## June President's Column

By Elyssa Dixon

ASCE Seattle Section President

Hello Seattle Section!

I hope you had a wonderful Memorial Day weekend! ASCE has been an invaluable part of building my civil engineering community in Seattle and across the country. The connections I've developed through my involvement developed into friendships, mentors, and invaluable resources. Showing up to events and bringing others to those events is how this community grows. If you haven't been to anything in awhile or you're new to our community, I hope to see you (and a friend or coworker) at our June networking event at Flatstick Pub in Pioneer Square (see link above to register)!

It was wonderful to see so many students at our May Section meeting - the SU and UW Student Chapters shared their amazing work over the past year. We heard presentations from the top groups in the student presentation competition from both
