Civil Engineer has a particular interest and legislation as it affects the profession and the Section.

LEND A HAND FOR OTHERS

JOIN US NOW

EMAIL CSCEINFO@GMAIL.COM IF YOU
WOULD LIKE TO VOLUNTEER

CSCE CONNECTING WITH SCHOOLS

For High Schools:

If you know of a high school that would be interested in getting information about careers in civil engineering, please contact CSCE via email at csceinfo@gmail.com. CSCE Members would be very interested in connecting with high school students (virtually or in-person) to share information about career opportunities in civil engineering and related fields.

For Middle Schools:

If you know of a middle school that is having a career day or has teachers who want to share information about civil engineering with their students, the CT Section of ASCE (CSCE) can help provide speakers who can talk to students about civil engineering & bring handouts such as brochures & flyers. Please contact CSCE via email at csceinfo@gmail.com for more information.
