Elyssa Dixon - calling in

Mike Harney

Henry Haselton

Tony Nguyen - not present

Mari Otto

Mark Rohrbach

Katie Sultani-Wright

Non-Voting Attendees:

Ed Huston (SEAW representative)

Romulus Ragudos (YMF representative)

Meeting minutes taken by Mari Otto.

Meeting called to order at 4:21 pm by Henry. Mari seconds. Approved unanimously.

- MOTION to approve the agenda: Henry motions, Mari seconds, approved unanimously.
- January 2020 Meeting Minutes
 - MOTION to approve meeting minutes: Henry motions, Mari seconds. No discussion. Unanimously approved.

Old Business

- Review Action Items and Follow-Ups Mari
 - **ACTION ITEM:** Regarding the list of company leaders who will be points of contact for the UW Student's fundraiser (Homero is leading this). There is follow up required - Elyssa would like a full list of members from each company from Homero. Mark will provide the list used for the Geotechnical Section. Elyssa will also work with Madison to get a Constant Contact email out to ASCE members for the UW student fundraising effort.
 - The list has been compiled. The email has not been sent yet. Elyssa will check on the status of the email.
 - **ACTION ITEM:** Elyssa will gauge the YMF's interest in attending the PSEC Engineer of the Year Awards.
 - Complete.
 - **ACTION ITEM:** Mark would like to explore a calendar that can be shared with the general membership, so that individual's calendars can be subscribed to ASCE events.
 - Mark has set up a Google calendar. But finding difficulty getting Google calendar to communicate with Outlook, which is the calendar app used most by professionals. **ACTION ITEM:** Mark will look into using Constant Contact for this purpose.
 - **ACTION ITEM:** Mark will tailor the February Geotechnical Group - ASCE joint meeting to the general civil engineering crowd to help promote attendance.
 - This has been completed prior to today's meeting.
 - **ACTION ITEM:** Utility Engineering & Surveying Institute are looking to build a local chapter in Seattle. He is asking ASCE's assistance in sending out a survey to gauge interest in UESI coming to Seattle. If there is enough interest, they would ask ASCE's support in creating a chapter. Their aim is to start holding meetings in Fall 2020 (at the earliest) or January 2021 (at the latest). Steven has connected with Mark, who will follow up.
 - See Technical Committee report section.

Board Reports

- Treasurer's November Report Katie
 - See attached
 - MOTION to approve Treasurer's report by Katie. Henry seconds. Passed unanimously.
 - Discussion:
 - Katie has added a section in our budget report to track our fees in Paypal.
 - We received support from several companies to support the Nancy Watt seminar from Aspect, Osborn Consulting, Shannon & Wilson. Shannon & Wilson's check has not come in.
 - **ACTION ITEM:** Katie would like to follow up on the UW Student's EIN situation. Who do they report their finances to for taxes (ASCE general section or YMF or other)?
 - Perhaps they can get their own EIN through the school.
 - **ACTION ITEM:** Katie would like to investigate Seattle University's student chapter EIN as well.

 - Membership Report Homero
 - See attached
 - Discussion:
 - Our numbers are increasing. The last membership report may have had discrepancies in our new member count.
 - New Membership Chairs should contact the company champion list every year to make sure that they are still willing (or are still the best person) to champion for that company. The list should be updated regularly.
 - Elyssa mentioned sending out distilled newsletters to company champions that summarize monthly upcoming activities/events for general section events and each of the technical committee events.
 - The general consensus is that this will be very difficult to implement. We would need to form a membership committee to handle this.
 - Mike expresses concern. Wouldn't the calendar idea better distill information about upcoming events?
-

ASCE SEATTLE SECTION - BOARD MEETING MINUTES

- Elyssa and Homero will explore this idea further. They feel that person-to-person communication about events and benefits of ASCE and the technical groups is important to keep membership up (and increasing).
 - Another idea Homero mentioned is to cater some events to family (bring your kids events), making more low-key events that people can stop by after work, making it clear that YMF events are open to all members. The idea is to get more people engaged.
 - Ed Huston recommends looking into Basecamp for sending out event notifications.
 - **ACTION ITEM:** Homero will look into the Duties and Procedure manual to see what is involved with forming a Membership Committee.

 - Standing Committees Mike
 - No report for this month.
 - Discussion:
 - Ross French wants confirmation from the Board that we will provide funds for Rebuilding Together. In the past, we've allotted \$3000 for this event.
 - **ACTION ITEM:** Mike will send Madison an email with an announcement for the RH Thompson scholarship.

 - Branch Report Henry, in place of Tony
 - See attached
 - Discussion:
 - no discussion
 - **ACTION ITEM:** none
-

ASCE SEATTLE SECTION - BOARD MEETING MINUTES

- Technical Committee Report Mark
 - No report for this month.
 - Discussion:
 - Mark's assessment is that the technical committees are well motivated on their own, and the general Section should be careful about asking too much of the them (fundraisers, volunteering for events, etc). He comments that he has heard about pushback from the UW's recent fundraising efforts (that used email addresses that came from networking - not necessarily the company champion list email list).
 - Mike seconds this, recognizing that some technical committees (such as geotechnical, sustainability) generally are self-supporting. For other technical committees that may struggle, we should offer support.
 - Homero questions why there is (perceived) antagonism between the general section and technical committees. Mark theorizes that there is some protectiveness over membership and that there may be too many requests coming from Section+technical+national (specific examples are fundraiser requests and requests for volunteers to be LOCEA award judges).
 - **ACTION ITEM:** none

 - YMF Report Elyssa
 - No report for this month.
 - Discussion:
 - Bobbie Gilmour and Maddie (Seattle University representative) are working on reserving a space at Seattle University for the student presentations in June.
 - YMF has made connections with younger members in Vancouver. They may provide some assistance for them to start a YMF in that area.
 - **ACTION ITEM:** none

ASCE SEATTLE SECTION - BOARD MEETING MINUTES

New Business

- Board position nominations Henry
 - Katie is interested in continuing as Treasurer. Tony is interested in continuing as Branch Director. We still need to hold an election. We will need nominations for Treasurer, Branch, and President-Elect. We need to check out if the Program and H&H chairs are staying on next year.
- Judges needed for LOCEA Henry
 - We've had 12 applications. Eset will organize, she has sent out a request for volunteers.
- March Section meeting (for LOCEA awards) Henry
 - Mark Lamer may be attending. Activities?
 - Previously suggested: Chittendam Locks
 - Others are invited to participate. (Take him to a job site?)
- Firm up Programs for April & June Henry
 - Our April meeting is a joint meeting with SEAW.
 - There has been some communication errors with SEAW and ASCE's Program and H&H in scheduling. These are being worked out.
 - They are still trying to work out a speaker/topic.
- Planning for Student Presentations in May Henry
 - Bobbie is working on this.
- Publicizing ASCE activities and accomplishments. Can we do better? all
- Open Topics all
 - Romulus is going to Olympia to do a presentation to get more national members from WSDOT.
 - Henry is going to the ASCE fly-in conference next month.

Review Action Items

Mari

- Mark has set up a Google calendar. But finding difficulty getting Google calendar to communicate with Outlook, which is the calendar app used most by professionals.
ACTION ITEM: Mark will look into using Constant Contact for this purpose.
- **ACTION ITEM:** Katie would like to follow up on the UW Student's EIN situation. Who do they report their finances to for taxes (ASCE general section or YMF or other)?
 - Perhaps they can get their own EIN through the school.

- **ACTION ITEM:** Homero will look into the Duties and Procedure manual to see what is involved with forming a Membership Committee.
- **ACTION ITEM:** Mike will send Madison an email with an announcement for the RH Thompson scholarship.
- **ACTION ITEM:** Ed will work with SEAW H&H, Spencer (ASCE Program), Shane (ASCE H&H) to organize the April joint meeting with SEAW. We will need to cancel either Hotel Monaco or the Executive Inn (we are double-booked).
- **ACTION ITEM:** ASCE Program Chairs need to set a program for our upcoming June 2020 meeting.

Next meeting is March 18, 2020 4:15 PDT - 5:30 PM PDT at Executive Inn.

Adjourn

Meeting called to a close at 5:38 pm. MOTION to end meeting by Henry. Mark seconds. No discussion. Passed unanimously.

Membership Report

HOMERO FLORES - FEBRUARY 2020

Membership

At the end of January 2020, the Seattle Section and Branches has 2,393 members (Seattle 2,121, North Branch 137, and Kitsap Branch 134, and unaffiliated 1). There are 508 YMF members now. *Figure 1* illustrates the breakout of Seattle Section membership by Section and Branch. *Table 2* shows a breakdown of members per Branch for the past 12 months of available data. *Figure 2* illustrates Seattle Section membership trends since 2010. As you can see, we had a drop of almost 240 members last month looks more like a glitch in the data or analysis. Now it looks like we're steadily growing.

The membership database received from ASCE headquarters had 17 duplicates this month. I suspect that these duplicates are because some members pay dues in a branch and Seattle.

Membership Drive progress

This past month Elyssa and I met to discuss the company champions progress. I drafted the description of what we're looking for and realized that we need to create a membership committee. This is something I want to discuss with the Board. We can try out having Morgan and Elyssa and myself running the committee for the next several months, and being the point of contact for the company champions.

We have a list of 10 companies we want to target. We are asking the boards of the Section and YMF to help us identify ideal candidates at each of these companies.

Finally, this time when I downloaded the membership report from the Society server, I saw some companies included in the member list. I'm inquiring to know more about this. It seems that companies get a discount if they pay for the membership of their employees in bulk, and several national companies have done that for their employees in the area. One local company also did that.

Past Events

- January 15th Membership Meeting (Mt. Vernon)
 - Topic: Deception Pass and Canoe Pass Bridges Repair Project
 - Speaker: Shane Spahr, Project Engineer, WSDOT Mt. Vernon Project Engineering Office
 - Brief Summary: The Deception Pass State Park is the most visited State Park in Washington for good reason. The scenery and surroundings are one of a kind and the structures have a lot of history. Most of the steel on the Deception and Canoe Pass bridges has not seen the light of day for almost 85 years when it was erected in 1935. While the bridges have been painted or had minor repairs through their history, this is the first project since 1935 that will remove all of the old lead-based paint. This project will also replace corroded rivets and steel members with new high strength bolts and steel matching the original design.
