

# Civil Project Engineer

*At an engineering firm that values creativity and collaboration  
Preferred 2-10 Years of Total Relevant Experience*

*Seeking a motivated staff member with a NYS PE or EIT Registration for our Saratoga Springs, NY location.*

## About Engineering Ventures

Are you a motivated engineer ready to make an impact? At Engineering Ventures, PC (EV), we're a team of passionate professionals who believe that meaningful, challenging, and collaborative work leads to the best results for our clients, our communities, and our people.

We specialize in creative civil and structural engineering, working on projects that truly matter. These include urban redevelopment, municipal infrastructure, advanced medical facilities, and private development. Our clients include architects, universities, non-profits, developers, and municipalities. We are a values-driven, mission-focused firm committed to enhancing the quality of life in the communities we serve.

## About the Role

We are looking for a self-motivated staff engineer who is ready to learn, grow, and collaborate with like-minded professionals. This role is ideal for someone early in their career or looking to advance, with opportunities for hands-on experience and close collaboration with experienced engineers.

We offer structured mentorship and encourage individual initiative. As your skills grow, you will take on greater responsibility in design, client interaction, and project leadership.

**Salary: \$70,000 – \$120,000 (commensurate with experience)**

## What You'll Do

- Execute civil engineering design from concept through construction
- Collaborate with internal teams and external partners
- Design wet utility and stormwater systems, including hydrologic and hydraulic analysis
- Develop grading, parking, and roadway plans
- Conduct field work and prepare technical reports
- Prepare design plans, specifications, and permit applications
- Participate in project meetings and public hearings as needed
- Create design drawings and exhibits using relevant software
- Support proposal development, change orders, and client communications
- For more experienced applicants: mentor junior staff, review work by others, and help manage project budgets and schedules

## What We're Looking for

- B.S. in Civil Engineering
- 2–10 years of relevant experience (Project Engineer experience is a plus)
- EIT certification or PE license in New York
- Strong communication skills, both written and verbal
- Technical writing proficiency
- Experience with site design, utilities, and permitting

## Civil Project Engineer

*At an engineering firm that values creativity and collaboration  
Preferred 2-10 Years of Total Relevant Experience*

### The Perks

We believe in balance, fun, and giving back. Here's what you can expect:

- Company retreats and summer picnics
- Remote and hybrid work opportunities
- Social events throughout the year
- Monthly company lunches
- Opportunities for community service and outreach

### The Benefits

We take care of our people with:

- Generous health and dental plans with employer contributions
- 401(k) with employer match
- Life, short-term, and long-term disability insurance
- 12 weeks of Paid Family Medical Leave through New York State
- Company Bonus Program
- Paid overtime
- Paid time off
- Employee referral bonus
- Reimbursement for professional fees and licenses

At EV, we are not just building projects. We are building a workplace where engineers can thrive. If you are ready to launch or accelerate your career in a supportive and engaging environment, we would love to hear from you.

If we've piqued your interest, please email your resume and cover letter to Teigue Linch at [teiguel@engineeringventures.com](mailto:teiguel@engineeringventures.com).
