

JANUARY 2026 NEWSLETTER

From the the President

Dear CSCE Members,

I hope you are all staying warm during this cold spell.

Thank you for your flexibility with the postponement of our January 27 dinner meeting. The rescheduled meeting will be held on February 17 at the University of Hartford, featuring Greg Sommer, West Hartford Town Engineer, and Joseph Balskus, P.E., PTOE, RSP1, Director of Transportation Systems with VHB. They will present West Hartford's Complete Streets Project Success Stories, including North Main Street, New Park Avenue, and others. If you have not yet registered, there is still time to do so.

In addition, please join CSCE for our monthly dinner meeting on Tuesday, February 10, 2026, at the University of New Haven. This meeting will feature Vincent M. Liang, P.E., and Han-Kil Lee, P.E., of Greenman-Pedersen, Inc., and their presentation on the Pulaski Skyway Span 47 Rocker Bent Replacement and Structural Monitoring Program.

It is hard to believe that it has already been four years since the publication of the 2022 Connecticut Infrastructure Report Card. CSCE is now preparing to begin work on the 2026 CT Infrastructure Report Card. If you are willing to volunteer your time to assist with this important effort, please reach out to me at tparker@hwlochner.com or contact our section email at csceinfo@gmail.com.

Sincerely,

Tyler Parker, P.E., M.ASCE

2025-2026 CSCE Annual Sponsorship

In 2024, CSCE introduced its Annual CSCE Sponsorship, which was a new sponsorship and promotional opportunity for companies in Connecticut and provided many benefits for companies, including:

- PowerPoint slide recognition at every meeting – presented by CSCE
- Company logo included in emails promoting the meeting
- Company logo included on all the meeting/event invitations sent by CSCE
- 5 dinner meeting registration vouchers – These can be used all at one dinner meeting or spaced out throughout the year at multiple dinner meetings, but not at the ACE Awards event
 - Includes PDHs for employees attending the meetings that offer PDHs
- Sponsorship recognition in CSCE Newsletter and on the CSCE website

In its inaugural year, CHA, HNTB, and Seaboard Drilling supported CSCE's activities through this sponsorship. For 2025–2026, CSCE would like to thank Integrated Geotechnical Solutions, Inc., Seaboard Drilling, CHA, McFarland Johnson and Parsons for supporting CSCE with such a sponsorship. Would your company like to become a sponsor for 2025–2026 too? If so, please register online or complete the form on the next page.

Life Member Group in CSCE?

There are many exciting and valuable activities in CSCE that could benefit from a Life Member's expertise such as Engineers Week, mentoring programs for college students in one of our ASCE Student Chapters (like at Resume Reviews), mentoring Younger Members, visiting schools with the CSCE Career Guidance Committee, giving a presentation at a monthly dinner meeting or annual professional development seminar, and helping to prepare CSCE's 2026 Infrastructure Report Card for Connecticut. There are now 253 Life Members in CSCE, which represent about 15% of CSCE's membership. If you are a Life Member who is interested in getting more involved with CSCE by being a part of a fledgling Life Member Group, please send an email to CSCE at csceinfo@gmail.com or call/text 860-879-2723.

SEI-CT CAREER FORUM

2026 SEI-CT 3rd Structural Engineering Student Career Forum

4:30pm-7:30pm, Thursday, February 12, 2026 • Central Connecticut State University

SEI-CT will host the 2026 3rd Structural Engineering Student Career Forum, bringing together students and structural engineering employers for presentations, discussions, and networking.

- Designed for undergraduate and graduate students interested in structural engineering career. Event features include employer introductions, career path panels, and one-on-one conversations with practicing engineers.
- Open only to ASCE Student Members; membership is free for eligible students.
- Employers are invited to participate through short presentations, panel discussions (optional), and individual student meetings.
- Student's resume required for Registration.
 - Students must upload a PDF resume when completing online registration.
 - Resumes will be shared exclusively with participating employers.
 - SEI-CT does not provide resume review; students are encouraged to seek support through CSCE YMG resume review events or their campus career center.
- Registration for students and employers will open soon. Please visit this webpage later: <https://sections.asce.org/connecticut/021226-sei-ct-student-career-forum>
- For additional information, contact SEI-CT at sei.ct@outlook.com.
- This event is sponsored by SEI Futures Fund. ASCE CCSU Student Chapter will assist with event operations.

March 4, 2026

EARN 1 NYS PDH

STUDENTS

WELCOME

Fairfield Branch

For High School Seniors: To be considered for this scholarship, an applicant must be an incoming freshman currently accepted in a college, university, or technical school, in a civil/environmental engineering or construction related program. Preference shall be given to applicants who are members or student members of CSCE/ASCE or have parents or relatives who are members of CSCE/ASCE.

The applicant is responsible for ensuring that the CSCE Administrative Assistant, prior to March 15, 2026 (or as noted on the CSCE website), receives all of the following items.

- Completed application form.
- Proof of enrollment and/or acceptance into a civil/environmental engineering or construction related program at a college, university or technical school
- One or two reference letters. Reference(s) cannot be a relative of the individual applying.
- Unofficial transcript of high school or technical school.
- Short Essay from applicant entitled, "Why I Should Receive the CSCE Student Scholarship." See Section V on the application form for more details.

For College Students: To be considered for this award, an applicant:

1. Must be a full-time junior or senior year student.
2. Must be nominated by a Civil/Environmental Engineering or Construction Engineering Department (or approved equal).
3. Must be a member in good standing of the chapter/club of the American Society of Civil Engineers and have a record of active involvement and leadership in campus and student chapter/club activities.

ASCE Student Chapter Faculty Advisors shall submit the student award nominations to CSCE by completing one form for each nominee. The deadline for submission of nomination is March 15, 2026 (or as revised on the CSCE website).

All scholarship recipients will be announced on or near April 1st of each year (or as revised on the CSCE website) and invited to the CSCE Dinner Meeting at the U.S. Coast Guard Academy in New London, CT, on April 14, 2026, to receive the scholarship in person.

Please visit CSCE online at <http://sections.asce.org/connecticut/awards> for the application forms.

SCHOLARSHIP OPPORTUNITY

We are excited to share a fantastic opportunity from the American Council of Engineering Companies of Connecticut (ACEC-CT) for students who are passionate about engineering. ACEC-CT is offering three scholarships worth \$2,500 each to Connecticut students pursuing ABET-accredited engineering or other technically related degrees.

Eligible applicants include:

- Connecticut high school seniors who have been accepted into ABET-accredited engineering program or other technically related program
- Connecticut college students (up to juniors) who are already enrolled in ABET-accredited engineering program or other technically related program

This scholarship is a wonderful chance for students to gain financial support while furthering their education in a field that is essential to building our future.

Deadline to apply: April 15, 2026

Learn more and apply: acec-ct.org/scholarships

CSCE is proud to support outreach efforts that inspire the next generation of engineers and strengthen connections between technical education and professional opportunities.

If you would be interested in sharing your career path with high school students in Connecticut, please email csceinfo@gmail.com.

2026 ACE Awards

Nominations

Due Date: March 15, 2026

19th Annual Achievement in Civil Engineering (ACE) Awards Aqua Turf Club, Plantsville, CT, on **Tuesday, May 12, 2026**

On May 12, CSCE will honor the design and construction achievements of Connecticut Civil Engineers between January 1, 2025, to December 31, 2025. Nominations are now being accepted for the following awards:

- **Projects Planned, Designed, or Constructed Substantially in 2025 in Connecticut**
- **Benjamin Wright Award**
- **Employer of the Year**
- **Civil Engineer of the Year**
- **Young Civil Engineer of the Year**
- **Civil Engineering Educator of the Year**

Submit your nominations to csceinfo@gmail.com by March 15th!

Scan this QR Code or visit www.csce.org for Nomination Forms

Over the weekend of January 9th and 10th, 2026, CSCE members Rich Cohen (Past Section President and current Region 1 Governor) and Michael Ciacciarella (CSCE YMG Vice President) attended the Multi-Region Leadership Conference held in Jacksonville Florida bringing together leaders from Regions 1, 2, 4 and 5.

The purpose of the Multi-Region Leadership Conference is to provide a venue for upcoming leaders to gain knowledge of the Society and their Region, interact with students, younger members, section, branch, and institute leaders, while gaining personal leadership skills and learning the importance of networking. These conferences provide an excellent mix of leadership training and information on ASCE resources, activities, and programs. ASCE's MRLCs not only aide in the development of aspiring leaders but will provide necessary professional development and networking opportunities.

Over the course of the two days Rich attended sessions with discussion topics such as "From Talk to Action – Communication Systems that Power Volunteer Boards", "Pathways to Leadership", "Marketing Civil Engineering – Our Shared Responsibility", and "Bridging the Gap: Leading Across Generations with Purpose and Understanding". Rich also had the pleasure of being the discussion moderator for a discussion on "Preparing for the Industry's Workforce Future" with ASCE Past-President (2023) and current Interim Director Maria Lehman, discussing impacts of AI, the future of education and certification for civil engineers, and the need for our current industry leaders to help market civil engineers to our communities in a way that is engaging and highlights the impact and importance of the work that engineers have on our built environment.

Michael attended sessions including a Town Hall and Roundtable Discussion with the Committee on Younger Members (CYM), where a variety of successes and challenges were shared by Younger Members across the Eastern Region. He also attended sessions including "Strategic Networking", "The Art of Difficult Conversations: Conflict, Feedback, and Negotiation", and even attended a "Leaders in Action Panel", hearing from civil engineering leaders from the Jacksonville area. Michael was the voting delegate representing Connecticut at the Eastern Regional Younger Member Council (ERYMC) Annual Business Meeting, where official conference business was discussed including voting on future host cities.

Michael was also successful in being awarded the ASCE Younger Members – Student Engagement & Activities Grant on behalf of the CSCE YMG! This grant is awarded to a Younger Member Group looking to further promote retention, engagement, and future pathways within ASCE to current student members. Our winning proposed activity includes organizing an in-person event which we will invite students from all six ASCE Student Chapters in Connecticut to, bringing them together to engage in conversations ranging from chapter successes, challenges, tips for student competitions, and much more. For many students, this may be the first time interacting with ASCE students at other universities. The grant funding we were awarded will go towards event planning costs for food and beverages, as well as any event space costs if necessary.

Next year, the Multi-Region Leadership Conference for Regions 1, 2, 4 & 5 will be held in Bethlehem, PA and will be hosted by the Lehigh Valley Section. Meanwhile, the ASCE convention is undergoing some big changes with a focus on technology and the future of civil engineering, with the conference set to re-emerge in 2027 in Philadelphia PA, details here: [ASCE2027 | March 1–5, 2027 | ASCE](#) ASCE has a current call for content, with submissions due March 4th, 2026.

FAIRFIELD BRANCH SOCIAL

The Fairfield County Branch had a nice turnout at Elicit Brewing in Fairfield on January 29th despite the cold temperatures. Nineteen attendees enjoyed the evening networking among new and familiar faces.

VOLUNTEERS NEEDED

Career Guidance Committee

This group provides information on Civil Engineering to the public, school libraries, high school guidance personnel and students (K-12) to aid them in their choice of career and to provide them with useful information about preparing for a career in civil engineering.

Continuing Education Committee

This group formulates and executes Continuing Education activities in the Section consistent with the goals of the Board and assists other Section Committees and Technical Groups in areas of Continuing Education.

Membership Committee

This group encourages civil engineers to become affiliated with the National ASCE and the CSCE Section.

Programs Committee

This group plans, schedules and makes necessary arrangements for the Section's monthly dinner meetings.

Legislative Affairs Committee

This group investigates, studies, and makes recommendations to the Executive Board and Technical Groups concerning standards of practice, professional ethics, and other timely public issues in which the Civil Engineer has a particular interest and legislation as it affects the profession and the Section.

LEND A HAND FOR OTHERS

JOIN US NOW

EMAIL CSCEINFO@GMAIL.COM IF YOU WOULD LIKE TO VOLUNTEER

CSCE CONNECTING WITH SCHOOLS

For High Schools:

If you know of a high school that would be interested in getting information about careers in civil engineering, please contact CSCE via email at csceinfo@gmail.com. CSCE Members would be very interested in connecting with high school students (virtually or in-person) to share information about career opportunities in civil engineering and related fields.

For Middle Schools:

If you know of a middle school that is having a career day or has teachers who want to share information about civil engineering with their students, the CT Section of ASCE (CSCE) can help provide speakers who can talk to students about civil engineering & bring handouts such as brochures & flyers. Please contact CSCE via email at csceinfo@gmail.com for more information.
