JUNE 2025 NEWSLETTER

From the the President

Dear CSCE Members,

I hope everyone is enjoying their summer and staying cool during this current heat wave.

While we've already secured a few speakers for the upcoming year, CSCE is still actively seeking additional speakers for our 2025-2026 monthly meetings. If you're interested in presenting at one of our upcoming events—or if you have any suggestions for meeting topics or activities—please feel free to contact me at <u>tparker@hwlochner.com</u>. We still have several open slots and plan to continue offering virtual lunch meetings throughout the year. Most meetings will also continue to offer NYS PDHs.

Starting July 1st, the much-anticipated film, Cities of the Future—a collaboration between ASCE and MacGillivray Freeman Films inspired by ASCE's Future World Vision initiative, will premiere at the Connecticut Science Center IMAX Theater. This is a great opportunity to see a bold vision of civil engineering's future—and a perfect outing to inspire the next generation of engineers. Bring a young family member and spark their curiosity!

We're proud to share that Aaron Foster, a past CSCE President, has been elected as an ASCE Region 1 Governor. Aaron has played a key role in CSCE over the last five years, and we know he'll bring that same energy and dedication to his new regional role. Congratulations, Aaron!

A special thank-you to Rich Cohen for his outstanding leadership during his term as CSCE President. We're grateful for his continued support as we look ahead to 2026.

As your incoming 2025-2026 CSCE President, I look forward to connecting with more of you throughout the year. Keep an eye out for upcoming meeting announcements—and we hope to see you soon!

Tyler Parker, P.E., M. ASCE

2025-2026 CSCE Annual Sponsorship

In 2024, CSCE introduced its Annual CSCE Sponsorship, which was a new sponsorship and promotional opportunity for companies in Connecticut and provided many benefits for companies, including:

- PowerPoint slide recognition at every meeting presented by CSCE
- Company logo included in emails promoting the meeting
- Company logo included on all the meeting/event invitations sent by CSCE
- 5 dinner meeting registration vouchers These can be used all at one dinner meeting or spaced out throughout the year at multiple dinner meetings, but not at the ACE Awards event
 - Includes PDHs for employees attending the meetings that offer PDHs
- Sponsorship recognition in CSCE Newsletter and on the CSCE website

In its inaugural year, CHA, HNTB, and Seaboard Drilling supported CSCE's activities through this sponsorship. For 2025-2026, CSCE would like to thank Integrated Geotechnical Solutions, Inc., and Seaboard Drilling for supporting CSCE with such a sponsorship. Would your company like to become a sponsor for 2025-2026 too? If so, please register online or complete the form on the next page.

Thank you to our 2025–2026 Annual Sponsors!

CSCE Annual Sponsorship Form

Annual CSCE Sponsorship Opportunity Form

Benefits of Sponsorship:

- PowerPoint slide recognition at every meeting presented by CSCE
- Company logo included in emails promoting the meeting
- Company logo included on all the meeting/event invitations sent by CSCE
- 5 dinner meeting registration vouchers These can be used all at one dinner meeting or spaced out throughout the year at multiple dinner meetings, but not at the ACE Awards event

 Includes PDHs for employees attending the meetings that offer PDHs
- Sponsorship recognition in CSCE Newsletter and on the CSCE website

Annual Sponsorship Cost for ASCE/CSCE firms (Firms with partnership relationships with ASCE or employ at least 5 CSCE members): \$2,000 Annual Sponsorship Cost for Non ASCE/CSCE firms: \$2,500

Life Member Group in CSCE?

There are many exciting and valuable activities in CSCE that could benefit from a Life Member's expertise such as Engineers Week, mentoring programs for college students in one of our ASCE Student Chapters (like at Resume Reviews), mentoring Younger Members, visiting s school with the CSCE Career Guidance Committee, giving a presentation at a monthly dinner meeting or annual professional development seminar, and helping to prepare CSCE's 2026 Infrastructure Report Card for Connecticut. There are now 251 Life Members in CSCE, which represent about 15% of CSCE's membership. If you are a Life Member who is interested in getting more involved with CSCE by being a part of a fledgling Life Member Group, please send an email to CSCE at <u>csceinfo@gmail.com</u> or call/text 860-879-2723.

UPCOMING EVENTS AUGUST 15–16, 2025

ASCE YMLS

Younger Member Leadership Symposium

Registration for the 2025 Younger Member Leadership Symposium (YMLS) is now open! <u>https://yms.asce.org/programs/ymls? zs=fpEwo& zl=tTXO3</u>

YMLS is a dynamic, three-day leadership workshop for ASCE members age 35 and under, focused on personal development and early-career professional growth. The event features a mix of interactive programming, networking opportunities with peers from across the U.S. and beyond, and optional social events including a National Mall tour and evening gatherings.

> Dates: August 15th-17th Location: ASCE Headquarters – Bechtel Center Address: <u>1801 Alexander Bell Drive, Reston, VA 20191</u>

> > Registration Rates: 7/31 - Advanced \$250 8/12 - Onsite \$400

Most activities are centered around ASCE HQ and the Homewood Suites by Hilton in Reston. For travel ease, attendees can fly into Dulles (IAD) or Reagan (DCA) and take the Metro to Wiehle-Reston East.

AUGUST 28, 2025

ETHICS WEBINAR

Ethics: Workplace Strategies for Ethical Challenges Presented by David T. Williams, Ph.D., PE, PH, F.ASCE, F. EWRI DTW and Associates

Commerce City, CO david@dtwassoc.com

Distribution of the webinar materials outside of your site is prohibited. Reproduction of the materials and pictures without a written permission of the copyright holder is a violation of the U.S. law.

Every day, professionals face decisions that have ethical implications. And while the safety of the organization and the public is every professional's primary concern, time, personal, and resource pressures can often challenge these commitments. Taking a proactive approach to workplace ethics is the best course to mitigate these risks, avoid legal implications, and build a working atmosphere of integrity, trust, and purpose. In this webinar, we will discuss how to develop a strong and sustainable set of workplace ethics and guidelines designed to mitigate ethics creep, avoid legal implications, and build a solid, ethical foundation for a healthy workplace culture. We will explore common ethical topics and challenges and will detail the best practices when faced with ethically challenging situations. Additionally, we will discuss the difference between a Code of Conduct and a Code of Ethics, and finally, we will review several effective scenarios for academic, private practice and public officials.

Registration will open soon on www.csce.org for this webinar.

CSCE YMG

MAY 30, 2025

ACTIVITY REPORT

Credentialing Tell-All

A moderator and panel of five volunteers spoke at a virtual lunchtime tell-all event targeted at those who are aspiring to obtain professional credentialing, namely the PE and EIT licenses. Thirty-three attendees listened to the panelists give an overview on the exams and provide their studying and test-day tips. Registrants could also directly ask the panelists about their experiences and whatever else they were curious about as they prepare for the exams. Furthermore, the panelists were able to discuss the process of licensure, the importance of credentials, and the impact it has on professional development and career progression.

This event was very well attended and there was no shortage of questions from the audience, including a mandatory question for the panel in the online registration form that ensured there was always something to discuss. Due to the recent changes to the PE exam, this event required panelists who took the newest version of the exam. This made it difficult to find panelists for a period of time following the changes. Regardless, the audience was engaged and asking additional questions throughout. Having a moderator facilitate the questions helped the event flow smoothly.

ASCE CONNECTICUT SOCIETY OF CIVIL ENGINEERS

YOUNGER MEMBER GROUP

2025-2026 Executive Board

CSCE YMG

We are thrilled to introduce the 2025-2026 Executive Board who are ready to lead, inspire, and drive impactful change in the civil engineering community. These ASCE Members have gone above and beyond in the planning, organizing, and running of our events held across the State throughout the year! Stay tuned for some exciting new events planned in the coming months! New board members are always welcome, just send an email to csceymg@gmail.com if interested!

YOUNGER MEMBER GROUP

President - Ariana Antonucci

Ariana Antonucci is a Transportation Engineer 1 at the Connecticut Department of Transportation in the Facilities Design Unit. She started there in 2022, after graduating from Virginia Tech. Ariana started as a general board member for the YMG in January of 2023. She then served as the secretary from 2023-2024, the Vice President from 2024-2025, and now excited to serve as the president from 2025-2026. Ariana plans to continue the momentum established by her predecessor, Tom by strengthening connections with ASCE Student Chapters across Connecticut. She is dedicated to fostering ongoing collaboration, mentorship, and engagement with university students. Additionally, Ariana aims to broaden CSCE YMG's student outreach by expanding efforts into K-12 education, introducing younger students to the world of civil engineering through interactive and inspiring initiatives.

Vice President - Michael Ciacciarella

Michael F. Ciacciarella, EIT is the Assistant Town Engineer for the Town of Guilford, Connecticut. Since joining CSCE's Younger Member Group in 2023, he has served as a General Board Member (2023-2024), Secretary (2024-2025), and Social Media Chair (2024-Present). A resident of Naugatuck, he is a 2021 graduate of Quinnipiac University, and served as Treasurer (2019-2020) and President (2020-2021) for the University's ASCE Student Chapter. Michael is excited to serve as YMG Vice President this year, with goals to increase event participation, boost the groups social media presence, and expand volunteerism events for members across the State.

Secretary – Shreyans Surana

Shreyans Surana is a bridge engineer currently working at Stantec. He has a master's degree in civil engineering from North Carolina State University and has also passed the PE exam. Shreyans has been in the industry for more than 4 years and has experience in structural design, inspections, and bridge information modelling. Shreyans is an active member of ASCE and has been Secretary for ASCE student chapter for 2 years at NC State university in the past.

Past President - Thomas Wamser

Thomas Wamser is the immediate Past-President for CSCE YMG. He served two consecutive terms and, as Vice President, stepped in as Acting President for the end of his term. During his tenure, he built off of the success of his predecessors to grow the YMG board and foster strong relationships with the university chapters. Thomas is excited to provide his continued support to the YMG under Ariana's leadership as she seeks to expand the group's impact even further. He is a resident of Woodbury, CT and works as a project engineer in Tighe & Bond's transportation business line with over nine years of experience. Thomas's passion for civil engineering drives his commitment on projects to make our roadways safer and more efficient. Furthermore, this passion fuels his efforts to volunteer on the YMG board and engage students and young professionals as they aspire to grow in the rewarding field of civil engineering.

Joining these Executive Board Members are 2 Chairs and the following Board Members: Jack Beatty, Paige DiCiccio, Conor Dinallo, Mohamed Hashem, Alexander Klose, Katherine Hedberg-Klose, Sanjeev Mohan, and Michael Neumann

For more information about the CSCE YMG, you can send an email to csceymg@gmail.com or connect on LinkedIn (CSCE Younger Members), Facebook (CSCE - Younger Members), or Instagram (asce.csce.ymg)

Treasury Chair - Jonathon Bossi Events Chair - Scott Nolan

Who's Who

CSCE & CTE ITE

JUNE 5, 2025

GOLF OUTING

CSCE/CT ITE 30th Annual Golf Outing: A Record-Breaking Success!

On June 5th, CSCE & CT ITE community gathered at the beautiful Timberlin Golf Course for the 30th Annual Golf Outing, and it was nothing short of spectacular! With over 100 golfers enjoying a sunny and warm day on the course, the event raised a record-breaking amount of scholarship funds to support future engineers.

This achievement would not have been possible without the generous support of our sponsors. We extend our deepest gratitude to the following organizations for their contributions:

- Mulligan Sponsor: New England Traffic Solutions
- Eagle Sponsors for Dinner: Geobrugg, NDS, Tighe & Bond
- Birdie Sponsors for Raffle Prizes: Parsons, Bond, CHA, Geopier, Geobrugg
- Par Sponsors: VN Engineers, Weston & Sampson, Fuss & O'Neill, Geobrugg

This year's outing featured exciting new raffle prizes that added an extra layer of fun and anticipation to the event. Additionally, the introduction of a silent auction brought even more opportunities for participants to engage and contribute to the scholarship funds. Both additions were met with enthusiasm and helped make the day even more memorable.

A special thank you goes out to all the teams that participated in the New Mixed Pair Division, which provided a wonderful opportunity for enhanced networking and collaboration. Your enthusiasm and engagement added a fresh and exciting dynamic to the outing, fostering connections that will surely benefit our professional community.

We would also like to extend our congratulations to the following teams for their outstanding achievements:

- 2025 Winning Team: Congratulations on your incredible performance and well-deserved victory!
- Best Mixed Pair Team: Your teamwork and camaraderie were truly inspiring and set a great example for all.
- Most Honest Team: A special shoutout for your integrity and sportsmanship, reminding us all of the
- true spirit of the game.
- Longest Drive Winner: Congratulations on your impressive display of power and precision!
- Closest to the Pin Winner: Well done on your remarkable accuracy and skill!

Thank you to all participants, sponsors, and volunteers for making this event a tremendous success. Your support and enthusiasm continue to make this outing a cherished tradition. We look forward to seeing you next year for another fantastic day on the greens at Timberlin Golf Course!

firm based in Meriden, CT. We have an immediate opportunity for a Civil

Design Engineer with the following qualifications:

- BS Degree in Civil Engineering; EIT or NICET a plus
- 3-7 years' experience in CTDOT design environment
- Roadway Drainage Design/HEC-RAS Hydraulic experience required
- Knowledge of MicroStation or AutoCAD required
- Comprehensive Benefit Package Please email resumes to: <u>dcrandalleluchs.com</u>

INTERESTED IN POSTING A JOB OPENING OR AD ON THE CSCE WEBSITE OR IN THE NEWSLETTER?

Please fill out the <u>Sponsorship Request Form</u> found on the Resources page of www.csce.org and send it to csceinfo@gmail.com. Once that information is received, CSCE will provide a cost estimate to you.

CSCE CONNECTING WITH SCHOOLS

For High Schools:

If you know of a high school that would be interested in getting information about careers in civil engineering, please contact CSCE via email at <u>csceinfo@gmail.com</u>. CSCE Members would be very interested in connecting with high school students (virtually or in-person) to share information about career opportunities in civil engineering and related fields.

For Middle Schools:

If you know of a middle school that is having a career day or has teachers who want to share information about civil engineering with their students, the CT Section of ASCE (CSCE) can help provide speakers who can talk to students about civil engineering & bring handouts such as brochures & flyers. Please contact CSCE via email at csceinfo@gmail.com for more information

CSCE Event Registration/Emails Changed From Constant Contact to Thrive/Informz

The platform you've been receiving communication from CSCE switched to a new platform that integrates with ASCE Collaborate in the summer of 2024. Here's what this means to you:

- ASCE is offering a new email preference center. You can update your notifications settings here: <u>https://info.asce.org/section-branch-email-preferences</u>
- Different IP address. To ensure you still receive communications from CSCE, we recommend you whitelist 205.201.40.61 and 205.201.40.49
- CSCE's emails will look different, but the content will be the same.

Please contact CSCE if you have any questions about this change.

ARE YOU UNEMPLOYED? ASCE NATIONAL HAS A PROGRAM TO WAIVE DUES OF UNEMPLOYED MEMBERS. FOR MORE INFORMATION, WRITE TO: ASCE, ATTN: MEMBER SERVICES DEPT., 1801 ALEXANDER BELL DRIVE, RESTON, VA 20191-4382 OR CALL : TOLL FREE: 1-800-548-ASCE DIRECT: 703-295-6169 FAX: 703-295-6335
