SEPTEMBER 2026 NEWSLETTER

From the CSCE Board

Dear CSCE Members,

We hope everyone is enjoying the early weeks of the fall season. This month, CSCE kicked off its 2026-2027 program year with a variety of events including our COMTO-CSCE Joint Webinar on September 9th, a classroom visit to Plumb Hill Middle School, Litchfield, CT, on September 18th and our CSCE Dinner Meeting at Three Rivers Community College on September 23rd. And, by the time this newsletter is distributed, we will also have held our 2026 GEO-CT Geotechnical Conference at the Sheraton Hartford South in Rocky Hill, CT, on October 2nd. These activities are great examples of how CSCE provides opportunities for engineering professionals to connect with current and future colleagues and brings engineering professionals and students together to prepare for the future of civil engineering.

In addition to bringing people together on a professional level, CSCE also provides engineering professionals and engineering students with opportunities to volunteer. To quote Mahatma Gandhi, "the best way to find yourself is to lose yourself in the service of others." Please consider volunteering with CSCE if only for a few hours. In addition to the open positions listed on page 20 of this newsletter, CSCE is still looking for volunteers to help assemble the next **Connecticut Infrastructure Report Card**. Please reach out to CSCE at csceinfo@gmail.com if you have an interest in contributing within your expertise, especially if you have experience with dam infrastructure. Many hands make light work.

Thank you, The CSCE Board

2026-2027 CSCE Annual Sponsorship

In 2024, CSCE introduced its Annual CSCE Sponsorship, which was a new sponsorship and promotional opportunity for companies in Connecticut and provided many benefits for companies, including:

- PowerPoint slide recognition at every meeting - presented by CSCE
- Company logo included in emails promoting the meeting
- Company logo included on all the meeting/event invitations sent by CSCE
- 5 dinner meeting registration vouchers - These can be used all at one dinner meeting or spaced out throughout the year at multiple dinner meetings, except at the ACE Awards event
    - Includes PDHs for employees attending the meetings that offer PDHs
- Sponsorship recognition in CSCE Newsletter and on the CSCE website

In its inaugural year, CHA, HNTB, and Seaboard Drilling supported CSCE's activities through this sponsorship. In 2025-2026, Integrated Geotechnical Solutions, Inc., Seaboard Drilling, CHA, McFarland Johnson and Parsons supported CSCE with such a sponsorship. Would your company like to become a sponsor for 2026-2027? If so, please register online or complete the form on the next page.

Thank you to our 2026-2027 Annual Sponsors!

CSCE Annual Sponsorship Form

Annual CSCE Sponsorship Opportunity Form

Benefits of Sponsorship:

- PowerPoint slide recognition at every meeting - presented by CSCE
- Company logo included in emails promoting the meeting
- Company logo included on all the meeting/event invitations sent by CSCE
- 5 dinner meeting registration vouchers - These can be used all at one dinner meeting or spaced out throughout the year at multiple dinner meetings, but not at the ACE Awards event
    - Includes PDHs for employees attending the meetings that offer PDHs
- Sponsorship recognition in CSCE Newsletter and on the CSCE website

Annual Sponsorship Cost for ASCE/CSCE firms (Firms with partnership relationships with ASCE or employ at least 5 CSCE members): $2,000
Annual Sponsorship Cost for Non ASCE/CSCE firms: $2,500

Firm Name: _____
Firm's ASCE Membership ID Number: _____
First & Last Names and ASCE Membership ID Numbers of Firm's 5 Employees who are CSCE Members:

_____

_____
Firm Contact Name: _____
Firm Contact Phone: _____
Firm Contact Email: _____

Payment Options:

__ Card - Invoice can be sent via PayPal that can be paid with a card or check
__ Check - Please send checks to: CSCE, P.O. Box 1101, Deep River, CT 06417

UPCOMING EVENTS IN 2026

OCTOBER 6 - 12 P.M. CSCE YMG PROFESSIONAL LICENSURE PANEL

OCTOBER 7 - 12 P.M. WEBINAR ON ETHICS BY DAVID T. WILLIAMS, PH.D., P.E., PH, CFM, CPESC, F.ASCE, F.EWRI, BC.WRE - EARN 1.5 NYS PDHS - THIS WEBINAR IS 90 MINUTES LONG

OCTOBER 19 - 6 P.M. RESUME REVIEW AT UCONN STORRS: VOLUNTEERS WILL ASSIST IN REVIEWING STUDENTS RESUMES AND PROVIDE HELPFUL TIPS AND FEEDBACK - VOLUNTEERS NEEDED

OCTOBER 28 - DINNER MEETING AT THE GRADUATE HOTEL AT UCONN, STORRS FEATURING A PRESENTATION ON THE I-91/I-691/ROUTE 15 INTERCHANGE IMPROVEMENTS IN MERIDEN, CT, BY REPRESENTATIVES FROM PARSONS - EARN 1 NYS PDH

OCTOBER 29 FAIRFIELD COUNTY BRANCH SOCIAL AT ELICIT BREWING IN FAIRFIELD, CT

NOVEMBER 2 - 6 P.M. - RESUME REVIEW/SOCIAL MEDIA PRESENCE WORKSHOP AT THE UNIVERSITY OF NEW HAVEN - VOLUNTEERS NEEDED

NOVEMBER 6 - 6TH ANNUAL SEI-CT STRUCTURAL ENGINEERING SEMINAR AT THE MOUNTAIN ROOM @ MOUNT SOUTHINGTON - EARN NYS PDHS

NOVEMBER 13 - 12 P.M. WEBINAR ON ASSESSING RISK OF STRUCTURE DAMAGE OVER ABANDONED COAL MINES - EARN 1 NYS PDH

NOVEMBER 18 - DINNER MEETING AT QUINNIPIAC UNIVERSITY FEATURING A PRESENTATION BY MEGAN PATTON, P.E., CCCA, A PROJECT MANAGER AND WATER TEAM LEAD AT KLEINFELDER, AND ELIZABETH “LIZZY” CURLEY, PROJECT ENGINEER WITH KLEINFELDER, TITLED, BENEATH THE BRICK: SUSTAINABLE INFRASTRUCTURE IN DOWNTOWN REVITALIZATION IN NAUGATUCK, CT - EARN 1 NYS PDH

UPCOMING EVENT | CSCE Webinar on Ethics | October 7, 2026

Please join CSCE for a webinar on ethics by David T. Williams, Ph.D., P.E., PH, CFM, CPESC, F.ASCE, F.EWRI, BC.WRE, at 12 p.m. EST on Wednesday, October 7, 2026. This webinar is 90 minutes long. People may earn 1.5 NYS PDHs at this event.

Every day, professionals face decisions that have ethical implications. And while the safety of the organization and the public is every professional's primary concern, time, personal, and resource pressures can often challenge these commitments. Taking a proactive approach to workplace ethics is the best course to mitigate these risks, avoid legal implications, and build a working atmosphere of integrity, trust, and purpose. In this webinar, we will discuss how to develop a strong and sustainable set of workplace ethics and guidelines designed to mitigate ethics creep, avoid legal implications, and build a solid, ethical foundation for a healthy workplace culture. We will explore common ethical topics and challenges and will detail the best practices when faced with ethically challenging situations. Additionally, we will discuss the difference between a Code of Conduct and a Code of Ethics, and finally, we will review several effective scenarios for academic, private practice and public officials.

UPCOMING EVENTS | YMG Resume Reviews | Oct. 19 & Nov. 2, 2026

CSCE Younger Members Group has organized university outreach events and are looking for volunteers interested in help outing at the following upcoming events:

- October 19th, Monday, 6 p.m. at UConn Storrs: Resume Review Session where volunteers will assist in reviewing students' resumes and provide helpful tips and feedback.

- November 2nd, Monday, 6 p.m. at the University of New Haven: Resume Review/Social Media Presence Workshop where volunteers will review student resumes, and provide helpful tips and feedback. Volunteers will also provide tips on how to successfully present themselves on social media, particularly on LinkedIn where prospective employers may find them.

Complimentary pizza will be provided to all volunteers.

Interested volunteers can contact Michael Ciacciarella, YMG President at csceymg@gmail.com.

ASCE CONNECTICUT SOCIETY OF CIVIL ENGINEERS

YOUNGER MEMBER GROUP

UPCOMING EVENT | CSCE Dinner Meeting | October 28, 2026

Please join CSCE at our monthly meeting at the Graduate Hotel at the University of Connecticut, Storrs, CT, on Wednesday, October 28, 2026. This meeting will feature a presentation on I-91/I-691/ Route 15 Interchange Improvements in Meriden, CT, by representatives of Parsons. This meeting is co-sponsored by the Connecticut Chapter of the ASCE Transportation & Development Institute and the ASCE Student Chapter at the University of Connecticut, Storrs, CT. Attendees may earn 1 NYS PDH at this event.

Parsons served as the lead designer for this $550 million ACE Award-winning interchange improvement program, delivering the complete design for a major interchange upgrade. The project includes pavement rehabilitation along 5 miles of I-91, 2 miles each of Route 15 and I-691 and associated local roads. The scope also encompasses 68 structures, including 29 new retaining walls, full replacement of 6 bridges, rehabilitation and widening of existing bridges and culverts, as well as storm drainage, noise walls, public outreach, permitting, utility relocation, ITS, illumination, and right-of-way impacts.

A Needs & Deficiencies Study identified several operational and safety issues, most notably that the system ramps connecting I-91 and Route 15 in both northbound and southbound directions had insufficient capacity, inadequate weaving distances, and a confusing configuration. Following an alternatives analysis, the ramp layout was finalized to address these concerns.

To align delivery with CTDOT's capital program commitments, the overall interchange improvement effort was divided into 3 separate projects, each with independent utility. Of these, 1 project was delivered using a design-build procurement method, while the other two were advanced through design-bid-build. The design-build phase has already been completed, and the remaining two projects are currently under construction. Completion of the overall program is anticipated by December 2030.

In addition to connecting with students at UConn, meeting new friends and catching up with former colleagues, meeting attendees will learn about the application of FHWA's Performance Based Practical Design guidelines and the treatment of asphalt overlays over the existing concrete pavement during this evening.

UPCOMING EVENT | Fairfield County Branch Social | October 29, 2026

🎉 Join us for a fun evening with the Fairfield County Branch!

📍 Elicit Brewing Company, 111 Black Rock Turnpike, Fairfield, CT 06825

🗓️ October 29th | 🕔 5:30 PM

Reconnect with colleagues and enjoy a drink 🍻

Registration is just $10!

UPCOMING EVENT | SEI-CT Seminar | November 6, 2026

SEI STRUCTURAL ENGINEERING INSTITUTE
ASCE

Sponsorships & Exhibit Tables

Program Sponsor - $1000 - 1 LEFT
Premium company logo recognition on the seminar program and event materials; recognition throughout the event; podium acknowledgment; 2 attendee registrations; and 1 exhibit table upon request at no additional charge.

Lunch Sponsor - $750
Company logo recognition associated with the lunch program and signage; podium acknowledgment; 1 attendee registration; and 1 exhibit table upon request at no additional charge.

Exhibitor - $500
1 exhibit table and 1 attendee registration, along with recognition as an event exhibitor. This option does not include sponsorship-level branding or podium acknowledgment.

Student Program Sponsor - $750
Company logo recognition associated with the student program/showcase, including relevant signage and materials; podium acknowledgment; 1 attendee registration; and 1 exhibit table upon request at no additional charge.

Afternoon Break Sponsor - $600
Company logo recognition during the afternoon break; event signage recognition; podium acknowledgment; 1 attendee registration; and 1 exhibit table upon request at no additional charge.

Registration Sponsor - $500
Company recognition at the registration area; opportunity to display a company banner and promotional materials at registration; podium acknowledgment; and 1 attendee registration.

Check out the Seminar program on the next page!

UPCOMING EVENT | SEI-CT Seminar | November 6, 2026

2026 ASCE/SEI Connecticut Chapter
6th Annual Structural Engineering Seminar

November 6th, 2026, Friday
The Mountain Room at Mount Southington
396 Mt Vernon Rd, Plantsville, CT 06479

PROGRAM

7:00 AM	7:30 AM	Exhibitors and Posters Setup
7:30 AM	8:00 AM	Registration and Breakfast Sponsored by Registration Sponsor
8:00 AM	8:20 AM	Opening Remarks and Attendees Introduction

Complex Design and Construction Challenges

8:20 AM	8:50 AM	***The I-95 Interchange 43 Design/Build Project*** Steven Shankar, P.E. of H&H
8:55 AM	9:45 AM	***Walk Vertical Lift Bridge - Lift Towers Aesthetics, Design, Fabrication, Erection*** Edward Cofrancesco, P.E. and William Edberg, P.E., Ph.D. of HNTB Corporation
9:45 AM	10:15 AM	Morning Break with Exhibitors Sponsored by Morning Sponsor
10:15 AM	11:05 AM	***Sliding into the Future: Accelerated Replacement of the I-376 Commercial Street Bridge*** Jason Fuller, P.E. of HDR

Infrastructure Evaluation and Management

11:10 AM	12:00 PM	***Trends and Technologies Influencing Bridge Inspection Towards Enhanced Asset Management*** Sreenivas Alampalli, Ph.D., P.E., MBA, F.SEI, Dist.M.ASCE of Alampalli Engineering, PLLC
12:00 PM	1:00 PM	Lunch with Exhibitors
1:00 PM	1:05 PM	Group Photo Time

Structural Repair, Resilience, and Risk Mitigation

1:05 PM	1:55 PM	***Heat Straightening Repair of Steel Bridges in Connecticut*** Young Moo Sohn, Ph.D. of Central Connecticut State University
2:00 PM	2:30 PM	***Structural Engineers' Role in Natural Disaster Resilience, Mitigation, and Risk Management*** William Hughes, Ph.D., P.E. of Swiss Re
2:30 PM	3:00 PM	Afternoon Break with Exhibitors Sponsored by Afternoon Sponsor

Emerging Technologies in Structural Engineering

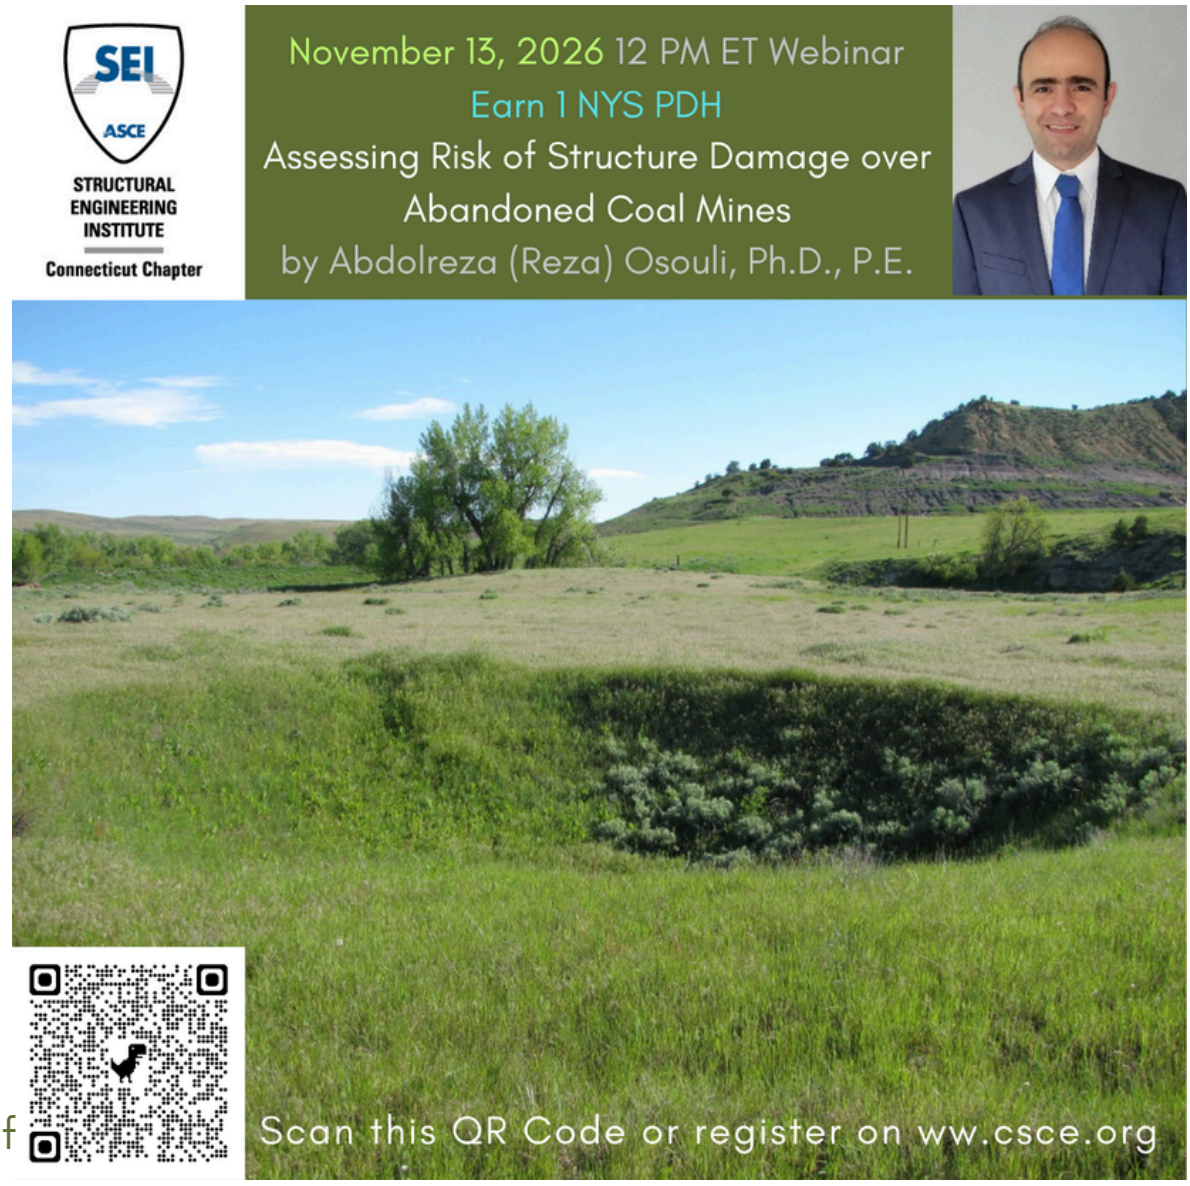

3:00 PM	3:50 PM	***Practical AI in Structural Engineering*** Adam Evans, P.E. of Wiss, Janney, Elstner Associates, Inc.
3:50 PM	4:00 PM	Closing Remarks

- Up to 6.0 New York State PDHs will be offered. Sign PDH sheets at all three breaks & after final presentation.
- "Booth Passport": Collect stamps from all exhibitors. Exchange a completed passport to a raffle ticket.
- ASCE/SEI Connecticut Chapter Board of Directors (2026-2028):
  Hannah Rakowski, Sanjeev Mohan Sri Balasu, Kimberly Fletcher, Danielle Imse, Brian Lassy & Sangyul Cho
- Program subject to change.

10/1/2026

UPCOMING EVENT	CSCE Webinar	November 13, 2026

Please join the CT Chapter of the ASCE Structural Engineering Institute for a webinar on Assessing Risk of Structure Damage over Abandoned Coal Mines at 12 p.m. Noon EST on Friday, November 13, 2026. Attendees may earn 1 NYS PDH at this event.

This presentation covers key aspects of mine subsidence engineering, a subject that is not well understood, and embraces a number of engineering disciplines. It focuses on the causes of mine subsidence and how mine stability relates to the resulting ground movements. Different mining and geologic conditions determine the mode of failure of the mine. The mode of mine failure in turn affects the resulting subsidence movement. Prediction of subsidence and damage potential or risk are also key aspects of subsidence engineering. Case histories will be presented which illustrate different ground movement and damage scenarios. This presentation will be presented in a manner that will be understandable to anyone that would be interested in learning more about mine subsidence.

UPCOMING EVENT | YMG Stadium Series: Men's Ice Hockey | November 13, 2026

The CSCE Younger Member Group is excited to share the next installment of our Stadium Series with an outing to watch the Quinnipiac Bobcats take on the Dartmouth Big Green in Men's Ice Hockey on Friday November 13th, 2026! This should be a highly contested matchup featuring 2 teams that reached the 2026 NCAA Tournament and have hopes of returning again this season. The night includes a pre-game social at the arena starting at 5:30pm featuring a cash bar followed by the game at 7pm. Food and soft drinks will be available for purchase in the main lobby concession stand. This is a great opportunity to catch up with colleagues, meet new faces in the Civil Engineering community, and cheer on one of our local teams!

UPCOMING EVENT | CSCE Dinner Meeting | November 18, 2026

Please join CSCE at our monthly meeting at Quinnipiac University, North Haven, CT, on Wednesday, November 18, 2026. At this meeting, Megan Patton, P.E., CCCA, a Project Manager and Water Team Lead at Kleinfelder, and Elizabeth "Lizzy" Curley, Project Engineer with Kleinfelder, will give a presentation titled, Beneath the Brick: Sustainable Infrastructure in Downtown Revitalization, and attendees may earn one (1) New York State PDH at this meeting. This meeting is co-sponsored by the CT Chapter of the ASCE Environmental & Water Resources Institute and the ASCE Student Chapter at Quinnipiac University.

The Borough of Naugatuck is revitalizing its downtown through redevelopment of former industrial riverfront sites and the relocation of the Metro North rail station to support transit oriented, mixed use growth. To advance this vision, Kleinfelder led the evaluation, planning, and design of downtown sewer, stormwater, roadway, and streetscape infrastructure using a Complete Streets approach.

Kleinfelder's work included condition assessments, GIS mapping, and hydraulic modeling of the sanitary sewer and stormwater systems to identify capacity constraints and support future development. The firm developed a coordinated downtown master plan and streetscape concept, and designed infrastructure improvements including new and upgraded drainage, sewer lining, roadway reconstruction, and enhancements to Maple Street, Church Street, the Town Green, and Maple Street Bridge. Funding included ARPA, as well as a $535k NFWF Long Island Sound Fund grant to implement green infrastructure, including subsurface infiltration beneath the Town Green, permeable tree pits along the main corridor, and a plunge pool at the outfall. In 2024, a 1,000 year flood provided a real world stress test of the newly implemented green stormwater infrastructure. The green stormwater infrastructure and drainage improvements performed as intended, mitigating surface flooding and validating the design approach under extreme conditions.

Kleinfelder also supported the redevelopment of the former Uniroyal Footwear site into a mixed income, transit oriented development by designing and overseeing major roadway, drainage, and utility improvements. This included reconstruction of South Water Street and Old Firehouse Road, construction of a new connector road and pedestrian walkway, removal of a stormwater pumping station, and parking and streetscape enhancements. The project was delivered on an accelerated schedule and required extensive coordination with CTDOT, private developers, utilities, transit agencies, and local stakeholders.

DONATION | SURVEYING TOTAL STATION | CCSU ENGINEERING

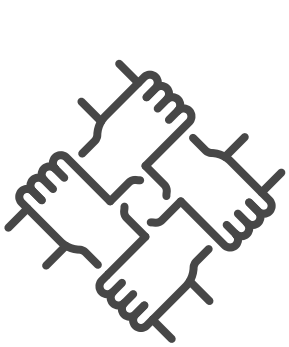

The Central Connecticut State University (CCSU) Engineering Department is reaching out to our community for assistance in securing a donated used total station to support student surveying labs and fieldwork. The program is specifically seeking a Topcon ES-103, ES-105, or GM-55 model units that are commonly used in practice and compatible with the department's current equipment. A donation of one of these models would go a long way in enhancing hands-on learning opportunities and helping students build practical skills that translate directly to the field.

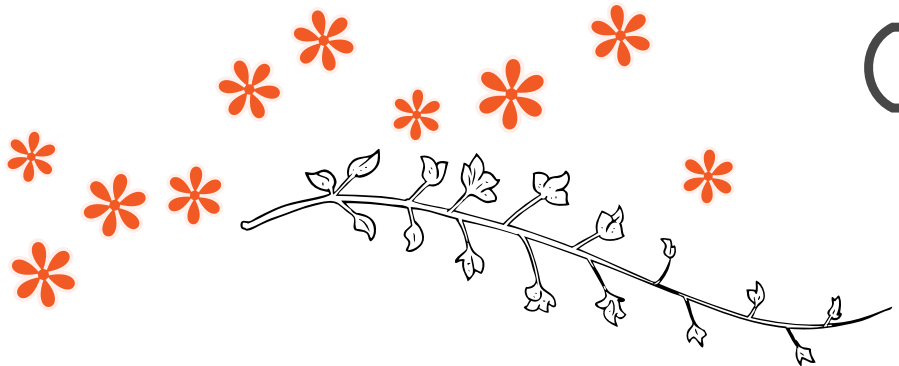

If you or your firm may be able to help, or would like more information, please contact Dr. Junnan Cao in the Engineering Department at jcao@ccsu.edu. Your support is greatly appreciated and makes a meaningful difference for CCSU's future engineers.

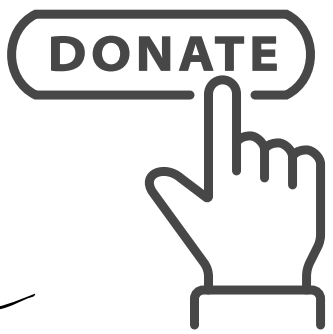

EVENT Recap | COMTO-CT & CSCE Webinar | September 9, 2026

Site Feasibility Determination

Data Review

- Average Daily Boarding (ADB)
- Aerial imagery
- Site condition
- Road speed limits
- Sightlines
- Impact on roadway and sidewalk network
- Right-of-way (ROW)
- Field meetings
- Coinciding active projects
- Connecticut Environmental Protection Act (CEPA) review

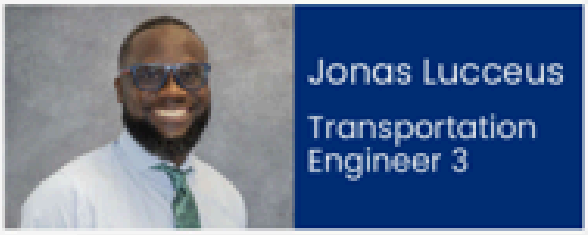

Street View imagery of a typical bus transit stop in Stamford, CT

On September 9, CSCE's CT Chapter of the ASCE Transportation & Development Institute and the Conference of Minority Transportation Officials (COMTO) CT Chapter held a joint webinar on Reimagining Connecticut's Bus Stops: A Capital Investment for Better Transit. The webinar featured a presentation by Jonas Lucceus, a Transportation Engineer at the CTDOT, and Tyler Roth, a Transportation Planner at CTDOT, and attendees were able to earn 1 NYS PDH at this event. The presentation highlighted various aspects of the Bus Stop Enhancement program including site selection, design standards and design-build installation. A pdf of the presentation is available on the event's page of CSCE's website (https://sections.asce.org/connecticut/090926-comto-ct-csce-joint-webinar-reimagining-connecticuts-bus-stops-capital-investment-better). CSCE looks forward to holding more joint events with COMTO CT in the future.

Event Recap | Plumb Hill Middle School Visit | September 18, 2026

On September 18, 2026, CSCE Career Guidance Committee members William Murphy, P.E., Director of Engineering at M&J Engineering, and Joseph Risoli P.E., Director - Business Development at Risoli Planning & Engineering Division of Al Engineers, visited with students at Plumb Hill Middle School in Litchfield, CT. They talked with the students about what civil engineering is and why it is important. If you would like more information about school visits like this or how to involved with this committee, please email csceinfo@gmail.com.

Event Recap | ASCE Region 1 Fall Assembly | September 25-26, 2026

ASCE's Region 1 Board of Governors held its regional fall assembly in Providence, Rhode Island, with support of the Rhode Island Section on September 25th and 26th. Discussion topics ranged from section and branch updates, to a presentation from ASCE's Chief Operating Officer Edward Stafford on the topic of "One ASCE" and the upcoming ASCE-27 convention to be held in March of 2027 in Philadelphia PA. The Friday afternoon session included a PDH presentation and site tour from the City of Providence spotlighting their downtown Riverwalk Resiliency Project, specifically the site challenges with the flood risk of the area and expanding downtown connectivity and stitching urban and trail infrastructure into the riverfront, as well as the design and permit challenges that this project and proposed scope of work poses.

A highlight of the assembly was the presentation of the Region 1 Outstanding Faculty Advisor award to Connecticut Section member and current CSCE Treasurer Song Wong, Ph.D., for his work with the ASCE Student Chapter at University of Hartford.

Congratulations to our colleague!

ASCE Region 1 includes all Sections and Branches within New Jersey, Connecticut, Rhode Island, Massachusetts, New Hampshire, Vermont, New York, and Maine in the United States, as well as individual members in the Canadian provinces of New Brunswick, Newfoundland and Labrador, Nova Scotia, Prince Edward Island, and Quebec.

Event Recap | CSCE Dinner Meeting | September 23, 2026

CSCE held its September Dinner Meeting at CT State Community College Three Rivers, Norwich, CT, on Wednesday, September 23, 2026. At this meeting, Andrew Millovitsch, CTDOT Project Engineer, gave a presentation on the I-95 Interchange Improvements at Route 161 and Replacement of Bridge No. 00250 in East Lyme, CT. Attendees were able to earn 1 New York State PDH at this meeting. This meeting was co-sponsored by the CT Chapter of the ASCE Transportation & Development Institute and students & faculty at CT State Community College Three Rivers. CSCE thanks GM2 for sponsoring the social hour for this event!

DOT Project No. 0044-0156 was awarded to Manafort Brothers Inc. on January 31, 2023, at a contract amount of $148,299,008.15. The 4-year project consists of a complete overhaul of the Exit 74 Interchange of Interstate 95, and a replacement of Bridge No. 00250 carrying I-95 over Route 161 in the town of East Lyme, CT. All the interchange on and off ramps have been improved and lengthened to provide acceleration and deceleration opportunities for traffic entering and exiting the interstate. Sight line issues that have existed in the past have been eliminated by the vast cut and fill operation that improved the profile of I-95 significantly. A permanent third lane is being added between Exits 74 and 75. The bridge has been doubled in length and width to accommodate a third lane on I-95 and widening to Route 161 below. Raised islands, improved drainage, increased pedestrian safety, and a new commuter lot are some of the highlights included on Route 161.

CT STATE COMMUNITY COLLEGE Three Rivers

VOLUNTEERS NEEDED FOR 2026-27

Continuing Education Committee Chair
This group formulates and executes Continuing Education activities in the Section consistent with the goals of the Board and assists other Section Committees and Technical Groups in areas of Continuing Education.

Programs Committee Chair
This group plans, schedules and makes necessary arrangements for the Section's monthly dinner meetings.

CSCE Executive Board

Newsletter Editor
Edits CSCE's monthly newsletter

Membership Committee Chair
This group encourages civil engineers to become affiliated with the National ASCE and the CSCE Section.

Legislative Affairs Committee Chair
This group investigates, studies, and makes recommendations to the Executive Board and Technical Groups concerning standards of practice, professional ethics, and other timely public issues in which the Civil Engineer has a particular interest and legislation as it affects the profession and the Section.

LEND A HAND FOR OTHERS

JOIN US NOW

EMAIL CSCEINFO@GMAIL.COM IF YOU WOULD LIKE TO VOLUNTEER

Life Member Group in CSCE?

There are many exciting and valuable activities in CSCE that could benefit from a Life Member's expertise such as Engineers Week, mentoring programs for college students in one of our ASCE Student Chapters (like at Resume Reviews), mentoring Younger Members, visiting schools with the CSCE Career Guidance Committee, giving a presentation at a monthly dinner meeting or annual professional development seminar, and helping to prepare CSCE's 2026 Infrastructure Report Card for Connecticut. There are now 251 Life Members in CSCE, which represent about 15% of CSCE's membership. If you are a Life Member who is interested in getting more involved with CSCE by being a part of a fledgling Life Member Group, please send an email to CSCE at csceinfo@gmail.com or call/text 860-879-2723.

CSCE CONNECTING WITH SCHOOLS

For High Schools:

If you know of a high school that would be interested in getting information about careers in civil engineering, please contact CSCE via email at csceinfo@gmail.com. CSCE Members would be very interested in connecting with high school students (virtually or in-person) to share information about career opportunities in civil engineering and related fields.

For Middle Schools:

If you know of a middle school that is having a career day or has teachers who want to share information about civil engineering with their students, the CT Section of ASCE (CSCE) can help provide speakers who can talk to students about civil engineering & bring handouts such as brochures & flyers. Please contact CSCE via email at csceinfo@gmail.com for more information.

ARE YOU UNEMPLOYED? ASCE NATIONAL HAS A PROGRAM TO WAIVE DUES OF UNEMPLOYED MEMBERS. FOR MORE INFORMATION, WRITE TO:
ASCE, ATTN: MEMBER SERVICES DEPT.,

OR CALL : TOLL FREE: 1-800-548-ASCE DIRECT: 703-295-6169 FAX: 703-295-6335

EMPLOYMENT OPPORTUNITIES

TOWN OF BLOOMFIELD - Council-Manager Government Since 1941 - DEPUTY TOWN ENGINEER

Salary Range: $85,715 to $145,533 (35 hours per week) (starting salary will be commensurate with experience, skills and qualifications)

The purpose of this position is to assist the Town Engineer in providing professional engineering services of the Town through review of private developments, design of small public works projects, supervision of contractors designing and implementing large capital projects.

Minimum Qualifications

A bachelor's degree in civil or construction engineering, construction management or related degree from an accredited college or university, plus at least two (2) years of progressively responsible engineering experience related to municipal engineering.Licensed as a Professional Engineer or Engineer in Training.

Applications:

To apply visit www.governmentjobs.com/careers/bloomfieldct

Town of Bloomfield is an affirmative action/equal employment opportunity employer. Minorities, women & persons with disabilities are encouraged to apply. Anyone with a disability and who may need this information in an alternative format must contact the HR Department at 860-769-3544.

Civil/Land Development Project Manager, Glastonbury, CT

Managing projects is expected. Building something bigger is the opportunity.
Benesch's Glastonbury, CT office is seeking a Civil/Land Development Project Manager to lead municipal and private development projects, mentor engineers, strengthen client relationships, and help shape a growing practice. Join a 100% employee-owned firm where leadership, collaboration, and shared success drive results. Apply today to learn more at https://www.benesch.com/job-openings/?gh_jid=4442191007

Resident Engineer / Chief Inspector – Cheshire, CT

SLR Consulting is seeking an engineer/inspector to provide construction oversight for roadway and bridge projects across CT, with a focus on CT DOT work. Responsibilities include leading inspection teams, contract compliance, documentation, and coordination with clients and contractors. Requires BS in Civil Engineering/Construction Management and 5+ years CT DOT inspection experience. Salary $85k–$130k. To learn more or to apply, click here.

EMPLOYMENT OPPORTUNITIES

Civil Engineer – Project Manager (Cheshire, CT)

SLR Consulting is seeking a Civil Engineer – Project Manager to manage small to medium built-environment projects in New England. Role includes project management, client coordination, proposal development, and mentoring junior staff. Requires BS in Civil Engineering, 6+ years' experience, FE/EIT (PE preferred), and proficiency with Civil 3D. Salary $85k–$110k plus competitive benefits. Full-time, permanent. To learn more or to apply, click here.

Municipal Part-Time Seasonal Construction Inspector - $35.00 / Hr

29.5 hours/week from March through November (Annually)
The Town of Wethersfield, CT is accepting applications for a part-time, seasonal construction inspector position in the Engineering Dept for a variety of municipal, utility, and private development projects. For a complete job description and an Employment Application, visit the Town's website at www.wethersfieldct.gov/human-resources. This position will remain open until filled.

Civil Engineer

We're hiring an Engineer to join our growing team working on waterfront projects. If you or someone you know is looking to build a career on the water – working on coastal and shoreline infrastructure – we'd love to connect. A BS Degree in Civil, Structural, Geotechnical, and/or Coastal Engineering preferred. RACE offers excellent compensation and benefits, including health and dental insurance, paid holiday/vacation/sick time, and a retirement savings plan. https://www.racecoastal.com/engineer
