ASCE SEATTLE SECTION & YMF HOLIDAY PARTY

THURSDAY, DEC 14

LOCATION & DETAILS TBD

December ASCE Seattle Section and YMF Holiday Party

Date: Thursday, December 14

Location: TBD

Now that October has come and gone, we hope you're getting into a festive mood! We know how busy things can get around the holidays, so we encourage you to block off your calendar for Thursday, December 14, for the ASCE Seattle Section and YMF Holiday Party. More details to come!

November President's Column

By Katie Sultani-Wright

ASCE Seattle Section President

Greetings, members!

The end of daylight savings has given us our hour back. I hope you enjoyed your extra hour, perhaps outside in the incredible rain that we have been having. Stormwater engineers, this is your time.

Registration for 2024 Regions 8 and 9 MRLC in Seattle, WA is open!

If you're not familiar with this incredible event, it is an annual ASCE conference focused on networking and leadership development that brings together society members, students, and leaders from ASCE Regions 8 and 9, which include:

- Washington
- Oregon
- Idaho
- Montana
- Nevada
- Utah
- Arizona
- Alaska
- Hawaii

SEFW Fall Forum 2023

Date: Thursday, November 16

Time: 6:00pm

Location: In-Person & Virtual
Benaroya Hall
200 University St
Seattle, WA 98101

Join SEFW for the 13th Annual Fall Forum that will showcase how science, technology, strategy, and art all play a role in the design of performance venues, convention centers, and community facilities. Special attention will be given to Summit, the stunning 1.5 million-square-foot project that nearly doubled the Seattle Convention Center meeting space. The project architect, structural engineer, and owner will share insights to its design and how it epitomizes the concept of "gathering" that will benefit the Seattle area for years to come.

Board of Registration for Professional Engineers & Land Surveyors

Do you know someone who would make a great Board member?

With two retirements this July, the Board has open seats for a professional engineer and land surveyor.

- Must be actively engaged in the practice for at least ten years following registration, five years just before appointment
- Must be a US citizen
- Must be a resident of Washington State for at least the last five years

The Governor's office accepts applications throughout the year and considers all eligible candidates for upcoming vacancies. The application and instructions are on the Governor's website [here](#).

The Governor's office typically reviews applications in May with a decision in June or July. Board members and agency staff do not directly screen applicants. However, they may suggest what experience is needed to keep the Board as diverse as possible.

For questions, please contact Ken Fuller, PE, Director, at ken.fuller@brpels.wa.gov.

Upcoming Committee Meetings

Younger Member Forum (YMF)

Interested in networking events and opportunities with ASCE Seattle's Younger Members? Be sure to [subscribe to the YMF Newsletter here](#) to stay up to date.

Small Project Development Committee

We meet the third Wednesday of every month from 12:00 to 1:30 pm on Teams. If you do single-family or short plats, you should join us. We do round table discussions about projects. For our Nov. 15th meeting, we will be discussing Flood Hazard Certificates. We will talk about when they are requested and how they are filled out.

Email LisaHarbert@outlook.com to be added to email list and/or get a link to our upcoming meeting.

K-12 Volunteer Interest Form

Are you interested in volunteering for K-12 STEM events and interested in inspiring the next generation of engineers?

If you answered **YES**, please fill out the google form to the right if you would like to be updated about future K-12 volunteer events in the Seattle Area. After you fill out this form, you will be notified of K-12 volunteer opportunities in the area. Please know that you are not required to sign up for any event by filling out this form.

Google Form

Please contact Nicki Peden (K-12 Outreach Chair) at k12asce.seattle@gmail.com for any questions, comments or additional information

ASCE Seattle Job Board

Port of Seattle

Senior Manager, Civil Design Services

Posted 10/30/2023

In this role, you will develop, lead, and manage the civil engineering design staff that provide "in-house" engineering and design services for capital projects and facility ownership. You will have a leadership role in a dynamic group of civil, electrical, mechanical, and structural engineers, as well as architects and design technicians.
