

JULY 2026 NEWSLETTER

From the the President

Dear CSCE Members,

We hope you are enjoying a wonderful summer, and that this newsletter finds you well. We are excited to kick off this year's meeting series with a joint webinar in September in partnership with COMTO CT. We look forward to bringing members another engaging professional development opportunity and will share additional details as they become available.

In addition to the webinar, we have several upcoming section events:

- Fairfield County Branch Social
August 13 at 5:30 p.m.
Two Roads Brewing Company, Stratford, CT
- YMG Summer Social - Mini Golf
August 26 at 5:30 p.m.
Hidden Valley Miniature Golf & Waterfront Grill, Southington, CT
- Joint CSCE & COMTO CT Webinar
September 9 at 12:00 p.m.
(Virtual)

Please also keep an eye out for more information about our dinner meeting series, as we are in the process of finalizing this year's schedule.

We look forward to connecting with you at our upcoming events and hope to see you soon!

Thank you,
2026-2027 CSCE President
Eric Hoyt, P.E., M.ASCE

2026-2027 CSCE Annual Sponsorship

In 2024, CSCE introduced its Annual CSCE Sponsorship, which was a new sponsorship and promotional opportunity for companies in Connecticut and provided many benefits for companies, including:

- PowerPoint slide recognition at every meeting – presented by CSCE
- Company logo included in emails promoting the meeting
- Company logo included on all the meeting/event invitations sent by CSCE
- 5 dinner meeting registration vouchers – These can be used all at one dinner meeting or spaced out throughout the year at multiple dinner meetings, except at the ACE Awards event
 - Includes PDHs for employees attending the meetings that offer PDHs
- Sponsorship recognition in CSCE Newsletter and on the CSCE website

In its inaugural year, CHA, HNTB, and Seaboard Drilling supported CSCE's activities through this sponsorship. In 2025-2026, Integrated Geotechnical Solutions, Inc., Seaboard Drilling, CHA, McFarland Johnson and Parsons supported CSCE with such a sponsorship. Would your company like to become a sponsor for 2026-2027? If so, please register online or complete the form on the next page.

Thank you to our 2026-2027 Annual Sponsors!

CSCE Annual Sponsorship Form

Annual CSCE Sponsorship Opportunity Form

Benefits of Sponsorship:

- PowerPoint slide recognition at every meeting – presented by CSCE
- Company logo included in emails promoting the meeting
- Company logo included on all the meeting/event invitations sent by CSCE
- 5 dinner meeting registration vouchers – These can be used all at one dinner meeting or spaced out throughout the year at multiple dinner meetings, but not at the ACE Awards event
 - Includes PDHs for employees attending the meetings that offer PDHs
- Sponsorship recognition in CSCE Newsletter and on the CSCE website

Annual Sponsorship Cost for ASCE/CSCE firms (Firms with partnership relationships with ASCE or employ at least 5 CSCE members): \$2,000

Annual Sponsorship Cost for Non ASCE/CSCE firms: \$2,500

Firm Name: _____

Firm's ASCE Membership ID Number: _____

Reimagining Connecticut's
Bus Stops: A Capital
Investment for Better Transit
by Jonas Luceus and Tyler
Roth of CTDOT

Scan this QR Code or
register on www.csce.org

TRANSPORTATION
& DEVELOPMENT
INSTITUTE
Connecticut Chapter

Connecticut has launched a first-of-its-kind effort to reimagine the everyday bus stop and transform it into a safer, more accessible, and more welcoming part of the public transportation experience. CTDOT's Bus Stop Enhancement Program is more than a shelter installation project — it is a statewide approach to improving how riders interact with transit, how communities connect to service, and how infrastructure can support dignity, comfort, and reliability for the people who depend on it every day. This presentation will give transportation professionals a closer look at how the program is being delivered across Connecticut, from selecting locations and coordinating with towns to advancing feasibility, design, installation, and long-term maintenance. Attendees will leave with a better understanding of how thoughtful bus stop improvements can strengthen the transit network, improve the rider experience, and support more accessible and connected communities.

UPCOMING EVENT

CSCE Dinner Meeting

September 23, 2026

Please join civil engineering students, friends, colleagues and CSCE members at our monthly meeting at CT State Community College Three Rivers, Norwich, CT, on Wednesday, September 23, 2026. At this meeting, Andrew Millovitsch, CTDOT Project Engineer, will give a presentation on the I-95 Interchange Improvements at Route 161 and Replacement of Bridge No. 00250 in East Lyme, CT. One (1) New York State PDH will be offered at this meeting. This meeting is co-sponsored by the CT Chapter of the ASCE Transportation & Development Institute and students & faculty at CT State Community College Three Rivers.

DOT Project No. 0044-0156 was awarded to Manafort Brothers Inc. on January 31, 2023, at a

contract amount of \$148,299,008.15. The 4-year project consists of a complete overhaul of the Exit 74 Interchange of Interstate 95, and a replacement of Bridge No. 00250 carrying I-95 over Route 161 in the town of East Lyme, CT. All the interchange on and off ramps have been improved and lengthened to provide acceleration and deceleration opportunities for traffic entering and exiting the interstate. Sight line issues that have existed in the past have been eliminated by the vast cut and fill operation that improved the profile of I-95 significantly. A permanent third lane is being added between Exits 74 and 75. The bridge has been doubled in length and width to accommodate a third lane on I-95 and widening to Route 161 below. Raised islands, improved drainage, increased pedestrian safety, and a new commuter lot are some of the highlights included on Route 161.

Environmental Engineering Industrial Advisory Committee (IAC) Meeting

Our dinner meeting will be preceded by a meeting of the Environmental Engineering Industrial Advisory Committee (IAC) at CT State Community College Three Rivers at 3:30 p.m. The Environmental Engineering Industrial Advisory Committee serves as a vital bridge between the classroom and the professional world. Its guidance ensures the program remains current, effective, and responsive to the evolving needs of industry—while reinforcing the college's mission to prepare students for meaningful, sustainable careers. If you would like more information about this meeting and how to attend, please send an email to csceinfo@gmail.com.

CSCE Webinar on Ethics

October 7, 2026

Wed., October 7, 2026 12 p.m. EST**Ethics Webinar Earn 1.5 NYS PDHs****Speaker:****David T. Williams, Ph.D., P.E., PH,
CFM, CPESC, F.ASCE, F.EWRI, BC.WRE**

Scan this QR
Code or register on www.csce.org

Please join CSCE for a webinar on ethics by David T. Williams, Ph.D., P.E., PH, CFM, CPESC, F.ASCE, F.EWRI, BC.WRE, at 12 p.m. EST on Wednesday, October 7, 2026. This webinar is 90 minutes long. People may earn 1.5 NYS PDHs at this event.

Every day, professionals face decisions that have ethical implications. And while the safety of the organization and the public is every professional's primary concern, time, personal, and resource pressures can often challenge these commitments. Taking a proactive approach to workplace ethics is the best course to mitigate these risks, avoid legal implications, and build a working atmosphere of integrity, trust, and purpose. In this webinar, we will discuss how to develop a strong and sustainable set of workplace ethics and guidelines designed to mitigate ethics creep, avoid legal implications, and build a solid, ethical foundation for a healthy workplace culture. We will explore common ethical topics and challenges and will detail the best practices when faced with ethically challenging situations. Additionally, we will discuss the difference between a Code of Conduct and a Code of Ethics, and finally, we will review several effective scenarios for academic, private practice and public officials.

Call for Abstracts

5th Annual GEO-CT Conference

October 2, 2026

The Connecticut Valley Chapter of the ASCE Geo-Institute is pleased to invite practitioners, contractors, researchers, educators, and vendors to submit abstracts for presentations at our 2026 GEO-CONNECTICUT Conference.

We are seeking 25-minute in-person presentations (followed by a 5-minute Q&A session) on a wide range of geotechnical engineering topics, with an emphasis on innovative technologies, practical solutions, and real-world applicability. We welcome submissions from across the geotechnical engineering community and encourage presentations that showcase innovative practices, unique challenges, case studies, interesting construction projects, and applicable research.

Event Details:

Date: Friday, October 2, 2026

Time: Approximately 8:00 AM - 4:00 PM

Location: Sheraton Hartford South in Rocky Hill, CT

Format: In-person only; presentation only (no written paper required)

Submission Guidelines:

Abstract Length: 250-500 words

Visual: Include one photo/graphic that illustrates the topic

Deadline: Friday, August 7, 2026Please email an abstract to csceinfo@gmail.com.

If you have any questions or concerns, you may email, call, or text the following contacts:

Amy Petrone, CSCE Administrative Assistant, csceinfo@gmail.com, 860-879-2723Cassandra Champagne, CT Valley Chapter of the ASCE Geo-Institute, cchampagne.geoct@gmail.com, 401-440-6704

EVENT RECAP

CSCE/CT ITE Golf Outing

June 4, 2026

The 31st Annual CSCE/CT-ITE Scholarship Golf Outing at Timberlin Golf Club was a tremendous success. Held on June 4, 2026, the event once again brought together industry colleagues and friends for a memorable day of golf, networking, and support for the scholarship program. This year, we were thrilled to celebrate a record turnout, with 148 attendees participating in the outing. The weather was perfect, creating an ideal setting for a full day on the course and making the event even more enjoyable for everyone involved.

Attendees enjoyed great food, exciting raffle prizes, and plenty of opportunities to socialize and network throughout the day. From the driving range and shotgun start to dinner and raffles, the event delivered a fun and welcoming atmosphere that reflected the strong sense of community within our organization.

We would also like to congratulate our award recipients and recognize their accomplishments (see photos).

A sincere thank you goes out to our sponsors and volunteers, whose generous support and hard work helped make the outing such a success:

- Tighe & Bond
- Helical Drilling
- VN Engineers
- Lane Enterprises
- Highland Consultants
- Keller - North America
- SLR International Corporation
- New England Traffic Solutions
- AKRF
- CDM Smith
- Parsons
- Savy & Sons
- STV

Thank you as well to all of the volunteers who gave their time and energy to support the event, and to everyone who attended, participated, and contributed to another successful outing. Your support continues to make this event a wonderful tradition and an important fundraiser for scholarships.

Longest Drive Winner - Tim Kennedy (STV)

First Place Team - (left to right) Steve Frycz (City of Stamford), Nathan Fankhanel (City of Norwalk), Fred Eshraghi (City of Norwalk)

Most Honest Team - Martinez Couch & Associates - (left to right) Matthew Ranando, Richard Couch, George Pendleton

EVENT RECAP

2026 UHart Transportation &
Civil Engineering Camp

July 7, 2026

Michael Ciacciarella, Shreyans Surana, Muhammad Salman Ali, Ariana Antonucci, and Tom Wamser volunteered as part of the 2026 University of Hartford Transportation & Civil Engineering Summer Camp on July 7th (day 2) of the camp. These 5 Younger Members introduced 24 campers, all current high school students, to the world of civil engineering and more particularly transportation. They introduced students to roadway intersections, delving into theory, design, and variables that must be considered when evaluating them.

EVENT RECAP

2026 UHart Transportation & Civil Engineering Camp

July 7, 2026

Afterwards, they conducted a field exercise, simulating four common types of intersections, with the students themselves acting as cars and trucks! The exercise included a two-way stop control, all-way stop control, traffic signal, and roundabout. Their presentation and activity were a huge success and students came away with a new perspective on transportation and civil engineering. The activity brought transportation engineering concepts to life in a way that was both fun and memorable. The students had a blast, and it was a perfect example of learning by doing.

**UNIVERSITY
OF HARTFORD**

ASCE
CONNECTICUT SOCIETY
OF CIVIL ENGINEERS

YOUNGER MEMBER GROUP

DONATION

SURVEYING TOTAL STATION

CCSU ENGINEERING

The Central Connecticut State University (CCSU) Engineering Department is reaching out to our community for assistance in securing a donated used total station to support student surveying labs and fieldwork. The program is specifically seeking a Topcon ES-103, ES-105, or GM-55 model units that are commonly used in practice and compatible with the department's current equipment. A donation of one of these models would go a long way in enhancing hands-on learning opportunities and helping students build practical skills that translate directly to the field.

If you or your firm may be able to help, or would like more information, please contact Dr. Junnan Cao in the Engineering Department at jcao@ccsu.edu. Your support is greatly appreciated and makes a meaningful difference for CCSU's future engineers.

VOLUNTEERS NEEDED FOR 2026-27

Continuing Education Committee Chair

This group formulates and executes Continuing Education activities in the Section consistent with the goals of the Board and assists other Section Committees and Technical Groups in areas of Continuing Education.

Programs Committee Chair

This group plans, schedules and makes necessary arrangements for the Section's monthly dinner meetings.

CSCE Executive Board

Newsletter Editor
Edits CSCE's monthly newsletter

Membership Committee Chair

This group encourages civil engineers to become affiliated with the National ASCE and the CSCE Section.

Legislative Affairs Committee Chair

This group investigates, studies, and makes recommendations to the Executive Board and Technical Groups concerning standards of practice, professional ethics, and other timely public issues in which the Civil Engineer has a particular interest and legislation as it affects the profession and the Section.

LEND A HAND FOR OTHERS

JOIN US NOW

**EMAIL CSCEINFO@GMAIL.COM IF YOU
WOULD LIKE TO VOLUNTEER**

Life Member Group in CSCE?

There are many exciting and valuable activities in CSCE that could benefit from a Life Member's expertise such as Engineers Week, mentoring programs for college students in one of our ASCE Student Chapters (like at Resume Reviews), mentoring Younger Members, visiting schools with the CSCE Career Guidance Committee, giving a presentation at a monthly dinner meeting or annual professional development seminar, and helping to prepare CSCE's 2026 Infrastructure Report Card for Connecticut. There are now 251 Life Members in CSCE, which represent about 15% of CSCE's membership. If you are a Life Member who is interested in getting more involved with CSCE by being a part of a fledgling Life Member Group, please send an email to CSCE at csceinfo@gmail.com or call/text 860-879-2723.

CSCE CONNECTING WITH SCHOOLS

For High Schools:

If you know of a high school that would be interested in getting information about careers in civil engineering, please contact CSCE via email at csceinfo@gmail.com. CSCE Members would be very interested in connecting with high school students (virtually or in-person) to share information about career opportunities in civil engineering and related fields.

For Middle Schools:

If you know of a middle school that is having a career day or has teachers who want to share information about civil engineering with their students, the CT Section of ASCE (CSCE) can help provide speakers who can talk to students about civil engineering & bring handouts such as brochures & flyers. Please contact CSCE via email at csceinfo@gmail.com for more information.

ARE YOU UNEMPLOYED? ASCE NATIONAL HAS A PROGRAM TO WAIVE DUES OF UNEMPLOYED MEMBERS. FOR MORE INFORMATION, WRITE TO:
